LOTS OF MACHINERY

Bestland's Mines are Now Equipped With 160 Power Drills.

MORE PLANTS ORDERED

In Another Year Kootenay's Machinery Equipment Will Be Unequaled Except by the Rand-Monster Diamond Drill Plant in Prospect.

It is almost impossible to keep pace with the orders for machinery in the Rossland camp. We now have a capacity of 160 rock drills within a radius of three miles of Rossland. These drills are operated by compressed air. One year ago there were but two drills in the whole camp. The Le Roi had a seven-drill compressor in operation and the War Eagle had a temporary three-drill plant.

We have grown from 10 drills to 160 in a single year. We are now using more rock drills than the entire Comd'Alene district of Idaho. Orders are already placed for a half dozen new compressor plants to be delivered within the next three months. In less time than that we shall have 200 drills in operation.

The Le Roi, Kootenay and Columbia, and War Eagle compressors are the largest ever built for any mining camp in Canada. The Le Roi's new plant is of 40-horse capacity and it already has a seven-drill plant in operation. The Columbia and Kootenay plant has 30-horse capacity, the War Eagle plant 20-horse capacity. The Le Roi's new plant is of 40-horse capacity and it already has a seven-drill plant in operation. The Columbia and Kootenay plant has 30-horse capacity, the War Eagle plant 20-horse capacity.

Negotiations are now pending for the largest and most complete diamond drill plant ever erected on the continent. These negotiations have gone so far that specifications have been prepared and bids asked for the equipment. In enumerating machinery plants we have made no mention of steam hoists or pumps, several of which are now in operation while others are in for many more. We do not offer any predictions for the next twelve months, but it is safe to say that in the amount of machinery used Kootenay will soon rank with the Rand of South Africa.

THE KEYSTONE MINE.

A Famous Montana Free Milling Property Owned by Rossland Men.

Almost exactly on the boundary line between the states of Idaho and Montana and just 15 miles south of the international boundary line is the Keystone mine. It is just 16 miles from the Great Northern railroad at Leonia, Idaho, and is owned principally by Finch & Clark of the War Eagle mine. The mine has been equipped with a 10-stamp mill which has now been running for several weeks. It is opened by a shaft and descent tunnel to a vertical depth of 100 feet, giving a depth of 170 feet on the dip of the vein. So far as explored the vein has been proved to have an average width of 12 feet, varying from one to 30 feet. The mill runs so far made show an average value of \$2 per ton, the ore being perfectly free milling.

The first issue of the DAILY MINER will be on the morning of December 1. Leave your name and address at our office if you want it delivered to you. The subscription price is only \$1 a month.

The Buffalo Gold Mining Co.

Trail Creek, British Columbia.

Comprising Three Full Claims

Buffalo, Ontario, Great Britain No. 1.

Capitalization 1,000,000 Shares.

Par Value \$1.00 Each. Stock Fully Paid and Non-Assessable.

INCORPORATED UNDER THE LAWS OF THE PROVINCE OF BRITISH COLUMBIA, COMPANIES ACT, 1890, AND AMENDING ACTS.

Main Office, Rossland.

Mine, O. K. Mountain, Rossland.

OFFICERS.

D. CAMPBELL, M. D., PRESIDENT. O. M. CARPENTER, TREASURER.

W. J. MERRYWEATHER, VICE-PRESIDENT. A. M. WHITESIDE, SECRETARY.

The Buffalo Gold Mining Company have acquired and paid for in full three claims. The Buffalo, Ontario and Great Britain No. 1, each 1,500 feet square, are situated on O. K. Mountain, about three-quarters of a mile from the famous O. K. the great free milling property of Trail Creek, and about three miles from the town of Rossland. On the Buffalo claim there are two leads—one of quartz from four to fifteen feet wide, and cropping for 800 feet, from the surface of which assays have been taken running from \$3 to \$12 in gold per ton. The other is an immense iron cap nearly 30 feet wide.

On the Ontario only prospecting work has been done, consisting of stripping a fine ledge which crops out through the clear quartz lead running through the property from which free gold has been obtained. This is confidently expected to prove up well when further work has been done.

The Red Mountain Railroad will run about a mile from these claims, making cheap transportation a great factor in the development.

Taking everything into consideration, having three full claims, the numerous ledges (especially the free milling ledge), cheap transportation, the stock in this company should prove a paying investment and well worthy of your attention.

Four men are now working and more will be added to keep up quick and continuous development.

A limited number of shares of the treasury stock will be placed on the market at the remarkably low price of 5 cents, and no more will be sold at this price after the first issue.

THE REDDIN-JACKSON CO., Ltd.

Brokers, Rossland.

G. A. Pounder, Pres. M. O. Tibbits, Sec'y.

The Silver Bell Mining Company.

Assays from surface ore: \$44.35, \$42.96, \$42.29, \$53.90, \$52.30, \$51.90, \$85.26. On October 26 average sample assay \$103.14.

Situated two miles from Rossland, B. C., has good shipping facilities and all other conditions favorable for a paying mine.

Price on first block of Treasury Stock now 7 1/2 cents per share, subject to raise without notice. Order from main office, Rossland, B. C.

(Note.—Before purchasing Rossland residents and visitors are invited to call at the company's office and a representative will gladly show them the property).

The Silver Bell Mining Company,

Rossland, B. C.

QUEEN'S HOTEL

McGAW & WINNETT, Proprietors.

One of the largest and most comfortable hotels in the Dominion of Canada, being adjacent to the lake, commands a splendid view of Toronto Bay and Lake Ontario. It is well known as one of the coolest houses in summer in Canada, and is elegantly furnished throughout. Rooms en suite with bath rooms attached on every floor.

THE QUEEN'S has been liberally patronized by royalty and nobility during their visits to Toronto, and among those who have honored it with their patronage are: His Imperial Highness the Grand Duke Alexis of Russia; Their Royal Highnesses Prince Leopold, Prince George, Princess Louise and the Duke and Duchess of Connaught; the Marquis of Lorne, the Earl and Countess of Dufferin, the Marquis and Marchioness of Lansdowne, Lord and Lady Stanley of Preston, the Earl and Countess of Aberdeen and the best families.
