DAYS OF CHEAP WHEAT AND BREAD ARE OVER

French Consumers Are Paying a Cent

Paris, April 16-The Patten wheat

still on hand sufficient to last to th next harvest. Its price, as well as the price of wheat for future delivery. must be raised on account of the spee ulation in Chicago and other American centres, or, as M. Bachollier president of the Bakers' syndicate. said, England, Belgium, Germany and other surrounding countries rapidly would drain France of its supply possible opportunity. forcing it to buy in the United State or Argentina at still higher price than the French now have to pa The bakers, consequently, had to rais the price of bread whether they wish ed to or not, but he did not believe th situation would last long. M. Back ollier added that the millers expec new wheat in July, and the crop give signs of being one of the largest recent years.

May or May Not Affect France. If this proves the case, the specul: tive campaign in America will prov to be without much result in France If not, then the population will have lands of Canada and Australia is encouraged in all possible ways, cheap bread for the masses will soon be

Flour \$3.75 Per 100 Pounds. Minneapolis, Minn., April 16-Her in Minneapolis, the centre of the flor world, the big millers are saying to day that the days of cheap whea flour and bread are passed With th wheat market wavering about \$1.25 the price of flour at wholesame mains unchanged in Minneapolis day after 30c a barrel advance sin Tuesday. The wholesale price of flor in carload lots is from \$6.30 to \$6.47 per barrelt This means that the housewife has to pay \$3.75 per 109 who buy a 25-pound sack at a tim in Thursday's wheat market has ha no effect on flour. Many grocers to

vance per 100 pounds from Thursday figure of \$3.55. Cheap Bread Thing of Past. "The days of cheap wheat, chea flour and chea pbread are over," sai C. Loring, receiver for the Pills bury-Washburn Flour Mills compan "The present condition of wheat is not alone the result of Jas A. Pattens speculation in wheat, or short crop. Back of this there is tremendous increase in population and the consumption of bread. The solu tion of the problem goes back t the soil, to the farmer. The poor ma today cannot afford to pay the price now has to pay for bread, and is to the farmer he must look for th solution of the problem. The universal gated lands of the west are alread; becoming a strong factor in fixing the price of commodities, with their proaction of 35, 45, and 50 bushels t

Mr. Loring declined to predict th immediate future of the flour market "It will follow the price of wheat, said, "and that it is impossible t

Pittsburg Got a Tip. Pittsburg, Pa., April 16-About 3 000,000 persons who drew their supply of bread from the great bakeries Pittsburg were today made to rest more easily when assured by the bread makers that no matter how far the wheat men in Chicago would go i ornering grain that it would not difference in the price o bread in Pittsburg, at least not for six weeks. The whole secret is that the bread kings of Pittsburg early last December got a tip that there would they at once bought heavily but quiet of wheat, taking in all enough them six months. The price at that time was higher than some of be bread men liked, but the source and they bought very heavily. Ther was great grumbling on the part the Pittsburg banks at such a larg amount of money getting out city through the purchase of flour ic six months' supply, but the same bread consumers that the flour was
