ne lecture was given under the ices of the Daughters of Emand is the last of the series for season. But though last it was no means the least in point of in-

introducing the lecturer, the Hon. larvey paid a warm tribute to Mr. ticles which had appeared in the ning Telegram during the fishery ute with America, as the most able contribution on that topic ch had ever appeared in the local s. The lecturer then took up the ad of his subject, and for an hour a quarter held the attention of audience. At best all historical eets are regarded as dry reading, Dr. Lloyd has the happy gift of ting such topics in a manner that fails to hold the attention of the nce. He told how English Kings and are now selected, the posiof the Crown in the old days and resent in regard to the raising of nue, law making, and law admintion. He traced the rise and deof the Theory of the Divine ht of Kings, and the growth of Parentary Government. He drew a p contrast between the days of ty years ago, when Parliament lies and to-day when democracy inates parliament, and showed as the sway of democracy inased, the respect for and loyalty to Crown had increased. In 1830 the nier, the Duke of Wellington, kept King out of his own capital, fearhis life was not safe. To-day, in days of democracy, the King is aimed by thronging thousands n he visits his capital. He also g Edward's personality had done ministers, ambassadors and prools had failed to do, bringing about understanding with France which made the settlement of the inated his points with telling cdotes and the whole subject was ated in a fascinating manner. A m tribute was paid to the late en Victoria, King Edward and our acter that could not fail to ribute to the greater glory of the ire and the general peace of the ld. The Daily News says of the
