Session of the I.O.F. Grand Lodge.

Exploits Lodge, No. 2, I. O. O. F., Grand Falls, was represented at the recent session of the Grand Lodge, held at Charlottetown, Prince Edward Island, by D. D. G. M., L. R. Cooper.

The session was very largely attended by representatives of both Odd Fellows and Rebekah Lodges, Grand Falls being also represented at the Rebekah Assembly by Mrs. Wingrove and Mrs. Chamberlain.

A large amount of business was conducted during the two days that the Grand Lodge was in session. One especially notable feature was the resolution to vote \$1,500.00 from the funds of the Grand Lodge for the purpose of providing a Motor Ambulance for the use of the Canadian troops. This resolution was passed unanimously, amidst a scene of the greatest enthusiasm.

The representatives were the recipients of the greatest kindness from the members of the Order in Charlottetown, and also from the inhabitants of the City, a series of entertainments and attractions being provided, in addition to the more serious work.

Brother Cooper, of Exploits Lodge, No. 2, was appointed Grand Master Belyea at Grand Falls of the Grand Lodge, an honour very greatly appreciated, as this is the first occasion on which a Newfoundland representative has been made an Officer of the Grand Lodge.

Oddfellowship is progressing steadily in the jurisdiction of the Maritime Provinces.

The Hiawatha Disaster.

Capt. Clarke and seaman James Saunders and William Hooper, who were killed on board the schooner Hiawatha, at Halifax, following an explosion of oil and gasoline, as mentioned in the public despatch, belonged to the S. W. Coast. The two former lived at Burin and seaman Hooper belonged to Frenchman's Cove, near Garnish. Capt. Clarke was a son of the late Mr. Henry Clarke, of Burin, North. He was 40 years of age, married, and from boyhood followed up the sea. Only a few years ago his brother was killed by the bell of the C. E. Church at Burin falling on him. Seaman Saunders and Hooper were aged 26 and 21, respectively, and single. The other three members of the crew, Mate Hussey, Cook Fairwell and Seaman Kirby also hail from Burin. Fairwell and Kirby are in hospital at Halifax badly burnt. Hussey who escaped unhurt, is a son of Light Keeper S. Hussey, at Dodding Point. Fairwell is a married man about 60 years of age. Kirby is a son of Mr. George Kirby, who holds a Royal Humane Medal for pluckily rescuing from drowning a companion named Parsons some years ago. The tragic event has cast a gloom over Burin and the relatives of the victims will have the sympathy of the whole island in their bereavement.

At the City Hall.

The weekly session of the Municipal Board was held last night, Chairman Gosling presided and the others present were: Ayre, McNamara, Bradshaw, Mullaly, McGrath, Morris, Anderson and Withers.

Tenders for hay for the sanitary stables were asked for. If any reduction was to be made in the tax on coal to Companies, they wished to be included, wrote A. J. Harvey and Co.

Permission was granted Mr. A. Harvey to plant shade trees near his residence.

P. Dunn's request for compensation for his horse, which had been held in street, was referred to the Solicitor for report.

A light was asked for by the residents of Masse Street, deferred.

J. Murphy, Flower Hill, applied for water and sewerage under the small houses Act.

S. C. Williams, South Side, asked if Council intended to repair steps to Harvey's property. Road Inspector will report on it.

Regarding the breaking of plate glass window by council employees, as complained of by Mr. Ellis, Inspector Donnelly reported that the foreman of street work had no knowledge of the matter.

Mr. Mullaly asked that the decision of the Board be rescinded and that Mr. Moore, who had purchased a piece of land on Warberry Street, be permitted to build. Mr. Gosling thought it unwise for any person to buy land for building purposes, without acquainting the city authorities, and requested that permission could not be granted.

After passing pay rolls, etc., the meeting closed.

Eggs By The Million.

750,000 Wanted Every Week.

Four thousand new-laid eggs an hour! That is the quantity needed for invalid soldiers in the hospitals at home and in France, and to supply this demand has been the task of the National Egg Collection for the wounded, one of the most useful and energetic war organizations which has yet been founded. "I cannot think," says Queen Alexandra, who has become a patron of the organization, "of any more valued boon to our sick and wounded in hospital than a generous supply of new-laid eggs."

"The collection," the T. B. man was told, "is now being called upon for supplies for the hospitals at Malta and Egypt, to meet the needs of the wounded from the Dardanelles, and it is absolutely essential that the regular weekly supply should not fall below 750,000."

Little Luxuries for Our Men.

Altogether, 7,000,000 eggs have been collected and dispatched, as required, since the movement started, and at the present moment over 5,000 people are engaged throughout the country collecting eggs for the wounded. Tiny children have come forward with their contributions, as well as the poultry farmer with his huge consignments. Depots have been established all over the country, the central depot being in London, at Messrs. Harrods, Ltd., Trevor Square, Knightsbridge; S. W., to which eggs may be sent direct, or they may be dispatched to the nearest collecting depots, a full list of which can be had on application to the National Egg Collection, 154 Fleet Street, E.C. There are no expenses, egg boxes being sent free to applicants and all transit paid.

One of the most energetic workers in connection with this movement is Lady Monson, who told the writer how, in one case, a woman whose husband and son have both enlisted has promised four eggs a week regularly until the end of the war. "Every single egg is welcome," says her ladyship, "for it means a little luxury for guarding our homes and our country the men who suffer through safe from the German hordes."
