ADDITIONAL FACTORIES.

LONDON, Jan. 5. The Minister of Munitions, David Lloyd George, announced yesterday that 236 additional establishments had been enrolled under the control of the Ministry since Jan. 1st. This makes a total of 2,422 controlled establishments.

COMPULSORY MILITARY SERVICE BILL INTRODUCED.

LONDON, Jan. 5. The Bill providing for compulsory military service, was introduced in the House of Commons to-day by Premier Asquith. The largest number of Ministers since the war began faced the Premier. Many members had obtained leave to return from the front so that they might be able to vote on the compulsory bill. The Earl of Derby, who conducted the recruiting campaign, was in the front gallery.

THE ISSUE OF CAMPAIGN DEPENDS UPON LABOR.

LONDON, Jan. 5. (Delayed.)—The House of Commons to-day passed a bill designed to facilitate the output of munitions. The bill is in the form of an amendment to the Munitions Act. In appealing for the passage of the measure, David Lloyd George, Minister of Munitions, said: "I hope the Commons will not render more difficult the task of the turning out of munitions, a task more serious than I dare tell. Everything depends upon it, the length of the war depends upon whether we turn out munitions in sufficient quantities to bring the campaign to an end this year. That does not depend upon the soldiers, who have done their task heroically; it depends entirely upon—I say it in all solemnity—the workmen of this country doing what the workmen of France have done, frankly setting aside conditions, throwing themselves into the work and sticking to their workshops unless they do that I cannot tell what the result may be; but I can tell what the result will be if they do so. They, and they alone, will achieve victory for this Empire and the human race, and will reflect credit upon the labor movement."

IN THE WEST.

BERLIN, Jan. 5. (By wireless to Sayville.)—Fighting with artillery and mines at several points of the Franco-Belgian front, is reported in the War Office statement of to-day.

PERSIA'S SURVIVORS REACH ALEXANDRIA.

LONDON, Jan. 4. (Delayed.)—The survivors of the British steamer Persia, which was torpedoed in the Mediterranean last Thursday, reached Alexandria, Egypt, according to the account sent out by Reuters' correspondent at that point, bearing the traces of shock and hardship. Most of them had badly bruised and bandaged bodies. One woman is in hospital with a broken leg. The tragedy was enacted so rapidly that the survivors had hardly realized what had happened, consequently they had little to tell. The passengers were sitting quietly at luncheon, everyone in good humour and an atmosphere of gaiety prevailed. Five minutes later those who escaped were in boats or clinging to wreckage, and the liner was completely gone. Luncheon had just been started when there came a terrific explosion. The liner trembled violently and listed sharply to port. Only those who left their seats in a hurry and those who had not yet come down to the dining-room saloon had any chance to escape. Many seemed paralysed with fear, and as if glued to their seats. Their indecision was fatal. As the water poured in and the list increased, some of those who gained the deck lost their footing and slipped immediately into the sea, while others were swept away by waves. It was possible to launch boats only on one side of the ship, and only the prompt action of the officers and crew enabled them to launch the boats. There were no signs of panic, and

BOMBARDMENT OF SALONIKA.

ATHENS, via Paris, Jan. 4. Prince Andrew, of Greece, brother of King Constantine, in an interview to-day, described the aerial bombardment of the allied camp at Zelenik, on the outskirts of Salonika on Dec. 3rd. The bombardment was applied to by the fleets anchored in the roads of Salonika, said the Prince, and was one of the most extraordinary sights imaginable. I was riding back from the morning's work with my regiment, about 10.30, when I was started by a deafening explosion some 300 yards away. A great cloud of black smoke arose, followed sharply by three more explosions at regular intervals. Then came the familiar rocket-like sound of a shell passing through the air, evidently fired by one of the warships in the harbor. Naturally my first thought was, that for some reason the fleet was bombarding Salonika, therefore I rode straight to the nearest British post, which happened to be a hospital not far from the Greek camp. Why are you bombarding the city? I asked the officers, and then for the first time I looked up and saw three machines fully 3,000 feet high, flying in a line from the northeast, and turning just near the harbor toward the northeast in which direction they finally disappeared. The bombs dropped with the greatest precision one after another, killing and wounding a number of the Allies' soldiers, but not touching the city. Meanwhile the firing of the fleet grew thunderous. It was impossible to hear yourself, or think, in a short time it became evident that the fire from the fleet was more dangerous than the bombs from the aeroplanes, as some of the shells aimed wild, whistled directly over the towns, one narrowly missing Major Metaxas and a group of Greek cavalry returning from exercise. Pieces of spent shells began to drop with frightful velocity, one even piercing two floors of a tram station, and burying itself in the ground cellar. The population, not understanding what it was all about, were very greatly excited. Toward noon four aeroplanes arrived following exactly the same course as the others, though flying lower. The black Maitese crosses were distinctly visible on the wings of one. My wife and I watched its flight from the balcony of our house.

THE XMAS SEASON seems to have been enjoyed to the full extent by young and old, and King Alcohol has kept himself very snug.

The annual parade of the L. O. Association and Y. B. Association took place on Saturday. Although the day was frosty, a large number turned out to the parade. The Orange Young Britons' brass band discoursed some lively music on the line of march. The band was not at its best, as some of the pieces became frozen, and the players had to visit some houses to have "Jack Frost's" grip removed. After attending Divine Service at St. Stephen's Church, where the Rev. J. Parsons preached an instructive sermon to them, the Societies paraded through the settlement to their respective halls. Hot dinners were provided for those inclined to partake of the same. After the march for dinner, at about 7.30 the band marched to the Burnett Hall. As this is the first time this band has paraded at an annual march, and as the frost did not give the players a good chance, the players decided to entertain the people at night in a hall from which "Jack Frost" would be excluded. For about an hour and a half the band entertained the people assembled at Burnett Hall. The band next proceeded to Glover Hall, and entertained those gathered there. Considering the short time this band has been in being, and considering that two of last year's players have volunteered for active service with the Mtd. Regiment, the effort on New Year's Day was considered good. The most of the members of this band are scattered during the summer months—one being in St. John's on New Year's Day—and consequently the time for practice is limited. It is a great pity that lads like these do not get more encouragement from the older folks.

After attending Divine Service at St. Stephen's Church, where the Rev. J. Parsons preached an instructive sermon to them, the Societies paraded through the settlement to their respective halls. Hot dinners were provided for those inclined to partake of the same. After the march for dinner, at about 7.30 the band marched to the Burnett Hall. As this is the first time this band has paraded at an annual march, and as the frost did not give the players a good chance, the players decided to entertain the people at night in a hall from which "Jack Frost" would be excluded. For about an hour and a half the band entertained the people assembled at Burnett Hall. The band next proceeded to Glover Hall, and entertained those gathered there. Considering the short time this band has been in being, and considering that two of last year's players have volunteered for active service with the Mtd. Regiment, the effort on New Year's Day was considered good. The most of the members of this band are scattered during the summer months—one being in St. John's on New Year's Day—and consequently the time for practice is limited. It is a great pity that lads like these do not get more encouragement from the older folks.

THE XMAS SEASON seems to have been enjoyed to the full extent by young and old, and King Alcohol has kept himself very snug.

The annual parade of the L. O. Association and Y. B. Association took place on Saturday. Although the day was frosty, a large number turned out to the parade. The Orange Young Britons' brass band discoursed some lively music on the line of march. The band was not at its best, as some of the pieces became frozen, and the players had to visit some houses to have "Jack Frost's" grip removed.
