GOOD EVENING!

FISHERMEN OF NEWFOUNDLAND!

Motor Boats.—The first motor boat was shown at the Paris Exhibition of 1889, being fitted with the petrol motor invented by Daimler. The Fishery Board of Scotland is demonstrating the value of the motor boat to the fishing industry; the National Lifeboat Institution is experimenting with various types of motors in connection with its boats. At the exhibitions in London and Paris in 1905 and right on to the present time, fishermen in Scotland and Newfoundland continue to give evidence of the popularity of the motor boat for fishing purposes.

Like the motor power of a fisherman's boat THE GRAND COLISEUM is fast becoming a power appreciated among the buying public for all kinds of Hostelry, Gloves and Lovely Sweaters. Workmen, Fishermen and all classes of the public are cordially invited to give us a call.

ADVERTISE IN THE EVENING TELEGRAM.

WHAT DO YOU WANT?

\$10.00 a week, or \$12.50, or \$15.00 or more—just whatever amount you need, we will pay you, every week you are ill or injured, commencing the first day of disability and only finishing when you are completely cured.

The cost is so little that any one week of disability pays you back all that you pay in for six months. For example, \$25.00 per week only costs \$25.00 for six months and carries \$5,000 of principal sum.

Right Now, while you are well and uninjured why not ask us to completely protect you?

We have been paying claims for 36 years.
