James Cowan, the Unionist candidate  
in the North Ontario by-election, died  
suddenly Tuesday afternoon near Bear  
at Beaverton Tuesday night, but the  
announcement of his death, and the can-  
cellation of the meeting came at the  
at the same time.

**CRINAN**  
The death occurred at his home at  
Crinan on Wednesday of Duncan Mc-  
Callum, after an illness of two weeks,  
aged 46 years. He was a native of  
Argyleshire, Scotland, and came to  
this district about 37 years ago, and  
resided here since, being a very highly  
respected farmer. He was unmarried,  
and a member of the Presbyterian  
church here, in which he was an active  
worker. The funeral was held from  
the family residence on Friday at the  
Simpson cemetery, Rev. A. L. Carr  
officiating.

**COWAL**  
The elections are over and the Far-  
mers' Club here is jubilant over the  
result.

Mrs. Arch. McLachlin, who is 95 years  
of age, recorded her vote on Monday,  
which is rather an unusual event for a  
person her age.

From now on candidates will be heard  
in Chalmers' church for a settled min-  
ister. As this is a desirable charge we  
are looking for an early settlement.

Miss Alda McCallum has returned  
after spending a week with friends in  
Kintyre.

Mrs. Donald McCallum and daughter,  
Maggie, spent last week with Mrs. Harry  
Ashby, near Chatham.

**WALLACETOWN**  
Duncan J. McColl, of Jackson, Mich.,  
is visiting friends in and around Wal-  
lacetown.

Mrs. E. H. Young, of Alberta, is visit-  
ing her brother, Mac. McColl.

Samuel Small has entered Queen's  
University to take a course in Practical  
Science.

Dr. and Mrs. Crane spent Sunday  
with her mother in town.

The regular meeting of the Women's  
Institute will be held on Thursday  
afternoon, Nov. 6, in the town hall,  
when the following program will be  
given: Paper, "Taste and Modesty in  
Dress," Mrs. Ed. Small; reading, Mrs.  
Brown; music, Mrs. B. E. Sifton;  
"Our Government," Mrs. S. Backus; roll  
call, current events.

The Women's Institute of Middle-  
town have kindly invited the Wallace-  
town Women's Institute to visit them  
on Wednesday afternoon, Nov. 5.

Mr. and Mrs. Kelley and children, of  
Toronto, have returned after spending  
the past two weeks with Mr. and Mrs.  
Robt. Ford.

Robert Forbes left to spend the winter  
with his daughters at Gables.

Mr. and Mrs. George McKee have re-  
turned from an extended visit to Van-  
couver.

Mrs. Cotter and children and Miss  
Isabel Messmore, of Detroit, were the  
guests of Mrs. James Lynch last week.

**IONA STATION**  
Miss Isabel Patterson, who has been ill  
with tonsillitis, is recovering.

Mr. and Mrs. J. C. Gray spent Sunday  
at New Glasgow.

J. A. Patterson, of London, is recovering  
from a severe attack of pleurisy at his  
former home here.

Mr. and Mrs. L. Evans and Mr. and  
Mrs. W. J. Evans spent Sunday with  
friends in North Yarmouth.

**AGENT FOR DRUG RING ARRESTED**

Detroit, Mich., Oct. 17.—The  
secret arrest of Fred. O'Day, of  
Montreal, several days ago by the  
city police was revealed today  
when O'Day was arraigned in the  
Federal court on a charge of deal-  
ing in illicit drugs.

O'Day is said to be a leader of and  
Detroit agent for a gigantic drug  
ring, disposing of approximately  
\$96,000 worth of drugs in Detroit  
every week. Five thousand dollars  
worth of drugs were taken with  
him. He was taken in his rooms in  
a Charlotte avenue apartment.

His arrest led to that of Aaron  
Loewry, 608 Cass avenue, and the  
confiscating of \$70,000 worth of  
drugs. O'Day was held on \$30,000  
bond by U.S. Commissioner Heard.

**Who Should Plant an Apple Orchard.**

The apple growing industry of the  
future in Ontario will be developed  
by men who like the work, and who  
have the perseverance and intelli-  
gence to meet the problems encoun-  
tered. The necessary practice and  
experience can be acquired as one  
goes along, and the difficulties of fin-  
ancing the business can be overcome  
by starting in a small way, or by  
putting one's time on other crops  
while the orchard is growing. The  
men who should not undertake apple  
growing are those who do not like the  
work, and those who from lack of  
experience and knowledge expect to  
find in it phenomenal profits. The  
apple industry offers perhaps as good  
opportunities for profit as are to be  
found in any other line of agricul-  
ture or horticulture, but is at the  
same time no more profitable, on an  
average, than any other well-manag-  
ed business; neither should encour-  
agement be offered to land specula-  
tors, many of whom in the past put  
out misleading information as to pro-  
fits to be made. The success of the  
industry will depend on, 1st, the  
man; 2nd, his local and farm con-  
dition. A man who understands  
orchard work and has a liking for it  
can make a success of apple orchard-  
ing as a side-line in general farming,  
in stock farming, or in dairying, al-  
though it may be pointed out that  
many dairy farmers find it does not  
pay to neglect their herds in order  
to care for an orchard. Orchards be-  
low five acres in size are likely to  
receive very little attention on most  
farms, and farmers who wish to de-  
velop apple orchards as a profitable  
side-line should plant not less than  
ten acres if possible. Orchards rang-  
ing in size from ten to twenty-five  
acres can be conducted as profitable  
side-lines on many farms.

The commercial apple growing in-  
dustry is developing along two lines.  
There are now to be found quite a  
number of orchards ranging in size  
from forty acres up to one hundred  
and twenty-five, or larger. These con-  
stitute highly specialized businesses  
and are sound economic propositions  
provided one is so situated as to  
have the extra labor required for  
picking time. The chief difficulty  
with an orchard of this class is that  
a great deal of help is required at  
certain periods of the year, while at  
other periods there is little or no  
work to be done. The problem, there-  
fore, becomes one of adjusting apple  
orcharding to other lines of produc-  
tion, so as to equalize the distribu-  
tion of labor throughout the year. It  
would appear that an excellent sys-  
tem of diversification could be worked  
out by using strawberries, rasp-  
berries, currants and gooseberries  
along with apples or other tree fruits,  
excepting cherries. Cherries conflict  
in picking season with the small  
fruits, but can be handled along  
with apples unless strawberries and  
raspberries are preferred.—Prof.  
J. W. Crow, O. A. College, Guelph.

Three clergymen—each representing  
one of the groups in the new House—  
were elected; J. C. Tolmie, Liberal; C.  
H. Backlund, Conservative, and J. C.  
Watson, Farmer.
