NEW YORK STOCK MARKET. H. C. Becher, broker, Bank of Commerce Building, received the following by private wire from Bartlett, Frazier

& Co., today: & Co., today:

New York, June 2.—The feature of the market has been the heavy selling by Canadian houses of Canadian Pacific, Soo, common and preferred, and Twin City. The liquidation had all the earmarks of being forced, and in Twin City there was no support to speak of until the stock had broken 7 points from last night's close. The selling became decidedly heavy towards noon, and was accompanied by rumors of a failure in Toronto and trouble in Montreal. The rest of the market showed a great deal of rest of the market showed a great deal of strength, considering the weakness in the Canadian stocks. Keen brokers were the buyers, especially of Union Pacific and St. Paul. The traders were the principal buyers, there being practically no outside business worth mentioning. Rock Island acted rather better than for some time past, the specialists reporting that there were few selling orders on their books.

Money was in fair to good demand.

There was renewed calling of loans by banks. Sales to noon, 254,000 shares.

Note,—The failure referred to above is Ames & Co., of Toronto, who suspended
