Alberta's Premier Expects to See

Toronto, Sept. 10. - "The country west of the lakes will, I think you will 300 find, give the present Government 3 25 as large a majority as it gave in 3 65 the present Parliament." This was 3 25 the summing up of the political situation in the west given by the Hon. A C. Rutherford, Premier of Alberta, who is in Toronto on a short visit. Mr. Rutherford added that he could

see no reason, so far as his knowledge of the western provinces went, for any 4 00 foundation to the pretensions of the 3 25 Conservative press that Sir Wilfrid Laurier would meet with defeat west of the lakes.

"We Liberals in Alberta," he added, "hope to send a solid contingent to Ottawa, and if the last provincial election can be taken as a basis we shall the Liberals in Manitoba after the next Dominion election will stand pretty much where they are now.

"I notice that Premier Roblin of Manitoba has stated that in the west Dominion Government officials have been taking an active part in elections. As a matter of fact in regard to the Saskatchewan election, and I suppose Mr. Roblin was alluding to that contest, the Opposition press have not made a word of complaint about Dominion Government officials taking part AT STAG ISLAND in the elections, and they have made very little complaint about the elections at all."

Speaking of the recent trip through the west of Mr. H. B. Ames, M. P., Mr. Rutherford said that the Montreal member's campaign had accomplished nothing so far as the interests of his party were concerned, for he had proved nothing.
