## **NEWBRO'S** HERPICIDE

The discovery of the dandruff germ as the cause of all hair troubles is not a recent event. Prof. Unna gave the germ theory to the world in 1887, and two years later Sebouraud by his experiments with a rabbit proved beyond a doubt the actual existence of this germ.

On the heels of this establishment of the germ theory came the discovery of Newbro's Herpicide. This was the first and only remedy for the destruction of the dandruff germ.

There have been other preparations alleged to kill this germ, stop falling hair and itching of the scalp. But Newbro's Herpicide really does these things. For this reason it has long been known as the Original Remedy, and the only one that is genuine.

Don't be fooled by preparations which are trading upon the marvellous success of Herpicide. Remember, you take no chances with Newbro's Herpicide. It is absolutely guaranteed.

### ROOSEVELT'S PLEA FOR LEAGUE OF PEACE

Was Suggested By the King of Italy-Uttered at Christiania.

London, Aug. 27.—The Daily News today publishes a communication stating that the origin of Col. Theodore Roosevelt's famous suggestion for an European peace league, made at Christiania during his recent tour of Europe, was a memorandum prepared on the subject by the King of Italy, which the King asked Col. Roosevelt to convey to Emperor Wil-

liam of Germany.

It was before the Nobel prize committee at Christiania in his address on 'International Peace" that Col. Roosevelt made his plea for a league of

"It would be a master stroke," he stated, "if those great powers honestly bent on peace would form a league of peace, not only to keep the peace among themselves, but to prevent, by force, if necessary, it being broken by others."

Roosevelt Says It Is Uncivilized To Dump Filth in the Lakes.

Buffalo, N. Y., Aug. 27.-Ex-President Roosevelt, the guest at breakfast today of the Ellicott Club, made good use of the fifteen minutes available for his remarks. He first dwelt upon a subject of particular local interest -the necessity of preserving unpolluted "the wonderful fresh water supply of the great lakes."

"We claim to be a civilized people," he said. "As such we ought to be able to dispose of our sewage without putting it into our drinking water." He pledged himself to help all sin-

cere citizens to fight crookedness wherever it is found. He made a plea for the punishment of crooked and grafting public officials and the election of honest ones in their places, a process of gradually but permanently his duty to hunt out crooks, and especially crooks in his own party.

Rev. Dr. Griffin was opposed to the union on the ground that it would interfere with the existence of the superannuation fund. He would defy any man to show wherein the Presbyterians had surrendered anything in the doctrinal things.

Rev. J. W. Cooley, secretary of the committee, in reply thereto, said that he guaranteed that under the proposed union the fund would not be inadequate.
