I. O. O. F., will picnic at Springbank
on Wednesday evening, and they have
invited Chorazin Lodge to join them
there and partake of their hospitality.
Aylmer Old Boys.—Monday's pro-
gram at the reunion of the Aylmer Old
Boys will be in charge of the London
contingent. A special program has
been prepared, containing many fea-
ture events. The prize list is large and
many entries have been received. The
Seventh Regiment band will accompany
the Old Boys on a special train on the
Pere Marquette at 9 o'clock, returning
before midnight. The officials in
charge of the program are: President,
J. T. May, George H. O'Neill, H. H. Mc-
Call, T. G. Dockstader, Gerald Ingram,
and several other former residents of
Aylmer.

Pastor Entertains.—Rev. J. H.
Boyd gave a lawn party to the young
people of the church on the church
lawn on Monday evening. A large
number gathered and an excellent pro-
gram was provided by Miss Newbury
and one of her pupils in elocution.
Piano solos were rendered by Mrs.
Arthur Brown, Mr. John Wilson, Mr.
Charles Maynard, and Mr. Robert
Down. Messrs. E. Wagner and Charles
Maynard sang a duet that was well re-
ceived. Refreshments were provided by
the pastor of the church.

Teachers Entertained.—The teachers
in training at the barracks were the
guests of the Colborne Street Metho-
dist Epworth League on Monday
evening. An excellent program was
provided by the league, and the teach-
ers rendered several choruses. The
numbers by the Forest City Quartette
and the instrumental number by Mr.
Yeates were features of the program.
Addresses were delivered by Messrs.
Leppard, Kirkwood, Halliday and Mc-
Donald, of the Ontario Agricultural
College, Guelph. The teachers appre-
ciated the kindness of the young peo-
ple, and thanked them heartily for the
evening's entertainment, which came
as a break in their work.

A BUMPER WHEAT CROP.

Thousands of Men Required—This
Year's Harvest Promises To Be the
Largest in the History of
Canada.

According to present indications the
wheat crop of 1913 will be the great-
est ever harvested in Manitoba,
Saskatchewan or Alberta, thus requir-
ing the farm laborers of the east to
assist in harvesting the world's great-
est bread basket.

The Governments of the respective
provinces state that many thousands
of men will be required for this year's
harvest. These will have to be prin-
cipally recruited from Ontario, and the
Government of Canada depends on secur-
ing labor promptly. The Canadian Pa-
cific, on which company will fall practi-
cally the entire task of transporting
the men to the West, is already mak-
ing special arrangements for this year.
Excursions from points in Ontario,
Manitoba, Saskatchewan and Alberta
will be run and special trains operated,
making the trip in about thirty-six
hours and avoiding any change of
cars or transfers. This will be a day
shorter than any other route. Dates,
rates and conditions will be announced
in a few days. M. G. Murphy, district
passenger agent Canadian Pacific Rail-
way. 77-17 ywt

MAIN EXTENSIONS
FOR A LARGE AREA
PLANNED FOR CITY
Newly-Annexed Districts May
Be Served Before Winter
Sets In.

Proposed to Serve North End
With Supply Main Up
William Street.

Main extensions of the waterworks
that will be put through this year
cover an immense area of territory.
Annexation added a big responsibility
to the water commission and an effort
is being made to have the major por-
tion of the newly-annexed districts
served with water for domestic and
fire protection purposes before winter
sets in.

Over in Chelsea Green the new mains
will hardly go in before another year,
but the old mains of the Chelsea Green
village service are being used. Source
of supply, however, has been changed.
Under the village regime Chelsea
Green water was from a well on the
north bank of the river and the power
plant at the McClary Company's east
end works supplied the "pumping sta-
tion." Now the old mains have been
connected to those of London proper
and city water goes across the river to
London's newest southeasterly sub-
urb.

New Mains In.
Some of the mains in the east, and
section already in are those on Trafal-
gar street, Dillabough street, Smith
street, May street, Oliver street, Ter-
rence street, Eglinton street, and
Hamilton road. Prince street and Ham-
ilton road, Trafalgar to Elgin streets,
Campbell street from Rectory to Eglinton
has already been equipped with a
12-inch main, while Eglinton street
from Campbell to Dundas streets has
also been put through.

Before snow flies the water commis-
sion expects to have Eglinton street
from Eglinton street to Hamilton road
completed. Dundas street to the east-
erly city limits and also Eleanor, Ash-
land, Oakland, Highbury, Mary, Laura
and Florence streets.

A new easterly supply main running
along Hamilton road is also planned
as part of the 1913 extensions.

For North End.
To serve the north end of the city
it is proposed to construct a main up
William street from York to Grosvenor.
A branch main is scheduled to run east
on Oxford, while another will run on
Princess avenue from Adelaide street
west, running into Long avenue and
going on for east as Quebec street,
where it will be carried south to Dun-
das.

Private May Dies
of His Injuries

Hurt in Collision During First Day of
the Military Camp.

Pte. Richard May died in Victoria Hospi-
tal Monday afternoon from injur-
ies received about a month ago on the
first day of the military camp of No. 1
division troops. A team of horses which
he was driving away from a collision
with a tree at Oxford and Adelaide
streets, throwing May out.

When May was removed from the
field hospital to Victoria Hospital to
operate on his injuries he was off on
one of his holidays, which were fre-
quent at that time, and the operation
had to be held by light from the emer-
gency gas plant. His condition had
always been in doubt, but he was able
to take practically no food whatever,
his death resulting from lack of nour-
ishment. He was a member of the
Sixteenth detachment, Canadian Army
Service Corps. He was 35 years old and
lived near Fanshawe, London Town-
ship, where his mother and two broth-
ers, James and William, reside. Two
other brothers also survive him.
The funeral will be held on Wednes-
day afternoon at 2 o'clock from George
Logan's funeral parlors, to St. John's
Cemetery and will be private. Ven.
Archdeacon Richardson will conduct
the funeral services.

FARMERS ARE VERY BUSY
HARVESTING FINE CROPS

Working From Daylight Until After Dark for Many Days
Now, But Returns for Their Toil Will Be Big And
All Are More Than Pleased With the Yield.

Farmers all through this district
are now making every second count.
They are up before daylight and work
till after dark.

They are pressing every available
person into service in their effort to
handle the harvest which the splendid
weather of the past few weeks has
brought along much faster than was
anticipated.

All the men and boys, and in many
instances, women and girls, are out in
the fields, each as busy as can be. With
the oats, wheat and barley all ripen-
ing together, the hay to care for, and
the berries to pick, besides the cattle to
look after, and dozens of chores to do,
the farmer will not have a moment for
many days to come.

Are Well Satisfied.
Notwithstanding, everyone is well
satisfied, as the harvest this year will
be a splendid one, and there is a big
margin for all around. The Canadian Pa-
cific, which has been especially favored by the weather
this season, and the rains have come
most opportunely.

As a result, the quality of the grain
and other crops is excellent, and the
farmers will have a good balance of
the right side to show for their hard
work.

It is not often that there is a season
when so little damage is done by hail
and windstorms. Insect pests have also
been comparatively scarce this year.
Fruit men all through the district will
have a record quantity of plums,
peaches and apples for shipping.

A GOOD YIELD.

GROWING DEMAND
FOR NEW PREMISES
WANTED AT ONCE

Many Must Seek New Quarters
Through Razing of Carling
Block.

Present Tenants Must Leave the
Old Building Within Twelve
Months' Time

Tenants of the Carling block, Rich-
mond and Carling streets, which has
been purchased as a site for the new
postoffice, have been requested to re-
move as soon as possible. Expropria-
tion proceedings are threatened unless
the present tenants of the block find
quarters within twelve months and
less. As a result there has been an in-
creased demand for new premises down
town.

The razing of the Carling block will
force many tenants to seek new quar-
ters and offices are expected to be at
a premium before long. The steady in-
crease in the city's growth and the fact
that offices have to be sought by so
many at once, it will be of im-
mense value to the later fields and to the hoe
crop.

Big Demand for Offices.
Down-town offices are becoming
more and more in demand. The pre-
vious increase has been a natural one,
but the result of the Carling block
sale and several other ready trans-
fers that are pending will cause an al-
most abnormal demand. The fact that
the old city hall building will be turned
into offices and that several other
buildings will be either rebuilt or re-
modelled, will hardly meet all de-
mands, it is feared, and there may be
a serious dearth of suitable office
space in the near future.

Some Old Tenancies.
When the old tenants are forced to
leave, some of them will be terminat-
ing tenancies that run close to the
century mark. For the Carling block
was an office building before
London was what it is today. The old
landmark has sheltered many famous
Londoners as its tenants, and its pass-
ing will be regarded with regret,
though that regret will be touched
with real appreciation that the city is
coming into its own, and that Lon-
don's development has been such that
postoffice quarters are far too cramped
now, and an adequate site has at last
been purchased by the Government for
the proper extension of the postoffice.

RAIN WAS WELCOME.
[Special to The Advertiser.]
Wyoming, July 29.—A rain of much
benefit to the country in general fell
here on Sunday evening. While too
late to help barley, wheat or the
earlier oats, it will be of im-
mense value to the later fields and to the hoe
crop.
No severe lightning nor destructive
wind accompanied the rain in this lo-
cality, consequently only good came
of it.

FRUIT IS PLENTIFUL.
[Special to The Advertiser.]
Forty as July 29.—Harvest is full
swing in many parts of this district.
All along the lake shore and in
through the Arkona district there is
a splendid lot of fruit, and growers
through the new co-operative methods
of selling are expecting record returns.
Grain cutting is commencing, and in
a few days will be occupying the en-
tire attention of the farmers. Oats,
barley and wheat are all ripening fast,
and fine yields are looked for.

MIDDLESEX FARMERS
NEEDING MEN BADLY
NO LACK OF WORK

Plenty of Situations for Immi-
grants, Says Dominion
Officer Riggs.

Reeves of Townships Will Con-
vene to Discuss Caring
for Families.

Farm laborers were never in such
demand by the farmers of Middlesex
County as they are at the present time,
according to Immigration Officer John
Riggs. The local immigration officer's
statement of the demand is one given
as an explanation of a statement made
last week that efforts would have to
be made to shut off the supply of im-
migrants for this section because of
lack of work. This is not the case,
the only possibility of any shut off be-
ing ordered being solely because of
local accommodations for receiving im-
migrants while being distributed to the
farmers.

Clamoring For Men.
Farmers are clamoring for men, says
Mr. Riggs, and while some difficulty is
being experienced in having them take
are being called together.

families instead of single men, there
is no such thing as a glut in the local
labor market, particularly that section
of it fed from the immigration tide.
The difficulty of placing families on the
farms of Western Ontario is one that
is grousing no little interest.
To have some organization perfected
in order that the families may be taken
care of, Mr. Riggs has asked that a
meeting of township Reeves of Mid-
dlesex County be arranged. The county
and through it the townships will have
to assume responsibility for so many
families as well as the single men, and
it is to arrange this that the Reeves
are being called together.
