Specialist Gives Simple Recipe That Works Fine.

Thousands of people suffer from bald, ness and failing hair who, having tried nearly every advertised hair-tonic and hair-grower without results, have cesigned themselves to baldness and its attendant discomfort. Yet, their case is not honeless; the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring grey hair to its original color, stooping hair from failing out and destroving the dandruff germ. It will not make the hair greasy, and can be put up by any druggist: Bay Rum, 6 ounces; Lavona de Composee, 2 ounces; Menthol Crystais, oue-haif drachm. If you wish it perfumed, add 1 drachm of your favorite perfume. This preparation is highly recommended by physicians and specialists and is absolutely harmless, as it contain; none of the poisonous wood alcohol so frequently found in hair tonics. Useful Hints.

Dear Miss Grey.—I am sending the poem. "Only a Dad," asked for by A. R. Hope it is the right one. I also noticed your request for any hints on economy that had been tried personally. My boy had outgrown two sailor blouses that were still good: one a white pique with navy blue sailor collar. I used it just as it was as a middy for my little girl, worn loose with a navy blue pleated skirt; it looked nice. The other, a blue and white stripe, to it I attached a plain blue pleated skirt and new collar, and it also made a nice little dress toc. Nice blouses for boys can be made from the best parts of "daddy's" shirts, when the collars and cuffs are worn, and

work only on 16 stitches and knit the sixteenth plain with crimson wool. The following row is knitted plain, and the next is a looped one. This is for the side of the foot. Knit 13 stripes at the end of the last stripe knit only 1 plain row, oring it to the other side of the sile. It is the way in the side of the stitches that were left on commencing the side. It is the way in the side of the stitches all round the ankle, and with 4 needles knit 3 rounds of plain knitting. Then for holes for ribbon, a voer, knit 2 together, knit 3 stitches plain, repeat from x all round. Then knit 10 rounds plain knitting and cast off.
