### CITY NEWS.

Educated insect—spelling bee.

Miss Jennie Murdock, of Trowbridge,  
has arrived here on a visit.

When oil gets on the down stretch  
everything seems greased for the occa-  
sion.

Mr. Ed. Hinehey, of this city, visited  
his grandfather, Mr. Patrick Hinehey,  
at Arthur last week.

Mr. W. J. Burns was registered at  
the Balmoral Hotel, Montreal, from  
London, Ont., on Friday.

Miss Pritchard, who has been visit-  
ing Dr. Bucke and family at the Asy-  
lum for some months left for her  
home in England yesterday.

Wood-sawing contests for prizes are  
among the latest eastern fads, and a  
general westward movement of the  
tramps may be expected at once.

Miss Mary Smith, formerly of East  
London, is home on a three weeks' visit  
from New York, where she is  
engaged as a trained nurse in a hospi-  
tal there.

Mrs. A. E. Vert, of Delaware, was  
left for Halifax, where she will join  
her husband, Rev. A. E. Vert, former-  
ly pastor of the Delaware Presbyterian  
Church.

A Hamilton girl who was recently  
married, according to a local paper,  
was "gowned in a beautiful tailor-  
made Lansdowne suit, with hat and  
gloves on suite."

Nineteen acres of land—lots Nos. 1  
to 104—in the Gore of London, were  
offered for sale by Mr. J. W. Jones on  
Saturday afternoon. The highest bid  
was \$1,300, and the property was with-  
drawn.

Commissioner Grant will to-morrow  
return a list of properties on which  
the taxes for 1891, 1892 and 1893 have  
not yet been paid to the City Treas-  
urer, who will proceed to advertise  
and sell them in the usual way. The  
property in question is assessed for  
about \$3,000, to which ten per cent.  
has to be added on May 1st according  
to law.

Rev. Dr. Wild concluded his term at  
the First Congregational Church Sun-  
day night, and will try to recuperate his  
health by rest. If he gets better he  
will probably return and continue his  
ministry, but he made no promise.  
"There is still a little owing to me,"  
said the doctor, "but if you give a lib-  
eral collection to-night I will call it  
square."

A sufficiently signed petition will be  
presented to the Council at its next  
meeting, praying for the watering of  
the Wortley Road between Byron  
avenue and Askin street. There is  
756 feet frontage on this block, of  
which 413 feet is represented on the  
petition. Another petition for sprink-  
ling the next block to Bruce street is  
being circulated for signatures.

Cathart street, from Elmwood  
avenue to Wreay street, is being  
graded by a road machine manufac-  
tured by the Western Road Scraper  
Company and several of the Aldermen  
who have seen it at work are strongly  
in favor of purchasing one. One  
block was graded last week at a cost  
of \$5 or \$6, which would have cost  
\$40 or \$50 under the old system of  
doing it by hand.

Appropos of the visit of the Dufferin  
Rifles of Brantford to this city on the  
24th May, it is stated that "Hospital  
Sergeant John Moore has been instructed  
to recruit the ambulance corps, and  
Pioneer-Sergeant Harper will do likewise  
with the pioneer corps, says the Ex-  
positor. It is also the intention to  
have a full signal corps to go to Lon-  
don. The officers state that the bat-  
talion will be full strength, if not over,  
before the Queen's birthday."

The West Shore, Grand Trunk and  
Wabash lines have decided to make  
better time between New York and  
Chicago by two hours, and from Chi-  
cago to New York by one hour. The  
Wabash will reduce the time from De-  
troit to Chicago by forty-five minutes.  
This improvement is rendered possible  
by the excellent condition of the vari-  
ous road beds and also the good equip-  
ment. The high grade of rolling stock  
will be maintained and everything  
done to make the service safe and  
comfortable.

Mr. M. Loney, formerly of this city,  
now a resident of Port Stanley, where  
he is erecting the new Batt Hotel, has  
been granted a six months' license for  
his new place. The building will be a  
credit to the village, and will be two  
stories high, 90 feet in length, 49 feet  
wide, and having a verandah capacity  
of 100 feet. Twenty alloy rooms have  
been provided for the entire house,  
arranged on the most approved plan  
for a summer hotel. The dining room  
will be the largest in Port Stanley.  
Mr. Loney is well known, and will  
doubtless do a thriving summer trade.

In the case of Williams vs. Westmin-  
ster Mutual Insurance Company, July  
was made a few days ago before  
Judge Edward Elliott for an order call-  
ing upon the executors of the late Jas.  
Williams, of Westminster, to proceed  
with the action, or in default the suit  
to be dismissed with costs. The order  
was granted, and the time allowed ex-  
pired Friday. No further steps were  
taken, and Judge Elliott has dismissed  
the case with costs, which amount to  
\$75. Williams' executors were suing  
on a \$900 policy which was held on  
property destroyed by fire. The com-  
pany had refused to pay, on the ground  
that Williams was in default at the  
time of the conflagration. Williams  
died about a year ago, leaving an  
estate valued at nearly \$40,000.

The East Middlesex License Com-  
missioners have granted the following  
additional licenses:—J. B. Jennings,  
Blackfriars street, London West; W.  
Deary, Dundas street, London West;  
Crowell Swartz, Masonville; Thomas  
J. Morfin, Masonville. The application  
of M. J. Ward for a six months' license  
at Springfield was refused, and no ac-  
tion was taken on the Pottersburg li-  
censes. A by-law was passed that all  
bars in the Riding shall be closed at  
10:30 every evening, and remain closed  
until 6 o'clock in the morning. Sat-  
urdays and Sundays are excepted, how-  
ever, as the statute provides that no  
liquor shall be sold after 7 o'clock  
Saturday or during Sunday. Here-  
tofore the hotel-keepers in East Middle-  
sex have been allowed to keep their  
bars open continuously, if they desired,  
from early Monday morning until  
7 o'clock Saturday night.

Friday next, May 3, will be Oak  
Hall's great sacrifice sale. Watch for  
their ads.

2021 Dundas Street.

### NOWHERE TO LAY HIS HEAD.

Physical Condition of Crippled and Help-  
less Alexander Jackson—He Bricks  
a Pane of Glass.

Crippled and twisted Alex. Jackson,  
without a friend in the world and with  
nowhere to rest his weary bones, was  
in the cage at the Police Court yester-  
day, charged with maliciously  
smashing a pane of glass in the Mar-  
ket Square coffee house. Before the  
Police Magistrate took his seat he  
told the sergeant he did not care  
whether they condemned him to the  
cellars or let him go—he would just  
as soon die now as be knocked around  
here any longer.

The story as related by Robert  
Charlton, the keeper of the house in  
question, was to the effect that Jack-  
son had been boarding there, but had  
not paid up for his keep. When asked  
to settle he said he wasn't able, and  
saw turned out. On Saturday he went  
back for some clothes he had left, but  
was told he couldn't have them until  
he paid his back board bill. At this  
he flew in a rage and threatened to  
break every pane of glass in the house  
if they weren't handed over, and when  
they were still refused him he proceed-  
ed to put his threat into action.

"Did you see him break the win-  
dow?" asked the Magistrate.

"No; I wasn't there at the time, but  
some people around the house saw  
him and told me."

"Don't you know you were sworn  
to tell the truth and only the truth.  
How dare you go into the box and  
make statements you know nothing  
about?"

"Two of my boarders and a couple  
of the girls saw him."

"The man didn't know, or he could  
have brought eyewitnesses. The po-  
liceman should have explained the  
matter to him," interposed the Chief.

"He's got intelligence enough to  
know," replied the Magistrate sharp-  
ly.

Jackson was then examined, and  
said he lived in the city most of the  
time, and tried to make a living selling  
lead pencils. He comes here from  
Woodstock.

"Would you like to go back to Wood-  
stock?" he was asked.

"No use going back there," he an-  
swered. "Ain't got any friends there  
anymore than here."

"He's one of those unfortunate  
cases which no municipality wishes to  
take care of," said the Chief.

Jackson was finally let go, and an  
order will be made to get him into the  
hospital, from which he was only re-  
cently discharged.

To get the best is always the cheap-  
est. That is why everyone should use  
Price's Cream Baking Powder.

### WILL BEGIN EARLIER.

Commissioner Grant and His Assistants  
Will Commence Making the Assess-  
ments Early Next Month.

Commissioner Grant will commence  
the annual assessment of the city this  
year a couple of months earlier than  
has been customary during the last  
few years. When the assessment is  
made, the city will be divided into  
allowing cities to assess the property  
during the year prior to that for which  
it is to form the basis of the rate. It  
has been customary to start making  
the assessment early in July, the  
earliest date allowed by statute being  
July 1st, but at the last session of the  
Legislature this was amended by  
making the date at which the assess-  
ment might be begun May 1st. The  
Commissioner purposes taking advan-  
tage of this, and the Mayor will be  
asked to appoint the assistant assess-  
ors as soon as possible. These ap-  
pointments are left entirely with the  
Mayor, but it is not thought he will  
make any changes in the staff of last  
year except one. William Westcott  
will likely be appointed to assess the  
Sixth and Third Wards in place of  
Hiram Irvin.

When the assessment is begun in  
July it is only by the hardest work  
that the voters' list can be prepared  
from it for the ensuing municipal elec-  
tions, and sufficient time cannot be  
given for properly correcting it. By  
starting earlier this difficulty is ob-  
viated.

### MADE A BIG BLAZE.

Several Thousand Municipal Ballots  
Burned in the City Hall Furnaces  
To-day.

The largest number of ballots ever  
polled in a municipal majority and  
aldermanic election were dropped into  
the little tin boxes in the different  
booths last January, and in compliance  
with the statute they have been se-  
curely kept under lock and key until  
yesterday, when they were destroyed in  
the big furnaces under the City Hall.  
They filled three clothes baskets.

The statute provides that they shall  
be kept for three months or so after  
election day, in order that they may be  
used in the event of a scrutiny of in-  
terested parties.

In other years it has been customary  
to burn the ballots on the Market  
Square, but this always occasioned a  
lot of dirt, and as they could be just  
as legally destroyed in the City Hall  
basement without leaving any litter,  
it was decided to burn them there.

How to Cure Headache.—Some people  
suffer untold misery day after day from  
Headache. There is rest neither day or  
night until the nerves are all unstrung.  
The cause is generally a disordered stom-  
ach, and a cure can be effected by using  
Farnie's Vegetable Pills, containing Man-  
drake and Dandelion. Mr. Finlay Wark,

PAIN'S CELERY COMPOUND  
SET HIM ON THE ROCK  
OF HEALTH.

Indigestion, Stomach  
Troubles, Headache,  
Sleeplessness and  
Anxiety.

The Great Spring Medicine  
Sweeps Away These  
Troubles.

In almost every Canadian home one  
or more members suffer from indiges-  
tion, dyspepsia, headache, nervous-  
ness or sleeplessness. In the great  
majority of cases the doctors have fail-  
ed to effect a permanent cure, and the  
common patent medicines of our times  
have only prolonged suffering and  
agony.

How different the results with those  
who have used Paine's Celery Com-  
pound! They have in every case been  
raised to a condition of perfect health,  
robustness and mental vigor. Thou-  
sands of renewed and re-created men  
and women in Canada, will forever re-  
member that their lives were saved  
and made happy by Paine's Celery  
Compound.

Mr. Hugh J. Riley, of 42 Agnes St.,  
St. Henry, Montreal, is one of the  
many who have given public testi-  
mony for the benefit of sufferers in  
Canada. Mr. Riley writes as follows:

"I wish to publicly acknowledge the  
fact that I am indebted to your Paine's  
Celery Compound for health, strength  
and life. For over three years I was a  
terrible sufferer from indigestion, se-  
vere pains in the stomach and head-  
ache. In addition to these serious  
troubles, I had no appetite or relish for  
food, and hardly knew what it was  
to have a full night's rest. This con-  
dition of sleeplessness and anxiety  
made me very nervous, and I was fast  
becoming unfitted for my daily work.  
After all other medicines had failed, I  
was fortunately advised to use your  
Paine's Celery Compound; and now I  
am delighted to declare that it has no  
equal in the world for removing such  
dangerous troubles as I suffered from.  
I am daily gaining in strength, sleep  
well every night, and my appetite is  
good and healthy. I strongly recom-  
mend Paine's Celery Compound to all  
who need a reliable and honest medi-  
cine, and one that is sure to cure."

A farmer named John Mills, who  
resides near Sparta, was driving a  
spirited horse up Catherine street, St.  
Thomas, about 1 o'clock Monday after-  
noon, when it became frightened and  
dashed off down the street. He was  
thrown out of the vehicle and received  
two bad scalp wounds, and it is thought  
was otherwise seriously injured.

## 12 REASONS WHY YOU SHOULD BUY CONNOR'S SHEET METAL REFRIGERATORS

IN PREFERENCE TO ANY OTHERS

They are cheaper than any others made.  
They are artistic and compact.  
They consume less ice, and consequently cost less to  
keep going.  
They are made of sheet metal, and will not warp if  
exposed to heat.  
They are light, and can be easily moved around.  
They are durable.  
And last, but not least, they are the only ones that  
do not absorb moisture, and consequently emit no odor  
after being in use a few months.
