Given Up To Die

No. 100 George St., Sorel, Quebec.

"I suffered from womb disease for seven years, with dreadful pains over the front of the body, over the back and down the legs. I had indigestion and chronic constipation and the constipation was so bad that I went sometimes for ten to fifteen days without any action of the bowels. I was ill in bed for one whole year. At one time I was so low that everyone thought I was going to die, and the last Rites of the Church were administered to me. I was treated by six different doctors without any benefit.

PRIMA The True Test

Value is not the price you pay but the style, comfort and fit you get. Don't imagine that all tailors work is alike. Nor the goods alike in garments sold at similar prices. Not at all. Good, bad and indifferent describes it. Some excel. We make it a point of honor to give value and perfect fit. Can we do more.
