## TOURIST DRIVE A GREAT SUCCESS

Predicted That N. B. Will Be Great Playground In Few Years.

The third annual convention of the New Brunswick Tourist, Game and Resource Association was a success in far beyond the hope of the members of the association when plans were laid for the meeting to take place on board the steamer Governor Dingley. The main object of the association is to promote tourist travel to New Brunswick and while it is difficult to judge how much the convention has done to achieve this end, it is obvious from the splendid publicity which has resulted that the interest of the people in the New England states must necessarily have been aroused. The hospitality of the Canadian Club and the Intercolonial Club of Boston, together with the unperformed co-operation of the city government, in the person of Mayor Curley, and of the courteousness of Governor Cox representing the state of Massachusetts were largely responsible for the wide spread publicity which was given to the visit.

The public welcome and reception by the city of Boston were an afternoon and morning, carried news articles running from a half-column to one and two columns, with cuts of Premier Veniot and group photographs of the party, so that the story which the Tourist Association wished to tell was carried far beyond the walls of the Bellevue Hotel and Fort Hall.

Makes Fine Impression. Premier Veniot made a fine impression upon both Mayor Curley and Governor Cox as well as upon the ladies who addressed both at the luncheon and at the evening meeting. As Premier of the province his presence lent an added dignity to the delegation and accounted for the unusual honors which were bestowed upon him and through him upon New Brunswick. Premier Veniot is the only person who has ever received the keys of the City of Boston and he is one of a distinguished quintette in whose honor trees have been planted in the Oliver Wendell Holmes Hall, the other being Joffre, Foch, Clemenceau and Admiral Benson. The publicity which has resulted from these events cannot be measured in terms of paid advertising for New Brunswick, but thousands and thousands of people in New Brunswick states have read them. The interest of many of these who have read accounts of these proceedings will be awakened in our province and should lead to a steady stream of tourists, if the publicity which has been launched, so auspiciously is not permitted to die at its birth.

To Be Playgrounds. The prediction was made by a former New Brunswick, now a lawyer of Boston, Charles H. McIntyre, at the luncheon in the Bellevue Hotel that the Maritime Provinces in a very few years could be made the playground of North America. The three of it takes to make that prediction an accomplished fact depends entirely upon the efforts made by these provinces to get the tourists and to accommodate them properly when they come. As was pointed out by the various speakers in Boston, all the natural advantages are here. The comforts of the conveniences must be provided gradually but the publicity campaign can be carried on systematically and at once.

An association which has already done so much for the provinces and which is capable of doing inestimable good, is surely worthy of the support of all New Brunswick. Yes, when one member asked for the total membership he was told that New Brunswick Tourist, Game and Resource Association numbered in all some 70 members. The membership fee is \$1.00. If 20,000 or 30,000 New Brunswickers joined the association there would be sufficient funds to carry on some real publicity work for the province.

## River Charlo

Miss Hazel Miller who graduated from Montreal General Hospital in January arrived home on Saturday to spend her holidays.

Miss Rosalie McMillan of Charlottetown and Miss Effie McCormack of Black River who completed their studies at the Provincial Normal School at St. John's, arrived home on Saturday.

Mr. and Mrs. John McLean are returning to their home in the north after a visit to the south.

Mr. William Jamieson, who was home for the past week on account of illness, returned to his home in Charlottetown on Saturday.

Mr. and Mrs. Reid McMillan and their wayward to Charlottetown during the week-end.

## MINSTREL CONCERT A GREAT SUCCESS

Most Enjoyable Entertainment Held Under Direction of Mrs. S. L. T. Clifford.

Every available seat was occupied at the Star Theatre, on Thursday, June 14th, when the Minstrel Concert was held in aid of the Soldiers' Memorial Hospital of Campbellton. The performance was under the direction of Mrs. S. L. T. Clifford, and much credit is undoubtedly due her for its great success.

The vocal solo by Miss Alma Cook and the violin solo by Miss Mattie Cook were both frequently encored. The Piano Duet by Miss Myra Wallace and Miss Mary Coleman, was much enjoyed. F. Laviolette and C. Bernard and Daniel Noble sang nicely, and R. Atkinson brought down the house with his dancing. Mr. Swinard accompanied.

The well-chosen words Mr. McKinnon thanked all those who patronized the concert.

Mr. Christie, the manager of the Campbellton Opera House, was loudly applauded when he announced that it was the intention of the Campbellton Dramatic Company, to stage their last Spring's success "Trix" in the Dalhousie Opera House, at an early date. He also stated that other plays put on by Campbellton local talent would be put on in the downtown future. This announcement was also loudly applauded by the large audience.

The handsome sum of \$112 was realized at this concert.

The following is a copy of the programme which was successfully carried out and a very enjoyable evening's entertainment was brought to a close by the singing of the national anthem.

BORN—To Mr. and Mrs. Robert McAllister on June 19th, at the Hotel Dieu Hospital a baby boy.

Mr. McDonald of the Bank of Nova Scotia, Jacques River, spent Sunday writing the High School Entrance Examinations in Dalhousie this week.

Those from Charlottetown writing are: Blanche de St. Croix, Margaret Hamilton, Isabel Boston, Ila Skene, Violet McNair, Ralph Daughney, Cluny Reid, William Hamilton and Chalmers Reid.

Mr. G. E. Scott of Dalhousie was in Charlottetown on Sunday.

Mr. James R. McPherson who had an attack of pneumonia recently is recovering gradually and is able to be about his work as usual.

Mr. James Cook was ill with a cold for a few days last week which did not prove serious and she is able to be about her duties as usual.

We are sorry to hear that there is no favorable change in the condition of Mrs. John K. Hamilton who was taken ill early in May. Her daughter Miss Beulah Hamilton, who has a position in Caspessia, P. Q. has been home for some time.

Mrs. Carr and son Dudley of Montreal arrived on Saturday to spend the summer at their cottage here.

Messrs. Peter Fraser, Ian Hamilton, Wm. Currie, Jack Hamilton and Louis Givoux have recently purchased automobiles.

Mr. Alex Jamieson's family of Campbellton were visitors in Charlottetown on Saturday.

On account of the severe drought in this time of the year extra precautions were found necessary to safeguard the forests and homes in this vicinity. Accordingly a number of men were sent out to the forest area to permit no one to enter the forest area unless such a person carried a permit with the result that the forest was protected.

A brief, heavy thunder shower swept Charlottetown about 9:30 p.m. on Sunday but only lasted a few minutes to us we are still lacking moisture enough which is so badly needed.

## FOREST TRAVEL NOW PROHIBITED

Minister of Lands and Mines Cancels All Certificates In Northern N. B.

Fredericton, June 18—Hon. C. W. Robinson, Minister of Lands and Mines, has issued a proclamation which cancels all outstanding registration of certificates for forest travel in the northern half of the province which includes the Counties of Madawaska, Restigouche, Gloucester, Northumberland, Kent, York, Carleton and Victoria, and also prohibiting all further issue of further certificates in these counties until further notice. A further warning is also given that the prohibition of slash burning which has been effective since May 15th will be continued until further notice.

This action has been taken under the authority vested in the Minister of Lands and Mines following a conference held by him with officials of the Department of Lands and Mines and a number of the leading lumbermen of the province. In view of the most serious situation with regard to forest fires in northern New Brunswick which has arisen chiefly through carelessness in burning and direct violation of the forest fire regulations. All persons ignoring the provisions of the proclamation will be subject to immediate arrest by any fire warden or constable and are liable to prosecution under the criminal code for such offence. Many expressions of approval of this order have already been received by the Department.

## MIRAMICHI HOSP. TO EXTEND

County of Northumberland Is Planning a Nurses Home.

The County of Northumberland is planning an extension to the Miramichi Hospital, first making room by building a Nurse's Home, following the example set by this city. The nurses have had to give way for maternity cases and then for the children's ward and are far from being comfortably situated. The doctors of the north of the province realize the need for proper quarters for the nurses, who must have rest from their task, which though liked by them, yet is trying and very wearisome. Better quarters for nurses, means better digestion good and ended that palpatory service, more applying for training and a progressive action all along the line of medical care of the sick. As one man gave \$100,000 for the building of the original hospital, it is stated in one of the Northumberland papers that it will be an easy matter for everybody in the County to help the work, as everybody is privileged to use the institution, whenever necessary.

## MISS C. THERRIEN GAINS 15 POUNDS

Declares Tanlac Entirely Overcame Indigestion, Palpitations, Dizziness and Weakness.

"Mother certainly did me a good turn when she had me try Tanlac, for the treatment restored me to perfect health again," recently said Miss Cecile Therrien, popular young lady residing at 230 Joliette St., Montreal. "It was about three years ago I suffered for a whole year with indigestion, palpitation of the heart and general debility, I became terribly thin and underweight, and felt weak and dizzy all the time."

"Well, mother got me started on Tanlac and the treatment made my digestion good and ended that palpatory service, more applying for training and a progressive action all along the line of medical care of the sick. As one man gave \$100,000 for the building of the original hospital, it is stated in one of the Northumberland papers that it will be an easy matter for everybody in the County to help the work, as everybody is privileged to use the institution, whenever necessary."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.
