THE SUNDAY SCHOOL ANNUAL CONVENTION

Arrangements are now completed for Meetings and Entertainment of Delegates.

Arrangements have been about completed for the Annual Convention of the Restigouche and Bonaventure Sunday School Association, which meets this year in the River Louise Church. A fine programme has been prepared and already there are indications of a large attendance. The Field Secretary, Rev. W. A. Ross, will be in attendance and deliver several addresses. One of his addresses will be illustrated by lantern views of the World's Convention at Zurich, Switzerland.

The usual one way fares have been obtained for delegates over the Quebec Oriental and Intercolonial railways, and an energetic committee will look after entertainment of delegates.

When purchasing tickets, delegates will ask for standard certificates which when signed by secretary at Convention, will entitle holder to return passage free.

Previous to the Convention, the Field Secretary will make a tour as follows:

July 13—Bellevue.
14—New Mills.
15—Charlo.
16—Dalhousie.
17—Matapedia.
18—Point a la Garde.
19—New Richmond.
20—New Caledonia.
21—Campbellton.

At all these meetings, Mr. Ross will give an address, illustrated by magic lantern views, on the recent Chicago Convention.

Delegates from Bonaventure, arriving at Campbellton on evening of 22nd will be entertained by a local committee, if their arrival is made known to the Secretary. They will also have the privilege of attending the united rally to be addressed by Mr. Ross that evening.

very largely attended. The services were conducted by Rev. Doctor Polley and Rev. Robert Haddow of Toronto. The pall bearers were James Reid, M. P., P. H. Sheehan, James E. Stewart, Daniel McDonald, John McLeod and George Lamble.

CAMPBELLTON LADIES TO GIVE CONCERT

Misses McLatchey and M. Hazel Mowat Will Give a Series of Concerts

At the request of a number of their friends, Miss McLatchey and Miss Hazel Mowat, will give a series of concerts during July. They will appear first at the Star Theatre in Dalhousie on Monday evening, 13th July, the concert beginning at 8:15 p. m. From there they will go to New Carlisle appearing in the Parish Hall on Thursday, July 16th, and then to Gaspé, where they will perform on Saturday, July 18th, in the Church of England Hall. The ladies have prepared a most interesting program and Miss Mowat will accompany them as pianist.

Miss McLatchey is a most interesting and intelligent elocutionist, and at her appearances here and elsewhere, which have been all too few, she has made many friends by the high standard of her work which she has always sought to maintain. Miss McLatchey's readings are only to be heard to be appreciated and she is able to give her audience entertainment of a very high class.

Miss Hazel Mowat is one of the younger girls of a talented family, who have always been to the front in musical work in this town. Miss Mowat, who is yet studying at Mount Allison, has won golden opinions from her audience for her singing, and her program has been carefully chosen to show all that is best and sweetest in song. Music lovers will go far before they will have the privilege of hearing two such artists in any town.

Miss Mowat will also travel with her sister, Miss M. Hazel, and act as accompanist, and will do much to assist by her careful and sympathetic accompaniments.

ANNIVERSARY DAY OF THE GREAT FIRE

Saturday Marks the Fourth Year From the Great Disaster of 1910

Saturday is the 11th of July, a date which will forever remain in the memory of all Campbelltonians, this being the date of the disastrous fire which swept our town in the year 1910. To most of us, all events date from this occurrence and happenings all have their time "before or after the fire." Since that great day, Campbellton instead of being destroyed, has enjoyed a period of prosperity which is far beyond parallel in the records of history.

In the few short years which have passed we have made great strides in the direction of buildings and the beautifying of our town, and although we have done well we still are looking forward to doing more.

Although experiencing a building boom in the fall immediately after the fire, the building trade has continued steady and in the year which has passed, permits for buildings have been granted and buildings are being erected to the total of \$70,000. Many handsome buildings have been erected in the business district of the town, and two more will shortly be well under way, these being the Dimock Block near the Opera House and the McLean Block near the Post Office.

There is still no word, however, of the building of town offices, the business of the town being conducted in rented premises, but perhaps another year having passed over, we shall have Municipal buildings for the town.

The town council have recently obtained legislation with regard to the removal of all temporary buildings from the fire district. This took effect of July first and owners of these temporary buildings have thirty days in which to move their buildings. This matter will receive the attention of the council at an early date, and should they wish to enforce the matter they should do so at once, rather than pursue the vacillating policy which has obtained to such an extent in the past.

CAMPBELLTON MAN DROWNED AT MONTREAL

O. Roy and Another Perished When Canoe With Fifteen Aboard Capsized

The East bound maritime express on reaching Matapedia on Monday morning, reported having run into a hand car some distance east of that place. Section Master Bulmer with a man was sent over the route. When near Millstream this car was discovered to be the body of a man who had subsequently proved to be Frank Keays, of Millstream.

It would appear that Keays had spent the first part of the night in Matapedia, and sometime after midnight he started for home on the hand car meeting his death by the express, as stated.

Engineer Matthews reported that there was a heavy fog and that he had seen nothing on the track till the engine struck the hand car and even then he was not aware of the fatality till the evidence of it was seen on the front of the engine at Matapedia.

Keays was unmarried, about 23 years, and the son of Edward Keays, a much respected citizen of Millstream.

An inquest was held on Monday evening, conducted by Dr. DeWolfe of New Carlisle the coroner. The jury brought in a verdict of accidental death and exonerated the I. R. C. from any blame in the occurrence.

FATALITY ON I. R. C. NEAR MATAPEDIA

Frank Keays of Millstream Killed While on Hand Car on Monday Morning

Montreal, July 6.—A double drowning occurred at 3 o'clock tonight at Point Aux Trembles where O. Roy, of Campbellton, N. B., and Louis Touchette, of Joliette, Que., were the victims. They in company with thirteen others, were in a war canoe belonging to the Club Champepe Canadien, when the canoe capsized. The whole party of fifteen were thrown into the water. All could swim, but the two who lost their lives, and thirteen swam to safety. The two drowned men sank and did not rise again. The bodies had not been recovered at a late hour tonight.—St. John Telegraph.

It was supposed that this fatality applied to Mr. L. P. Roy, who recently left here for Montreal, but on enquiry we were informed this was not the case. From the meagre details gathered it is thought the man Roy, recently lived here on the Tobique Road.

POWERFUL PLAY

The scene of "The Trail Divides," by Len B. Parker, are laid in the far West, where, according to early history, strange people coming from everywhere—joined forces, and soon lost their names. Then they struggled, fought, camped, killed and loved; of one thing only were they certain—they lived. A powerful play with a strong cast. At the Opera House on Thursday, July 10th.
