BORDEN ADMITS GRAVE IRREGULARITIES

Sir Wilfrid Laurier Holds the Government Responsible for Scandals

Ottawa, April 16.—Arthur Dewitt Foster, Conservative member for Kings, Nova Scotia, and William Garland, Conservative member for Carleton, (Ont.), have been publicly reprimanded for wrong doing by Sir Robert Borden, the premier, in parliament. The two offending members are expected to tender their resignations and step out of public life.

The course of the premier follows the ghastly disclosures made during the past few weeks by Liberalism in the public accounts committee in relation to government purchase of war supplies.

The premier admitted that grave irregularities and wrong doing had occurred. He argued that the government should not be held responsible. Enormous purchases had to be made in short time. Improprieties and fraud which occurred were in the violation of express ministerial orders.

Sir Robert promised on behalf of the government to do better in future.

He agreed with the position taken by Sir Wilfrid Laurier that it was the duty of the justice department to make every endeavor to obtain restitution and punish offenders.

He announced the intention to immediately appoint a commission of from one to three business men to undertake the expenditure of parliament's new \$100,000,000 war vote. An effort would be made, he promised, apart from all political considerations, to secure men of the widest experience, highest ability and perfect integrity.

The premier, in slow spoken and emphatic words, formally read Messrs. Foster and Garland out of his party. "I feel it the duty I owe to the government, of which I am the head, the party of which I am the leader in federal politics, and to the house and the country," he stated, "to thus publicly express my most grave disapproval of the conduct of the gentlemen."

Neither Mr. Foster nor Mr. Garland was in the chamber, and the premier's statement was received in impressive silence by both sides, subsequently followed by an outburst of prolonged cheering from his followers.

Sir Wilfrid Laurier followed the premier. There could be no issue as to the action taken, however regrettable it might be. He was afraid that the investigations so far held had merely scratched the surface of what had been going on. He held the government responsible for certain offences. The department of militia, he maintained, must have realized that it was not dealing with the boy clerk Powell, but with his employer—the man at the bottom who was profiting by the transaction.

Sir Wilfrid approved the premier's resolve to institute further investigation. This investigation should be made with thoroughness, justice, fair play and the full limit of publicity. There should be no closing of the wide open door of publicity. Parliament and the government had a stern and a real duty to perform if the tragedies of the past were to be rebound to the well-being of public life in Canada.

With the appointment of the proposed commission, the Liberal leader was also in accord. He preferred three commissioners to one, and he urged that, in every war expenditure made, all contracts should be let by tender, dealing should be direct with the producer and manufacturer and no favors to anyone should be shown.

Neither political party had proved itself a collection of angels with respect to the patronage evil. Since Confederation the patronage system had entered too largely into all public work. Sir Wilfrid believed it to be an evil. He was ready to do his part

CARDINAL MERCIER OFFENDS GERMANS

Sees the Day Approaching When Belgian Freedom Will be Restored

London, April 16.—Cardinal Mercier Archbishop of Malines, has again offended German susceptibilities. A despatch from Berlin says the Tagliche Rundschau prints a letter said to have been written by the Cardinal to Cardinal Amette, Archbishop of Paris, showing the newspaper says, "how little success the Germans have achieved by their extravagantly considerate treatment of him."

The letter is said to express Cardinal Mercier's admiration for France and his regret at his inability to give full vent to his feelings. According to the Tagliche Rundschau part of the letter reads as follows:—

"I cannot doubt that the day is approaching when full freedom of our movements and our words will be restored. You and we will then have the great joy to express openly all the patriotic and christian feelings, which at present are pent up in our souls.

"God grant that we may patiently wait the hour of liberation."

to get rid of it forever. It had been shown to have generated a great deal of graft and corruption, and it was deemed criminal when the fate of the gallant Canadian troops was involved.

TO REPLACE SHIPS LOST BY ALLIES

Proposal to Use the German Vessels Which France Interned

Paris, April 16.—M. Leguaies Decaux, president of the Brittainy ship owners' association has suggested that the minister of marine replace each ship belonging to the Allies, sunk by a German submarine, by a vessel of corresponding size from among the 278 German ships detained at French ports since the beginning of the war. Mezauban believes would cause German ship owners to do their utmost to induce Emperor William to put a stop to a method of warfare, the cost of which was borne by them.

The proposal of M. De Mezauban has been taken into consideration by the French government, but before it can be put into execution, an arrangement must be made with the British authorities.

A Kansas farmer purchased a revolver for his wife and, in doing so, targeted his purchase, so that she could defend her home in case of burglars. After the bullet had been dug out of his leg, and the cow turned, he said he was glad that she had better with an ax.
