NORTH TORONTO NEWS.

Mr. William Ward, formerly of the firm of J. B. Davison, 451 Yonge-street, butcher, has bought out the grocery stock of the late J. H. Harvey, who came to his end through an overdose of laudanum on the 11th inst. Mrs. Harvey and the children left yesterday for Etobicoke, where her father lives.

At the Zion Baptist Church, Eglinton, Tuesday night, Miss Reid and Mesrs. Thomas Bengough and Ratcliffe gave their experiences at the late Y.P.C.E Convention in Boston. The meeting was very well attended.

Mr. Minns' illness has now developed into typhoid fever.

A special meeting of the Township Council has been called for 10.30 a.m. on Saturday next, at the Solicitor's office, Adelaide-street, to take up the question of the bonus to the Weston electric road. The bonus, which amounts to $5000, was voted a year ago, on condition that the railway was completed by the 1st Sept. 1895. The company will have the first car running on Saturday and ask the council to make a tour of inspection.

INDUSTRIAL ITEMS.

Getting in Shape—Society Row—Accommodation for Visitors.

There has been a good deal more promptness shown this year by exhibitors at the Industrial than usual, and preparations at the grounds are getting on rapidly. The Main Building is already beginning to assume something of an exhibition time aspect.

There will be 16 organizations represented in Society Row, and an arrangement has been effected among them by which uniformity in the size of tents, etc., will be secured.

Notwithstanding the great rush of visitors anticipated, no one need have any hesitation about coming on the score of a possible advance of rates for board and lodging. The management have arranged with Mr. Peter McIntyre to open an information bureau and apartment agency at 87 York-street, Rossin House Block. Here accommodation will be secured for visitors who may wish to make their arrangements ahead. Hotel board can be supplied for $1 a day up, and a first-class lodging at private houses at 50 cents per night, with meals from 25c up. Several thousand can be provided for on these terms. Those organizing excursion parties should communicate at once, stating how many are likely to come and the sort of accommodation required.

Britain's Food Supply and Canada.

Editor World: I ask any one of your readers whose eye happens to catch this letter to kindly take a look at the map of the world and reflect for a moment upon the question, From whence is the food supply for Great Britain to come in event of a naval war? For that she must keep her communications open, for food is of the first and greatest importance. On that point she must be absolutely certain. From India, Egypt or South Russia? The vessels laden with grain have to either run the gauntlet of the Mediterranean or go round the Cape, to be possibly captured in the chops of the channel. From Argentina? A very long route from South to North Atlantic has to be traversed. Our own route across the North Atlantic is the only one which from its position and comparative shortness (a little over three days from land to land) can be made perfectly safe. Then what should be the policy of Great Britain and Canada in peace? Surely to establish upon this route such a fleet of ships as would be capable of bidding defiance to commerce destroyers and capable also of supplying Great Britain with the food she needs, give our farmers cheap rates and quick transit to the home market and thus give them a preference in trade without touching the vexed question of tariffs. Let the statesmen of Great Britain and Canada put their heads together and inaugurate a policy which will fill up our Northwest so that the question of the food supply for the people of the British Isles may be put out of danger.

Now is the time to commence this policy. If Great Britain is waiting for Canada to make the first advance, then let Canadian statesmen come to the front with a business proposition.

H. J. WICKHAM.

Toronto, Aug. 27, 1895.

Tollgate Anti-Abolitionists.

As a reply to Scarboro's meeting of the 20th inst., a number of the opponents to the bylaw held a private session at the Clyde Hotel on Monday afternoon and drew up a resolution to oppose the abolition of the tollgates, both at the forthcoming hearing before the Lieutenant-Governor, probably on Sept. 7, and at the session of the County Council in November next. There were present Reeve Slater of Markham, Reeve Pugsley of Richmond Hill, Reeve High of Vaughan, Mr. Levi Annis, Deputy Reeves Lemon, Scott and Reesor of King and Markham, Deputy Reeve Arnold and Bryson of Vaughan and Messrs. David Duncan, McMahon, Wood and Kirk.

Nearly everyone present gave his views on the subject. Mr. Levi Annis took much the same ground as he did at the Woburn meeting. He stated that Scarboro's share of road maintenance had been $300 per mile for the last 10 years, and that in thinking they could be kept up for less cost the council did not represent public opinion in Scarboro. Reeve Pugsley and Deputy Reeves Lemon of King and Scott of Markham said that the removal of the tollgates would be against the interests of the ratepayers.

Mr. David Duncan was in favor of letting the council sit on the subject again, and Reeve High of Vaughan thought it would be a fatal mistake if they did not put themselves in array against the forces of the abolitionists on the day they would appear before the Lieut.-Governor. The suggestion prevailed, and Reeve Slater of Markham, the Reeves of Richmond Hill and Vaughan, Deputy Reeve Lemon of King, Mr. Annis of Scarboro and Mr. David Duncan were entrusted with the proper carrying out of the plan.

Cannot Be Beat.—Mr. D. Steinbach, Zurich, writes: "I have used Dr. Thomas' Eclectric Oil in my family for a number of years, and I can safely say that it cannot be beat for the cure of croup, fresh cuts and sprains. My little boy has had attacks of croup several times, and one dose of Dr. Thomas' Eclectric Oil was sufficient for a perfect cure. I take great pleasure in recommending it as a family medicine, and I would not be without a bottle in my house."

Peace in Ecuador.

New York, Aug. 28.—A special from Guayaquil says the war in Ecuador is over. Quito has pronounced in favor of General Clay Alfaro. Political prisoners have been liberated.

CANADIAN PACIFIC AND AMERICAN RAILS ARE HIGHER.

Wheat Active in Chicago With Prices Irregular, Closing Firm—Cables Firmer at Close—Sterling Exchange is Strong—Cotton is Higher at New York and Provisions Lower at Chicago.

Wednesday Evening, Aug. 28.

The feature to-day was the weakness of Toronto Street Railway shares.

A despatch from Winnipeg to-day says: Weather continues fine; no report of frost; harvesting going on without a hitch.

Consols steady, closing to-day at 107 3-4 for money and at 107 3-4 for account.

Canadian Pacific higher, closing in London to-day at 56 3-8. St. Paul closed at 77 5-8, Erie at 10, Reading at 9 7-8 and N.Y.C. at 105 3-4.

In London the market for Americans is active. The low priced issues are attracting considerable attention.

There is a slight advance in sterling exchange, owing to a scarcity of commercial bills.

Windsor Salt is not only the best for table use, but it is the cheapest. It will not get hard in salt cellars. Your grocer sells it. Toronto Salt Works, City Agents.

Money Markets

The local money market is unchanged at 4 1-2 per cent. for call loans and 6 to 6 1-2 per cent for prime commercial paper. At New York the rate for call loans is 1 and at London 1-4 per cent. The Bank of England discount rate is unchanged at 2, and the open market rate 5-8 per cent.

Foreign Exchange.

Henry A. King & Co. received the following despatch over their private wire to-day: Our wheat market is weak again and is selling lower than it has since last spring. There seems to be a lot of Sept. and Dec. for sale al the time. It keeps the market full and weak. There was fair buying this morning. One line of about one million short wheat was bought in and at the same time some very good traders bought some wheat. This helped the market for a few minutes. One great trouble is the fact that very little wheat is going out of the country. Out of seven million bushels last week America supplied 2. Receipts in the Northwest, we are told, owing to the wet weather for past two or three days, will be rather light. After that it will be simply a question of hauling capacity of railroads, and if nothing occurs to attract outside speculation there will be a pretty heavy load.

McIntyre & Wardwell (John J. Dixon) received the following despatch from Schwartz, Dupee & Co., Chicago, The wheat market was weak and lower during most of the session, September declining from 60c to 59 1-2c, closing with most of the day's decline recovered. The selling principally was liquidation of September options, and the bulk of the buying seemed to be for short account. There was no cash business reported here for shipment. New York reported 37 loads taken there for the United Kingdom and Antwerp. Crop news from the Northwest continues favorable, no frost having materialized as predicted last night. Receipts at primary markets were less than half what they were—700 against 735 last year. Total clearances of wheat and flour from the seaboard were 320,000 bushels. After the liquidation and decline of the past two weeks, the market ought to do better, but whether it will or not will depend on the demand. Corn lower on favorable weather. St. Louis reported the arival there of new No. 2 corn with liberal offers of more for September delivery. Cables easier. Seaboard clearances only 10,000 bushels. Cash demand here was light. Provisions active and lower, especially for November deliveries under continued liquidation of September pork and ribs. The demand from shorts was much lighter and that interest appears to be about covered up. There was a somewhat better cash demand for meats, but it was offset by lower prices for hogs, which are now about on a parity with October product. There was a fair amount of outside buying of January deliveries, with packers selling moderately. Continued liquidation and a heavy market seem probable the remainder of this week.
