50c. Bottle FREE

Read the Reasons for this Offer, so Vitally Important to the Sick:

Psychine is the greatest vitality builder of the age. For thirty years Psychine has been curing almost every disease that is due to run-down vitality. Hundreds of thousands have used Psychine with wonderful beneficial results. We have received thousands of unsolicited testimonials from people whom Psychine has cured, of in many cases, hopeless ailments. There are still thousands of people suffering from disease, however, whom Psychine can benefit. There are still thousands who are trying to cure themselves by wrong methods, who are using dangerous and hurtful medicines. There are still thousands who are gradually losing their vitality - from whose body the necessary resisting power to disease is slowly but surely slipping away. There are still those who soon will hear the dread "call in the night" if they do not take prompt action. To these we have the above message, viz.: "Let us buy a 50-cent bottle of Psychine from your druggist and give it to you, free, to prove its great value." That 50-cent bottle of Psychine will tell you more powerfully than mere words can how tremendously beneficial Psychine will be for you. It will give you an unmistakable indication of its wonderful power to renew the bodily vitality, to strengthen the phagocytes (the white corpuscles), the policemen or scavengers of the body. The Surgical Department of the Japanese Army, in the Japo-Russian war, first drew the attention of the scientific world to the function of the white corpuscles of the blood or phagocytes. Foreign medical men were astounded to see Japanese soldiers with wounds that had not been cleansed or dressed for days, that were apparently dirty, ill-kept, and altogether unsanitary. Yet these dirty wounds healed marvelously; no army of the world had ever known had such a wonderful record for the recovery of their wounded as the Japanese army. And all because the Japanese knew how to let the white corpuscles cure. There are two kinds of corpuscles in your blood, you know, red and white. The red carry nutrition, the white are the policemen or scavengers of the body. Whenever a disease germ enters the body, these white corpuscles attack and literally eat it. A wound that attracts disease germs from the air is cleansed and healed by billions of phagocytes, or white corpuscles, devouring these unwelcome disease germs. Any disease can be cured by these white corpuscles if they be in sufficient number or strong enough to attack and devour the germs that cause the disease. If they are not in sufficient numbers or strength, then the disease germs eat them and disease claims the body. That's the cause of every disease to which humanity is heir. For centuries the cure of disease has been by means of herbs - nature's remedies. It is only within recent times that we have come to know these herbs. Now scientists tell us they increase the strength and numbers of the white corpuscles or phagocytes. In Psychine we have some of the most healing and beneficial herbs in the world, herbs that increase and strengthen the white corpuscles. From Arabia comes one herb, from South America another, China and Japan produce a third, while the jungle of India yields a fourth. All these herbs are recognized by the medical profession as being the most beneficial to health that they know. That's why Psychine, in the third of a century it has been made, has cured hundreds of thousands of people who suffered from the following diseases: La Grippe, Bronchitis, Hemorrhages, Sore Throat, Insanities, Female Weakness, Indigestion, Poor Appetite, Chills and Fevers, Sleeplessness, Nervous Troubles, After-effects of Pleurisy, Pneumonia and La Grippe, Bronchial Coughs, Weak Lungs, Weak Voice, Spring Weakness, Early Decline, Catarrhal Affections, Catarrh of Stomach, Night Sweats, Obstinate Coughs, Laryngitis and Whooping Cough, Hysteria, etc.
