Geo. Sproule Certifies:

The applicants having large families and being in good circumstances ask each 400 acres, to cross the brook, with a front of 35 or 40 chains to each lot as the interval on the brook is narrow and the real land very poor, the situation is vacant.

Francis Cormier stated being informed that any unimproved lands in this province might be obtained on application to the Government we the undersigned have been encouraged to solicit your Honor to procure a grant of permission to improve upon a tract of land lying and situate on the west side of the river of Memramcook hitherto not occupied or improved on, it is bounded on the North 67 lot of about two miles more or less along the river downwards. Your kind attention with our request will confer an everlasting favor on. Your Most Humble subjects and petitioners, Francis Cormier, Germain Cormier, Sylvan Cormier, Peter Robinson.

Henry Stultz, Sylvan Babinou, and Joseph Leger of Dorchester, stated that at a distance of about two miles back from their respective dwellings, there is a body of about 200 acres of wild meadow ungranted which they are in great need of, for hay to support their stock and pray that the said Henry may have 160 acres and the said Sylvan and Joseph fifty acres each.

That the said Henry Stultz hath erected a dwelling house, saw mill and grist mill on the mill creek so called in Dorchester upon ungranted lands above and next to Reuben Mills. Your memorialists therefore humbly pray that they may have a vote of Council on warrant of Survey, or such other assurance as Your Excellency can give them or otherwise grant relief and they as in duty bound will ever pray.

Henry Stultz, Sylvan Rabinou, Joseph Leger.

Signed by A. Botsford in their behalf.
