

the heading of "Canada," on page 388, there is an account of the bogus so-called Grand Lodge of Ontario, an organization not recognized by a single Grand Lodge on the face of the earth. We know our learned Brother must have allowed so damaging a paragraph to have been published by mistake, as this body is thoroughly spurious and unworthy of mention in any respectable Masonic journal. It was formed, as everybody knows, by a few members of a dissatisfied lodge under dispensation, and has been built up by a scandalous system of canvassing.

MASONIC TRUTH.—We are in receipt of *Masonic Truth*, a semi-monthly paper published at Boston. From a careful perusal of its pages, we are pleased to note that it is the bold exponent of *advanced liberal views*, and is not afraid to call "a spade a spade," and denounces the Grand Lodge of Massachusetts for its recent effort to "handicap" Freemasonry in that State. It enters very fully into the schisms of the Scottish Rite, and exposes the presumptuous pretensions of the Northern Jurisdiction in the most cutting manner. It advocates the Supreme Council presided over by Bro. Dr. E. de la Granga, of Hotel St. Omer, Boston, Mass. We wish *Masonic Truth* every success.

THE SCOTTISH RITE IN BOSTON.—Massachusetts Consistory, owing allegiance to the Supreme Council, Northern Jurisdiction, has this year admitted fifty-one to membership. The Boston Consistory, under the Cerneau-Peekham Supreme Council, and the Consistory under the Cer-

neau-Hopkins-Thompson Supreme Council, have each admitted about one hundred and fifty. The Supreme Council, presided over by Dr. E. de la Granga, of Hotel St. Omer, Boston, Mass., has been fully organized, and is ready for work.—*Masonic World*. So much for the un-Masonic action of the Grand Lodge of Massachusetts, in endeavoring to legislate for the higher grades, and tyrannize over the inherent rights of individual Masons.

THE MASONIC WORLD.—This is a monthly periodical published by the *Masonic World Company*, at Boston, Mass. It is neatly gotten up, and is a strong exponent of the Egyptian Masonic Rite of Memphis. It is opposed to the pretensions of the Northern and Southern Jurisdictions, and will prove a strong and fearless advocate of freedom in Masonry and the inherent right of individual Masonic thought. The Grand Lodge of Mass. has thus, by its un-Masonic action, actually given an impetus to the Memphis Rite, the Cerneau Bodies, and the Supreme Council of Dr. E. de la Granga, and thus instead of building up their pet Palmer's Supreme Council, have actually stirred its rivals into action. Let the *Masonic World* advocate right and justice and Masonic liberty, and it must prosper.
