Wheat Declines, but Reacts Later.

Chicago Oct 18.

Wheat has changed from strong to weak and back to strong. The export business and foreign buying continue, and these facts coupled with the small increase in World's visible, according to Bradstreet, were the causes of the reaction from the break which occurred near twelve o'clock. December opened and closed at 65½, having during the day sold at 65. May opened at 66½, sold at 66½ and closed at 66½.
Corn, Pork and Lard were all steady and close the day at yesterday's closing prices.
