**McFARLANE'S  
 PATENT IMPROVED CANT DOGS**

WITH FORGED SOFT STEEL SOCKET (as shown in cut).

AN ENTIRELY NEW INVENTION—the result of years of hard study and a large expenditure of money. The aim has been to make a cant dog light enough to be easily handled, yet strong enough to meet the required strain. This, I am pleased to say, has been obtained in THE BOSS CANT DOG. It is so good of the best quality of material, manufactured with the latest improved machinery, and I invite an intelligent inspection of its merits and workmanship, guaranteeing it to be all that is represented. Made in three sizes, No. 1, No. 2 and No. 3. No. 1 is 2 1/4 in., No. 2 is 2 3/4 in., and No. 3 is 3 1/4 in. diameter. Any length handle, from 2 to 6 feet, and suitable for the different grades of work, from handling the smallest to the largest logs. Manufactured only by
