## Mixed Pickles, Jams, Jellies & Preserves

—PREPARED BY—

### MICHEL LEFEBVRE & CO., MONTREAL.

Established 1849. Gold, Silver, and Bronze Medals. 20 1st Prizes.

### The Pintsch System of Lighting Passenger Trains with Gas.

The Pintsch system of lighting by means of compressed gas is pronounced by competent judges to be the best known means of car illumination.

It is safe under any and all circumstances. It is not affected by atmospheric changes. Burns more steadily than any other light in use. Although very brilliant it is soft and agreeable. It emits no smoke, is odorless and perfectly clean.

It is so effective and evenly distributed that travellers in any part of the car can read easily and comfortably.

It is simple in operation, absolutely reliable and of constant quality.

Although this system has been in use on some of the leading lines in the east and in Europe for some time, the credit of first introducing it in the Northwest belongs to "The Northwestern Line"—C., St. P. M. & O. Ry.

The vestibuled trains on this line, leaving Minneapolis at 6.50 p. m., St. Paul, 7.30 p. m., daily for Chicago and Milwaukee, are lighted throughout with this gas.

In addition to the superior arrangement and comfort of the sleeping cars on the vestibuled limited, this brilliant light adds to the appearance of the car and passengers have expressed themselves as delighted with this method of lighting.

The Chicago, St. Paul, Minneapolis & Omaha Railway Company is now constructing a plant in Minneapolis for the manufacture of Pintsch Gas in order to supply the entire passenger equipment.

No line keeps its equipment more completely up to the latest standard than does "The North-Western Line," and it has never failed to provide any improvement likely to add to the comfort, safety or pleasure of through travel.

Beginning to-day, Monday, some changes will be made in the train service on the Emerson, Selkirk and Stonewall branches of the Canadian Pacific in Manitoba. The principal change will be the increase of the Emerson service from a single train to a tri-weekly service.

## Pure Highland Scotch Whiskies.

THE FAMOUS  
LAGAVULIN DISTILLERY,  
ISLAND OF ISLAY,  
SCOTLAND.

The Laggavulin Whisky is famous for its fine quality, being made from pure Scotch Malt Only, and has long been the favorite beverage of Sportsmen.

It contains no grain spirit, or other Whiskies one knows nothing of, and the most eminent Physicians of the day prescribe it where a stimulant is required.
