report will almost bear repetition. Sugars are moving freely to Western jobbing centres in anticipation of the preserving demand, but there has yet been no revision of quotations, as was thought probable. Teas show a hardening tendency in Japan, where last year's prices were refused the other day for large lots. New stocks are coming forward there slowly, and some hold that the yield is likely to be short. A lack of interest prevails in molasses, and no cargoes of new crops are yet forward. Circular advices from London report some little strengthening in spices. Canned goods are slow of sale. The high price has checked the consumption of sago, but more tapioca is being consumed at prices ranging from 4 to 5½c., as to quality.

HIDES.—The main feature of change in this department is the weakness in calfskins, which have declined to 5c., it is said; lambskins have advanced to 25 to 30c. each. Green hides are coming in freely from the country, and are easy at last quotations, 5½c. per lb. being the extreme figure for No. 1 realized from tanners, dealers paying half a cent less. In Chicago hides are as low as 4½c., we are told.

LEATHER.—The week has ruled on the quiet side. Some shoe men are beginning work on fall stock and are looking around for supplies of leather, but buying has as yet been moderate. Sole is very firm at quotations; nice light upper is still scarce. Stocks in England are being reduced, but prices there show no upward move yet. There has been some broaching of the shutting down of Canadian tanneries for a period, following the example of American tanners, but no definite action has yet been taken. We quote:—Spanish sole, B. A., No. 1, 21 to 23c.; do., No. 2 to B. A., 16 to 17c.; No. 1, ordinary Spanish, 19 to 20c.; No. 2, 16 to 17c.; No. 1, China, none to be had; No. 1, slaughter, 20 to 23c.; No. 2, do., 18 to 20c.; American oak sole, 39 to 43c.; British oak sole, 38 to 45c.; waxed upper, light and medium, 26 to 29c.; ditto, heavy, 23 to 28c.;
