OPALS

There are few jewels more popular than  
the October stone, possessing, as it does,  
the many colors of the rainbow. An  
opal either by itself or in combination  
with diamonds, when set in a ring makes  
a most attractive piece of jewelry.

YOUNG MEN

out of 100 would never  
save money unless  
forced to do so.

**M**OST young men would like to save a  
portion of their income; they really  
intend to, but the fact remains that  
they rarely do so unless specially encouraged  
or forced. A policy in the leading Canadian  
company encourages—nay, forces—young  
men to lay by the premium year by year.  
If not paid for life insurance the premium  
would in many cases be frittered away in  
some passing fancy.

Have you seen the Guaranteed  
Privilege Policies of the **Canada**  
**Life Assurance Company** ?  
It will pay you to examine them.
