

ARTICLE XI

INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises, and according to the laws of that State; but if a resident of the other Contracting State is the beneficial owner of such interest, the tax so charged shall not exceed 15 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State shall be exempt from tax in that State if:

- (a) The interest is beneficially owned by the other Contracting State, a political subdivision or local authority thereof or an instrumentality of such other State, subdivision or authority, and is not subject to tax by that other State;
- (b) The interest is beneficially owned by a resident of the other Contracting State and is paid with respect to debt obligations issued at arm's length and guaranteed or insured by that other State or a political subdivision thereof or an instrumentality of such other State or subdivision which is not subject to tax by that other State;
- (c) The interest is beneficially owned by a resident of the other Contracting State and is paid by the first-mentioned State, a political subdivision or local authority thereof or an instrumentality of such first-mentioned State, subdivision or authority which is not subject to tax by that first-mentioned State;
- (d) The interest is beneficially owned by a seller who is a resident of the other Contracting State and is paid by a purchaser in connection with the sale on Credit of any equipment, merchandise or services, except where the sale is made between persons dealing with each other not at arm's length; or
- (e) The interest is paid by a company created under the laws in force in the other Contracting State with respect to an obligation entered into before the date of signature of this Convention, provided that such interest would have been exempt from tax in the first-mentioned State under Article XII of the 1942 Convention.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage, and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prized attached to such securities, bonds or debentures, as well as income assimilated to income from money lent by the taxation laws of the Contracting State in which the income arises. However, the term "interest" does not include income dealt with in Article X (Dividends).
