

that co-operative steps be taken by the proper federal and provincial authorities to continue the investigations into the possibilities of developing on a commercial scale the discoveries already made.

Hon. Mr. CRERAR: Something along that line would be all right. I will move that.

Hon. Mr. DUFFUS: I second the motion.

The motion was agreed to.

Hon. Mr. TAYLOR: Is the National Research Council doing any work along this line?

Mr. PEART: No.

At 12 o'clock noon the committee adjourned.
