Dear Sirs,

We are sending you a copy of the first supplement to our "List of Displaced German Scholars", which you have already received. We hope you will continue to use the "List" for reference purposes whenever vacancies occur.

It would give us pleasure to supply you with further information concerning any of the dismissed German scholars in whom you may be interested, or to put you in touch with them.

May we draw your attention to the confidential nature of the publication.

Yours very truly,
