## Change of Pass-Mark

7. To matriculate a student must obtain an average of $60 \%$ in ten required papers and not less than $40 \%$ in any one paper. The High School Leaving standard of passing is $50 \%$ in each paper. This double standard increases the difficulty of examining a paper that is used for both examinations.

I suggest that the pass-mark be $50 \%$ in every paper, and that to metriculate a student must obtain an average of $60 \%$ in the ten required papers and pass in at least nine of them.
