

Ottawa, March 21, 1925

Colonel Wilfrid Bovey,
C/o McGill University,
Montreal, P.Q.

Dear Colonel Bovey:

In pursuance of our telephone conversation of this morning, I have spoken to Mr. R. H. Coats, Dominion Statistician, who will be pleased to explain the workings of the Bureau of Statistics to the visiting McGill students on their arrival on Thursday next. I have told Mr. Coats that your party would proceed immediately on arrival to his office at 22 Vittoria Street, which is only a five minutes' walk from the station.

Yours faithfully,

Private Secretary.
