York County and Suburbs of Toronto

SPRING WILL TELL A DIFFERENT TALL

Water in Township May Be All Right Now, But With Summer Comes Danger.

SAYS JAMES WICKENS

Typhoid Cases Would Not Have Occurred Had There Been Sewerage.

Altho a recent meeting of the Rate-payers' Association of Little York downed the annexation question by a vote of 18 to 2, several of the residents of the district claim that the meeting was by no means representative. One went so far as to say that if a vote of the whole district were taken the result would be a mojority for the annexation supporters, altho, perhaps, not a large one. This statement was made to The World yesterday by J. Wickens of Cedarvale avenue, and he went on to say that water was, perhaps, the most urgent need in the district. the district.
Water Contaminated.

Water Contaminated.

In the first place, Mr. Wickens pointed out that, however good the water might be at the present time, springtime would tell the tale, when all the refuse melted and found its way to the wells, when the water would be bound to be contaminated. Water was also essential in regard to fires: "Where would any of these houses be if fire once broke out in the district?" he asked.

Regarding sewers, Mr. Wickens said that the recent typhoid cases in the vicinity would in all probability not have occurred if there had been a disposal for the sewage which the doctors stated had contaminated the well water.

for the sewage which the doctors stated had contaminated the well water.

Not Long to Wait.

He did not think the residents would have to wait long for their improvements, as has been stated, and sewers, especially, would be quickly forthcoming, as the sewage system of East Toronto was of sufficient capacity to drain the whole of the territory which it is proposed to annex.

Police Needed.

He thought that police protection was needed in the district, altho it has been said that the only source of trouble was the boys of the place, who became wildheaded at times. Nevertheless, as Mr. Wickens says, something may happen which would need the attention of the police.

ULTIMATE DESTINY

Water Supply Necessary.

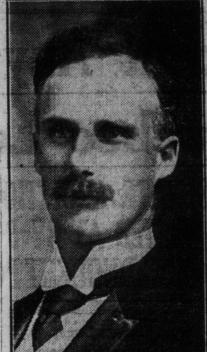

How can you make provision for fire protection in the suburbs? Mr. Clarke was asked. "As to that, the matter has never been considered. The statutes permit the township to lay out fire districts and to make grants to fire brigades, but what is the use of this until we can guarantee a water supply?" was Mr. Clarke's counter duery.

Arrangements have been made betwee the executive of the Progressive Rate-payers' Association and the school board of Section 26 to hold a kindergarten class in the Church of the Resurrection, on Woodbine avenue. This will fill a long-felt want, as it has proved a great hardship to a number of the small children to walk to the dren to walk to the school in its present location. It is hoped that the building will be compped and ready for use to-

Lodge Coleridge, S.O.E.B.S., are hold-

Three summer cottages, owned by George Northcote of New Toronto, have been totally destroyed by fire. When is the fire was discovered the young men of the village formed a volunteer brigade, but the flames had gained headway before the men could get into working order and their efforts were confined to keeping the fire from spreading. The damage is estimated at \$2500 and is only wastlesseed to the County Orange Lodge for endors atton."

An afternoon sleigh ride to Thistletown is arranged, weather permitting, for the ladies of the Women's Institute tomorrow night at 8 o'clock. Parks Commissioner Chambers appears to have more or less retracted his statement of Saturday night in reference to the transferring of the Riverdale Zoo to North Toronto. He says that as the goo is getting cramped there is a probability that it may go north. at \$2500 and is only partially covered

How can you make provision for fire protection in the suburbs? Mr. Clarke was asked. "As to that, the matter has never been considered. The statutes permit the township to lay out fire districts and to make grents to fire brigades, but what is the use of this until we can guarantee a water supply?" was Mr. Clarke's counter query.

"My 27 years' experience as township clerk has led me to believe that there is only one solution of the suburban difficulties, and that is annexation to the city. All you have to do to confirm this is to go over the history of the township and city during that period. "However," Mr. Clarke concluded, "if the people want to stay in the township and still get city conveniences, the township will no doubt do its best to get these for them."

The regular meeting of Thistletown branch of West York Women's Institute will be held on Wednesday, Jan. 21, at 2.30 p.m., at Mrs. George Stewart's home. The program for this meeting will be provided by members from the Weston Institute. All ladies who avail this meeting will undoubtedly enjoy themselves As on former occasions Weston Institute has always provided pleas-this letown branch.

The annual meeting of the public li-brary will be held tonight for the pur-pose of receiving the annual report and electing officers for the year.

REGULATIONS EXIST.

Editor World: Would you favor me with space in your paper re the Bedford Park skating rink. The nights allotted for hockey playing are Mondays, Wednesdays and Fridays. Other days are open only for skating and no hockey allowed. I was sorry to read in your paper on Saturday the name given to Bedford Park. I am sure you could not find in the whole of Toronto a more obliging lot of people than those residing in Bedford Park. Trusting that this will meet the cye of the person who was so ungrateful to dub us as rink hogs.

meeting of the men's club in the basement hall of the church, at which there will be an initiation of new members. Rev. H. Snartt will preside.

Moon & Jeffrey report the following sales and exchanges: Twenty-five feet by 120 feet on Lauder avenue, the property of Mr. Hasty to J. Brown; exchange of the semi-detached, sold brick residence. No. 4 Highview crescent, Oakwood, price \$6400, owner William Deaney, for 120 feet frontage on west side of Nairn avenue, corner of Ascot, at \$45 a foot, the property of Mr. Eccles.

Moon & Jeffrey state that it is not the real estate people who are working the petition for sewers, etc., on Lauder avenue, but the property owners, who have secured all the necessary signatures, and, as already stated, the sewers have been promised about the time stated.

Wardecourt branch C. O. Woodmen of

stated.

Earlscourt branch C. O. Woodmen of the World held their usual meeting in Little's Hall last evening. There was a good attendance.

Frity men have been laid off from the bridge shop of the Canada Foundry Co., Davenport road.

Lodge St. Clair, The Elks, was duly installed last-evening into the Dominion Elks. Past Exsited Ruler Raneker of Vancouver performed the ceremony, and East Toronto and Lansdowne Lodges assisted. The proceedings took place at the residence of G. E. Phillips, St. Clair avenue, Earlscourt. Thirty-six members were initiated and there was a good attendance from the two visiting lodges.

Great interest has been aroused by a communication from Ottawa to the effect that the voters' list to be used in the vote on the Canada Temperance Act on Jan. 29 will not be those for 1913 in all of the municipalities with the exception of Toronto Township. That municipality will use the 1912 list, because the revision was not completed in time to make it available for use on Jan. 29. Toronto Township has five of the eight licenses of the County of Peel. At the revisions last fall the friends of the licensed victualiers were very active in securing additions to the list, believing that those added would vote against the Canada Temperance Act.

There were appeals in Port Credit for almost eighty persons, about fifty-four in Cooksville, and a large number in Erindale and Clarkson. The temperance people are glad that the 1912 lists are to be used, while opponents of the act depended on 1913 list.

It known December 1913 in altered to the service and witnessed the departure of the hearse. The crowd included a large number of representative citizens, prominent in industrial and financial affairs.
