TWELVE MEN DISCHARGED

Refused inoculation—Others
Are Doing Well—Many
Camp Activities.

The third day's inoculation of the
men in camp at Exhibition Park has
been passed upon and it is stated by
the medical staff that only five of
the men needed further medical at-
tention out of the 1,148 inoculated in
the one day. On the third day 400
members of the Mounted Rifles, 248 of
the Field Ambulance Corps and 300
artillerymen received the anti-typhoid
inoculation. Of these only three were
not vaccinated by the inoculation.

Lieut.-Col. (Dr.) Fotheringham states
that the protection from typhoid by
inoculation is 98 per cent., and the
protection lasts from 18 months to two
years. The anti-typhoid serum has
been used with great success in the
case of the United States Army, the
inoculation being four times repeated.
Out of 18,000 men stationed for about
one year in Texas on the Mexican
border, there was only one death from
typhoid and only a very few cases.

Refused to be Inoculated

The camp orders show that twelve
men have been struck off the contin-
gent because they refused to be inoc-
lated. It is stated that although a soldier
has the right to refuse inoculation, he
has no right to be a menace to his
comrades.

The Army Service Corps sent 258
men to the camp yesterday.
These form a part of the Field Butch-
ery, Field Bakery and Mechanical
Transport Divisions.

Rev. Dr. Chown, Superintendent of the
Methodist Church, will address the
contingent members at the big service
to be held in the transportation build-
ing on Sunday.

Major Irving Mentioned.

It has been announced that the new
battery of field artillery to be mobil-
ized at the camp will be raised by
drawing men from Toronto, St. Cath-
arines, Hamilton and Brantford. Major
L. E. W. Irving, D.S.O. of Toronto,
who served with the Royal Canadian
artillery in South Africa, has been re-
commended as officer in command. The
new battery will contain 150 men.
Three complete batteries went from
the division, of which Toronto is the
centre, with the first contingent and
three have already been announced for
the second contingent.

Preparations for Christmas are al-
ready being thought of. The Y. M. C.
A. has intimated their desire to
implement the Christmas dinner of
the commanding officers suggest. The
Y. M. C. A. will also decorate the
rooms in camp at Christmas time.
The Parks Department Rifle Assn.
claim to have the use of the trans-
portation building from 8 to 10
o'clock on Mondays and Thursdays.

**SAYS CONTRACTOR
ROBS WORKMEN**

Charge Unfair Wage Treat-
ment Under Board of Ed-
ucation Contracts.

TEST HEATING SYSTEM

School Children Have Given
Two Thousand Dollars to
Belgians.

"Some of the contractors do not
know that they are robbing the
workmen," says a contractor who
has been charged with unfair treat-
ment of his workmen under the
Board of Education contracts. The
charge was made by Business Agent
Varley of the Building Trades Union,
addressing the board of education
last night. Chairman McTaggart said the board
had done its utmost to enforce the
minimum wage clause, but could take
no further action without specific
charges being made.

Mr. Varley said he was prepared to
place specific charges before the
property committee and would do so at
an early meeting.

Test Heating System.

Trustees Brown and the chairman of
the board for 1915 were appointed re-
presentatives to the National Exhibi-
tion Board.

A test of the Pease heating system,
at a cost of \$8895, will be made by
its installation at the North Toronto
High School.

Over two thousand dollars has now
been contributed by the Toronto pub-
lic school children to the Belgian re-
lief fund. The amount is the result
of a collection made by the school
children in the person of Mrs. Agnes
Wallace of 405 Manning avenue. He
was in the seventh year of his study
and had obtained his B.A. degree
in 1913. Besides graduating
with first-class honors in the honor
course, he stood first in the third
year medicine exams last year.
Wallace was 23 years old. A large
number of Varsity students have ar-
ranged to attend in a body at the fun-
eral, which will take place on Satur-
day morning. The cause of death was
heart trouble.

**SENSATIONAL CUT
IN RETAIL PRICES**

AT MURRAY-KAY'S SOON

Price Reductions Amazing—
Opportunities for Christ-
mas Shoppers.

Unprecedented in the experience of
Toronto is the opportunity which
the Murray-Kay, Limited, is offering
this week. Recognizing that this year
more than at any other time in the
history of the city, the public appre-
ciates the idea of a sale on the chief
note in Christmas giving, the company
is offering a large and varied stock of
articles. They will appeal not only
because of their work, but because
they are to be offered at astonishingly
low prices.

For the housekeeper looking for the
combination of comfort and elegance
there are comforters to be sold at half
the usual price. These beautiful, at-
tractive combinations of silk and down
which at other times would sell for
\$10.00 will next week be on the coun-
ter for a simple one-dollar bill.
Handsome table cloths before ticketed
\$10.00 will be marked down to \$2.75.
Other articles in this line are to be
similarly reduced.

To Complete the Wardrobe.

In the matter of frocks or gowns
the Murray-Kay, Limited, may stock
her entire wardrobe at an astonishingly
low outlay, or may send gifts in
kind. The department of frocks and
gowns would have seen prohibitive
because of their price. Two tone vel-
vets, gabardine and a variety of hand-
some combinations of silk and wool
which are usually sold at \$2.50 to
\$3.00 are being reduced from \$4 to \$2
and \$5 to \$3.50. Material for a suit which
would have cost \$25 may be had in the course
of \$2.94. There will be 1200 yards of
brocade, chamoise and other vari-
eties of silk at an original cost of \$1.00
for 25 cents a yard. Higher grades
of silk are being sold at 50 cents and
all shades of velvets at proportionally
reduced rates.

In dress slippers there is something
to tempt the eye of the most fastid-
ious. The Murray-Kay, Limited, has
sold at \$5 may they be had for \$1.44.
Boxes of stationery, regular price \$5
15 to 25 cents, may be had at from
from \$1.00 to \$1.50. Fully equipped creas-
ing-cases may be had for \$5, which if
bought any other time would have cost
\$14. There are ribbons in all the new-
est shades in satin and tulle, some
nine inches wide and costing from
75 cents to \$1.00 a yard, which may be
had at the almost unbelievable price of
25 cents.

For evening wear there is a large
assortment of chiffon, crepe de chine
and liberty silk, ranging from \$1.00
to \$1.50 in value which will go at
the sacrificial price of 50 cents. Silks
in black and white with various de-
signs in tulle, gold and other de-
corations are being sold at 50 cents.
\$2.50 to \$1.75 will be sold at 85
cents.

Tableware Reduced.

In glass and china as well as a
variety of other articles, reductions
will be enormous, and remembering that
every article carried by the Murray-
Kay Company is guaranteed by the
very fact that it is sold by the com-
pany, the public is assured of a real
bargain in every purchase. The real
present chance is probably the best of
Christmas season, and exhibits such
colossal reductions that it may be de-
ferred in no other way than as "won-
derful."

GRANT FOR BELGIANS.

WALKERTON, Dec. 2.—The Bruce
County Council, at its session here last
night, voted grants of \$3000 for Belgian
aid and \$2000 to the Red Cross Society,
and recommended that the council of
next year assist the Patriotic Society.

JOINS THE REBELS.

ROME, Dec. 3.—An official statement
from Tripoli announces that the re-
bels attacked Fort Gara in force and
that the Ascar of Fezouan having joined
with the rebel army, the garrison re-
tired to Ascar.

**MORATORIUM MAY CANCEL
DECISIONS OF JUDGES**

Judgments Likely to be Reversed
When Act Comes Into
Force.

The "moratorium" legislation of the
Ontario Government has been attract-
ing attention lately because of the ap-
parent disregard of its spirit by judges
dealing with foreclosure cases. It has
been asked whether the statement is-
sued some time ago by the attorney-
general was actually designed to prevent un-
just mortgage foreclosures.

It was learned last evening that if
foreclosure proceedings have been de-
ferred and the mortgagees contend
the case to be good when the act
goes into force, the decision of the
house the proceedings will become void.
As a matter of fact, a first order of
foreclosure is not operative im-
mediately. The mortgagee has six months
to meet the situation.

PERCIL RELATIVES WANTED

The police are anxious to learn the
whereabouts of any relatives of Mrs.
Louise Percil, who left Toronto about
twenty years ago. A letter was received
by the police yesterday from John
G. Mansfield, chief coroner of Charlton
County, South Carolina, stating that a
white woman who was known as Bella
Percil, but whose correct name was
Louise Percil, died there a few days
ago. In his letter, Mansfield stated
that she had left Toronto about 20
years ago and was well-to-do.

**Tempered with
Common-sense**

The charge of the "Light Brigade"
at Balaclava was a magnificent display
of courage, the acme of patriotism,-----
but it accomplished nothing. It was
a useless sacrifice.

Be sure that you do not make use-
less sacrifices on the altar of your
country. Be sure that you temper your
patriotism with common-sense.

We must remember, in connection with our efforts
to buy nothing but "Made in Canada" goods, that there
are some articles necessary to every-day life that are
not and cannot be made as well and as economically
in Canada as they can elsewhere.

No amount of insisting that these be "Made in
Canada" could establish such industries on a permanent,
profitable basis in Canada. It would only result in in-
convenience, the acceptance of an inferior article by
the consumer.

In lines where competition is practicable, there are
enough industries in Canada turning out goods that are
the equal of those imported to support every Canadian
workman, if these industries are supported by every
Canadian consumer.

Everything Else Being Equal, Say
"Made in Canada."

**COL. DUNCAN DONALD
SUCCEEDS COL. CURRIE**

Was Gazetted at Ottawa Last
Night — A Popular
Officer.

The appointment of Major Duncan
Donald to be lieutenant-colonel, and
command the 48th Highlanders, vice
Lieut.-Col. J. A. Currie, seconded, was
announced at Ottawa last night.
Lieut.-Col. Donald is supervisor of
buildings for the Bank of Commerce.
He is the last remaining officer of the
first list gazetted in October, 1891,
when the 48th Highlanders came into
being as a regiment. He was then a
second lieutenant under Colonel John
I. Davidson. In 1892 he received his
captaincy, and became adjutant of the
battalion in 1896, holding that for five
years. Subsequently he commanded a
Company, which he gave up to become
adjutant for a second period, when
Colonel D. M. Robertson took com-
mand eight years ago.

Lieut.-Col. Donald served as adjutant
until he received his junior majority
when Col. Hendrie became command-
ing officer of the Highlanders, and a
year ago when Colonel J. A. Currie
succeeded Colonel Hendrie, Major Dun-
can Donald became senior major. He
had been a brevet-major since 1902, so
that he has been major for 11 years.
Lieut.-Col. Donald was one of the
officers who received the colors when
they were presented to the regiment
by Lord St. John, afterwards Earl of
Derby, in 1892.

**TRANSPORTATION TALK
BY MAYOR TO THE M.L.L.**

Good Transportation Means Better
Citizens and No Slums.

Members of the Toronto Municipal
Improvement Association were yester-
day at luncheon enlightened on the
transportation difficulties of the city
by Mayor Hooken. He pointed out
that Toronto's position was very un-
fortunate because the car company
was only required to serve one-half
the population. Moreover, there were
three outstanding franchises in the
newer portions of the city. Two
franchises had been taken over by the
city, but the three which remain im-
pede efforts to serve the citizens in
outlying districts.

The mayor claimed that good trans-
portation spelled symmetrical develop-
ment, increased efficiency of workmen,
prevented slums, brightened the lives
of women and children and improved
moral quality. A general discussion
followed among the members of the
association.

VARSIY DEBATERS' PLANS.

Varsity debaters will go into the final
of the Intercollegiate Debating Union,
as a result of McGill's announcement
that they would default. W. McL.
Clarke of Wycliffe College and John
Line, B.A. of Victoria, were the men
who were selected to go to Montreal
on Dec. 11 to orate against the McGill
debaters, but in consequence of the de-
fault they will meet the winners of the
Ottawa-Queen's debate which is being
held at Kingston tonight. The debate
will be away from home in any case,
and it is merely a question as to
whether the scene will be in Ottawa or
Kingston.

The subject selected for the debate
with McGill was "Resolved, that the
reciprocity pact of 1911 would have
been advantageous to Canada."

**CABINET MEMBERS GO
TO A SAULT-FUNCTION**

Three Ministers and Premier Will
Speak at Big Dinner
Tonight.

The Ontario Cabinet will be well
represented at the celebration to be
tendered to Premier Hesse at Sault
Ste. Marie on Friday evening. Hesse,
Fyne, Lucas and Macdormald left
with the premier at 9 o'clock last
night and will participate in the
events of the evening. Hon. W. J.
Harris had intended to accompany
the party, but was elected government
representative to the funeral of the
late Major Beattie, M.P., of London,
taking place today.

It is understood that preparations
have been made for great festivities
in the northern city, and in view of
the approaching shift in the provincial
cabinet it was thought that this
might prove the occasion of an im-
portant announcement. Mr. Hesse,
however, stated last evening that the
trip would be without political signifi-
cance.

INQUEST ON EDWIN MAISEY.

Coroner Tandy's jury last night re-
turned a verdict of accidental death
in the case of Edwin Maisey, age 11,
of 284 Weston road south, who was
killed on Friday, November 27, by a
Grand Trunk freight train on St. Clair
avenue. According to the evidence
the fat fell under the car while trying
to steal a ride and was run over. The
jury added a rider to the effect that
they will blame can be attached to the
railway company some action should
be taken to prevent similar accidents
in the future.
