## RESULTS GRATIFYING

Great Good Accomplished by Those in Charge of

Expedition and succinct reports of good work done along many and varied lines, marked the third annual meeting of the social service department of the Toronto General Hospital yesterday afternoon. His honor the lieutenantgovernor presided and Mrs. Hendrie was an interested spectator and listener at

the proceedings. Rev. Canon Cayley was invited by the chairman to say the inductory prayer, after which Miss Clara Flavelle, as secretary, reported on the details of the activities, and as treasurer gave the total receipts for the year as \$3,005.16, disbursements \$1,812.46, with a balance in hand of \$1,837.13. Miss Jane Grant read her report as head worker of the staff of social service workers.

The chairman in a short address stated that until a few days ago he had known but little of this branch of public activity. Now, knowing something of the good it was accomplishing, he con-gratulated the president, Mrs. Dunlap, and the three workers. Miss Grant, Miss Clarke and Miss Knisley, on the results they had attained. The lieutenantgovernor emphasized one point, in which

he said he was deeply interested, and that was the necessity which he felt interested, and ery keenly of an institution somewhere in the province of Ontario where those who are feeble-minded might be protected. He urged the ladies present to increased interest in this matter, and them out of his experience as member and a politician of twelve could wield with the members is, in-deed, very great. The provincial treasurer he knew was in sympathy with the idea, and the women could do a deal nowards assisting the institution if they

but realized their possibilities.
In seconding the adoption of the re ports Dr Clark of the General Hospital added his testimony as to the assistance the social service workers give to the Officers Re-elected.

There are two or three matters which they especially find pro-mising to be troublesome, and which could be easily overcome if employ-ers had a better conception of the

One of these concerns the employer who conducts his business unknown to the board and who neglects to send in payroll returns.
