ROW OVER RESERVOIR

Lively Time Expected Over Rejection of Project by City Engineer.

By a Staff Reporter. HAMILTON, Thursday, Oct. 21.—Disputes are expected when T. Stewart, M.P., returns to Hamilton from his trip to the western coast.

Mr. Stewart took this matter up with the hydro-electric power board, and Mayor Walters, at the same time took it up with the city council.

The report of the experts said that there would be a saving to the water-works and hydro-electric departments if the city had a big storage reservoir where water would be stored, so that the electric pumps could be closed down during the peak load hour.

City Engineer MacCallum has been asked to report on the experts' report, and it has been intimated quite clearly that what his report will be, that no reservoir is needed here.

This directly hits the hydro, which would save some thousands of dollars a year if a big reservoir was built, and as the hydro is strongly supported by T. Stewart, it is expected that he will enter strong objections when he finds out how matters are going in the water-works department.

Infants Home Prosper. The annual meeting of the Infants Home and Home for the Friendless, corner of Caroline and Duke streets, was held yesterday afternoon and the various reports submitted showed the institution to be in a flourishing condition.

Red Cross Appeal. "England this day expects every man to do his duty," was Lord Nelson's signal from his flag on that memorable Trafalgar day. Today is the anniversary of Trafalgar, and Britain expects every subject to do his share in raising funds for the British Red Cross Society.

Inspected the Stables. Col. W. E. Brooks of Toronto, who will command the regiment of mounted riflemen that will mobilize in Hamilton this winter, along with Major Ross, O.C. of the local Dragoons, and Major Walters, visited the Jockey Club grounds.

There will be about six hundred soldiers with the Mounted Rifles, and the Dragoons will recruit for them in Hamilton. It is likely that about two hundred recruits will be wanted from Hamilton, and quotas will come from Brampton, St. Catharines, Dundas and other places.

cality in motor cars, accompanied by two Highland pipers and a bugler.

The jitney drivers have made a pool, and are sending in a generous donation, and office and newspaper staffs and school classes are enrolled as large givers. No part of Toronto has or will be left uncannvassed, for there are plenty of motor cars gaily and appropriately decorated and manned by solicitors who are doing their work with a zeal that is reaping a full and material result, which will more than meet the expectation of Lord Lansdowne, who made the appeal for the British Red Cross Society and the Order of St. John, to Canada.

An old veteran of the Northwest Rebellion dropped into the Toronto headquarters on West King street and offered a pair of shoe laces. They were put up for auction, and the local branch of the British Red Cross Society, which has been donated by all Toronto policemen. The United States has not forgotten to contribute and \$100 has been sent by the Fort and Johnston Machinery Co., Pawtucket, R. I.

The churches have thrown open their doors and under the organization of Mrs. H. D. Warren each church in making a contribution. A special committee has been appointed by the Holy Blossom Synagogue, which will canvass all the Hebrew congregations.

Red Cross moving pictures were flashed on a screen on the C. P. R. building at the corner of Yonge and King streets last night. An interesting feature of today's program will be the auctioning off of a copy of the London Times, dated of Nov. 7, 1915, containing the original account of the battle of Trafalgar. Mrs. H. D. Warren, secretary of the British Red Cross Society, and Mrs. E. H. Hurd, assistant treasurer, Mrs. J. C. Ferguson, recording secretary, Mrs. White, corresponding secretary.

DRILL BS MOON'S RAYS IF NOT GIVEN LIGHT

Miss McNab Says She is Still Waiting for Board of Control to Act.

The first of a series of recruiting rallies, under the auspices of the Canadian Women's Home Guard, was held in St. George's Hall last night by Miss J. McNab, O.C., and others.

In her address Miss McNab stated that the board of education had granted the use of six schools for drilling, and that she was still waiting to hear whether or not the board of control was going to provide the lighting of the schools. She said that if the board does not provide the lights by that time they will drill in the moonlight.

In the various schools classes on the present there is no band attached to the regiment, but if there is it will in all probability be a pipe band, as Miss McNab stated that several of the girls would learn to play the pipes.

Albert Chamberlain occupied the chair, and spoke of the wonderful way in which the recruiting campaign was being conducted throughout the city. The musical program provided was one of the best yet given at a recruiting meeting. Patriotic songs and instrumental selections were provided by a number of local artists. At the conclusion a collection was taken up for the Red Cross.

NEWMARKET IS TIRED.

Delay in Opening New Postoffice Causes of Annoyance. Newmarket residents are incensed at the delay in the opening of the new postoffice, practically finished since April 1 and on which, with the exception of the installation of the clock, nothing has since been done. The present quarters across the street from the new building are wholly inadequate for the transaction of ordinary business and delay and discomfort follows.

Then the reports of the secretary, Miss Gibson, and the treasurer, Mrs. Holley, were read, both of which were very clear as to detail and most encouraging to all the members, showing that the branch had worked to a purpose and for a small but growing membership.

The president, who is obliged to leave for an indefinite length of time, said a few touching words of farewell, ending with a prayer of thanksgiving to Almighty God, and asking for help and guidance in the work of the great cause. The members of the branch gave their retiring president, Mrs. Arthur van Nostrand, a life membership in the Canadian Red Cross Society.

IDEAL WEATHER HELPS FARMERS HARVEST CORN

Long Delayed Fodder Crop Being Garnered Without Any Very Serious Damage.

Two weeks of ideal weather for the ingathering of the corn and root crops has given the farmers in central Ontario a fine chance to harvest the long delayed fodder crop before it was seriously injured, the early in the season the mangold, carrot and potato crop was pretty well stored away in the silos and cellars. If fine weather continues the turnip crop, which is very backward and only an average yield, will be left to grow for another fortnight.

The potato crop is said to be the poorest in 25 years, scores of farmers not taking the time to gather them. The price has already soared to \$1.30 a bag, with a few good ones coming in, and of New Brunswick Delawares, which are retailing over the city from \$1.40 to \$1.50 a bag.

Apples are scarce and high in price. Many of the fruit growers in Durham, Northumberland and Peterboro Counties being without any Northern Spies. Other winter varieties are far below an average yield. Fall work is going on apace and the greatly delayed, probably 25 or 30 per cent. of the land has been turned over. In ordinary seasons nearly another month remains for this class of farm work.

MILKMAN WAS STRUCK BY LAMBTON TROLLEY

T. Trussell Injured Yesterday Morning by Car at Corner Dundas St. and Pacific Ave.

T. Trussell, milkman of 482 Durie street, was struck by a Lambton car at 6 o'clock yesterday morning. Trussell was crossing Dundas street at Pacific avenue, and did not notice the eastbound car. He was thrown to the road, sustaining bodily bruises. Patrol Sergeant O'Meara carried the man into Dr. Clendenen's office, where he received attention. The street car was driven by Motorman R. Harrison.

L. O. L. No. 900 held a special meeting in St. James' Hall last evening, when they settled on a night for the annual at home. Six new members were initiated. County Master A. A. Grey of Toronto and C. King of Mimico Sir Edward Carson Lodge, were in attendance.

Stanley Whiteside, a young lad 8 years of age, living at 1224 Dundas street, was severely injured while playing on Bloor street. The child was playing on one of the hand cars, when the brake released and the car ran over the lad's body. He was rushed to his home in a motor car, where he was attended to by Dr. T. H. Norman.

The Union Stock Yards sold 140 army horses yesterday, on instructions from Major-General Sir F. Benson, the British remount commissioner. In addition to disposing of these horses, a carload of commercial horses was shipped out of town. Hundreds of horses are being received during the next few days for imperial army inspection.

Are You Among These:

- A little girl sold flowers and gave 12 cents. A bank gave \$5,000. A small newsboy paid in 20 cents over the counter. A business house gave \$1,000. A poor woman in a poor section stopped a collector's car and gave \$15.00. A two-year-old was brought in by a mother to hold up in her tiny fist her penny bank containing over \$5.00. A negro brought in 25 cents. A man came in to change his first contribution of \$100 to \$1,000. The very school children to-day deposit their pennies in the hands of the Mayor on the City Hall steps.
