Note and Comment

The Canadian Olympic committee might extend its scope to keep pace with the Americans, who propose to send horsemen to Sweden in July. The Yankees have decided that the United States shall be represented in the Helsinki competition at Stockholm. President Robert M. Thompson of the committee intends to take the matter up and see if he cannot get the government interested in sending over a team of horsemen. The United States intends to be represented in every department of the games, and members of the committee are of the opinion that their cavalry mounts would have as good chance as the athletes, swimmers, fencers and others. In order to be thoroughly acquainted with the manoeuvres and rules of the competition the horsemen would have to begin to practice in the early spring.

The steel girder show themselves in the air on the site of the new arena, and it is not unlikely that there may be a lot of business in the winter. Without endeavoring to injure the interests of the arena, it is suggested that the arena company put on a temporary canvas roof, and perhaps they would be ready to open at the close of the present mild spell.

The presentation of the Richardson Cup by the commodore of the Toledo Yacht Club for competition on the Great Lakes, instead of the Canada Cup, ends a long-drawn-out war between Toronto and Rochester, and points out better than any other argument, that the R.C.Y.C.'s contention was correct.

It is noticed that the Eaton Cricket Club propose to retain the city championship, so cleverly won last season. Not only that, but the city club speakers at the presentation of the Richardson Cup, C. G. out to land the championship in 1912. So don't get surprised when you call for your bar-gains next summer to be served from behind the counter. One of the old country cricketers with many victories compiled by him at home only last summer, or maybe a county captain, Eaton's cannot claim the Dominion championship for 1911. However, the cricketers must give them a chance, and Capt. Thorne may add additional laurels to his crown.

Cricket in Toronto had a couple of peculiar turns in 1911. If Eaton's defeated Toronto in the city championship, they in turn had to lower their colors before the willow wipers of the other big club, the Dominion eleven of the Simpson C. C. Eaton's cannot claim the Dominion championship for 1911. However, the cricketers must give them a chance, and Capt. Thorne may add additional laurels to his crown.

Sam Langford boxed twenty rounds with Sam McVey in Sydney, Australia, on Christmas Day, and Johnny Thompson two weeks later. McVey boxed twenty rounds in Paris, France, last night, and Referee Eugene Corri called the pugilists with having a private understanding. Cyclone Thompson before he left for Australia said that he wanted to fight Langford, and didn't care how heavy the Tar might be. Thompson, a lightweight in 1909, was a middleweight last winter, and is now a heavyweight. He will weigh a good 160 lbs. when he tackles Langford, who fought Jeannette in the Madison Square Garden recently at 175. The fight is twenty rounds, and Thompson's crouching, cowering up style of cutting may prove a puzzle to the Boston slugger—and then again it may not.

Word comes from Newark that the Indians had formally changed hands, or rather that George L. Solomon had secured his option to purchase a block of stock in the New York Club of the Eastern League, formerly held by H. C. S. Smith. After the stock had been transferred, Mr. Solomon was elected vice-president and treasurer. Payments were paid over for the stock will be used to pay off the indebtedness incurred by building said club the price paid was \$21,000. From now on Mr. Solomon will continue as manager of the team and retain his interest in the club.

The Detroit Club is said to be angling for Cadet Hyatt, captain of the season just closed, and who expects to go to a commissioned officer of the United States army to sign a contract to play professional baseball, as not explained to the local Yankees, unless the latter expects to get his discharge after being graduated from the Military Academy next year. Hyatt is a good pitcher, an college pitcher.

Hugh Donohue, former star first baseman of the Chicago White Sox, and later of the Washington Senators, is in condition that specialists who are attending him are greatly worried. It is said that his life is not to be a long one.

Donohue has been conducting a very profitable bowling alley there. He recently dropped of this, however, being unable to give his attention to it.

Killed Two Negroes.

PAVO, Georgia, Dec. 10.—(Can. Press.)—Two negroes were killed and blacks and whites clashed here to-night in a serious riot. The trouble started after Will Williams, a negro, was shot and killed by a white man, Frank Byrd, after he had attacked the marshal for arresting his brother.

BASEBALL MEN GATHER FOR MEETING IN U.S.

McCaffery and Ban Johnson Already on the Job—Trades and Deals.

NEW YORK, Dec. 10.—The baseball men are gathering for the different meetings this week. James J. McCaffery and Ban Johnson reached town to-day. T. M. Chivington, president of the American Association, which will be raised to Class A, and the Eastern League, to-morrow, arrived from Louisville last night. He was President Edward Barrow of the Eastern League and President J. Cal Ewing of the Pacific Coast League last night, and the minor league situation was discussed at length. It is said that all the leading minor leagues will have representatives here when the big pow-wow begins to-morrow. When Murphy of Chicago gets here there may be a clash with his old enemy, Ban Johnson. Murphy has made the unqualified statement that Johnson is half-owner of the Boston Red Sox; that the stock was purchased by James McAleer and Robert M. Roy, with Johnson's money. Johnson has made an emphatic denial of the charge and is said to be on the warpath.

The affairs of the Boston Red Sox are in the air. The magnates are anxiously waiting to hear that the club has been sold. At present they seem to know little or nothing as to a prospective purchaser, but they say that the price asked for the stock seems excessive.

Mrs. Helen Britton of Cleveland, who owns the St. Louis Cardinals, is coming here, but she will not attend the National League meeting. The St. Louis Club will be represented by President Steinbrenner and perhaps Roger Bresnahan, who is a player.

The Chicago Cubs are in a big way. The Philadelphia Nationals have a big on which several well-known players will change hands. Several baseball men were ready to wage a war yesterday that Red Doolin would be a Cub next year.

It is believed that several deals for players will be made in the Johnson circuit. There are four new managers: Harry Davis of Cleveland, Clark Griffith of Washington, James Callahan of Chicago and Jake Stahl of Boston. Several leaders, it is thought, will have players to trade during the coming week. It is possible that there are four new managers: Harry Davis of Cleveland, Clark Griffith of Washington, James Callahan of Chicago and Jake Stahl of Boston.

NEW YACHT RACING CUP FOR LAKE COMPETITIONS

Commodore Richardson's Trophy to Take the Place of the Canada Cup.

CHICAGO, Dec. 9.—The Yacht Racing Union of the Great Lakes and the Lake Michigan Yachting Association held their annual meetings to-day and decided on measures that will concern all yachting events on the great lakes next year.

A cup of elaborate design was presented to the racing union by Commodore S. O. Richardson of the Toledo Yacht Club, who held the place of the Canada Cup now held by Rochester. The Rochester Club has refused to put it up or engage in a contest to defend it, unless allowed to procure its racing vessel wherever it pleases, while the Royal Canadian Yacht Club, annual challenger for the prize, has maintained that the boat should be built along the great lakes.

No international race has been held for two years, because of this difference of opinion. The Richardson Cup is to provide a new trophy and to eliminate the Rochester contention.

The Lake Michigan Association decided to hold the annual regatta of the Great Lakes Clubs at Chicago on July 4, 1912. No changes are made in the rules as to classification of boats because of their build or manner of sailing.

The Racing Union elected Commodore C. D. Marlett of the Royal Canadian Yacht Club president-treasurer. Fred D. Porter of the Columbia Yacht Club was elected secretary. The Lake Michigan Association; John J. Rice, Milwaukee Yacht Club, and L. G. Sheard, Evanston Yacht Club, were vice-presidents. Charles Seates, Macawac Yacht Club, secretary, and Charles Fred Reed, White Lake Yacht Club, treasurer.

New Stanley Cup Offered to Replace The Old One

OTTAWA, Dec. 10.—The Hon. Arthur Stanley, son of Lord Stanley, donor of the famous Stanley Cup, has written the trustees of this trophy, Messrs. H. D. Ross and Wm. Foran, and made an exceedingly generous offer as regards the old cup, for which so many battles on the ice have been fought. Hearing that there was talk of replacing the cup with a more pretentious piece of silverware, the Hon. Arthur Stanley, and his brother, Lord Foran, came to the decision that they would offer a new cup to the hockey world to replace the old cup.

They wrote Mr. P. D. Foran in regard to the matter, offering to give \$100 to be used in the purchase of a new trophy. Messrs. Ross and Foran, in reply, stated that they would ask the trustees of the trophy to accept the offer to the acceptance of the new trophy and would then answer the generous offer of the donor's sons.

They are of the opinion that the old cup should be retained. It is still in good condition and would last for many years yet and they feel that it has a claim on the hockey world for its long service. The Stanley Cup has been in existence for 15 years, and in that time 50 matches have been played for its possession, exclusive of the league games in the N.H.A. During the 15 years of the cup's existence there has not been one serious complaint as to the fairness of the trophy.

Detroit Outfielder Will Play a Week's Engagement in "College Widow."

Ty Cobb, the sensational Detroit outfielder, arrived in the city yesterday and is staying at the King Edward. He will play a week's engagement at the Grand Opera House in the "College Widow."

Cobb states he is having a most successful season in the theatrical line and is thoroughly enjoying it. When spoken to on the subject of baseball he said there would be nothing much doing till after the leagues hold their meetings.

Cobb plays the part of Billy Bolton in the show and from all accounts is doing remarkably well. He is very serious in everything he attempts and is determined to make as big a success of the theatrical game as he has of the baseball.
