Seven Shots Fired, But Only Three Took Effect---Most Serious Wound is in the Shoulder, But Has Not Injured Spine or

Penetrated Lungs --- Condition

is Satisfactory.

Paris, Feb. 19.-Premier Georges Clemenceau, characterized by Lloyd George as "France's grand young man," was attacked today by an anarchist, Emil Cottin. known as "Milou." Seven shots were fired, three of which struck the premieh. One bullet lodged in the muscles of the shoulder, penetrating deeply, but, so far as is at present known, not injuring the spine or penetrating to the lungs. Two bullets bruised the right arm and hand, while two other bullets are reported to have other bullets are reported to have passed thru the premier's clothing.

At the time of his attempted assassination, M. Clemenceau had just left his home to drive in a motor carto a conference with Arthur J. Baltour, British secretary for foreign affairs, and Col. Edward M. House of the American peace delegation. The bleeding profusely M. Clemesteen the American peace delegation. The bleeding profusely, M. Clemeanceau

was able to return to his home.

As the first shot struck the automobile, Premier Clemenceau, leaned forward and began to open the door. t was in this clearly visible position that Cottin fired the shots which took effect. The premier continued this movement to open the door, which he Three Hundred Model Houses did with his wounded arm. The chauffeur stopped the machine, and the premier stepped to the roadway. The olice agents already were struggling

with the premier's assallant.

Said it is Nothing. After getting out of the automobile, Before he reached the door, a number

e ering," he said, "I am sure you would wish me to express sentiments which everyone feels of detestation against the outrage attempted upon Premier Clemenceau by some vile hand and our great satisfaction and relief that, so far as we are at present informed, he is in no serious danger.

"Ce n'est rien" (It is nothing).

No Bones, Shattered.

After temporary aid had been given M. Clemenceau, Profs. Gosset and Tuffier of the University of Paris were hastily summoned and had a houses as much as possible, to break the monotony. He also stated that the monotony. He also stated that the commission would be responsible to the city only, and not to the provincial commission. bullet and no bones were shattered and no important blood vessels had
