NEEDED RAINS SEND CORN PRICES DOWN

Kansas, Iowa and Other Important Sections Benefited -Oats Outlook Better.

Chicago, July 14.— Welcome rains eased the corn market today after an early advance. The market closed unsettled at a decline of 1-4 to 2 cents net with September 195 to 195 1-4 and December 162 7-8 to 163. Oats finished quarter to 5-8 down. In provisions the outcome ranged from 30 cents off to a raise of 15 cents.

Until news came that moisture had been supplied in Kansas, Iowa, and in other important sections where there was need, the corn market showed a decided upward tendency. While faced by hot dry weather, would-be sellers lacked courage, especially as oats had reached new high record prices. Be-sides European shortage of foodstuffs together with resumption of business with the central powers was continuing to exert a bullish influence. However, nent changed quickly after selling was started by despatches telling of rains. Houses with southwestern con-nections were leaders then in demonstrating that at least for the time being

the market had been overbought.

Better weather for oats as well as for corn brought about a late setback in that exporters were hampered by dif-ficulty in obtaining vessel room.

Provisions were swayed chiefly by the action of corn. Trade was dull, pending fresh developments in regard to export requirements.

COMMODITY PRICES

Generally stronger conditions prevailed last week in the U.S. cash markets for the commodities of chief consumption, there being 56 advances in the 313 quotations received by Dun's Review, as against only 15 recessions. Foodstuffs led in the rise and corn scored a sharp upturn, as a result of an active consumptive demand, a contrac-tion in the visible supply and continued light receipts, while quotations on oats, rye and barley also hardened, but to a less pronounced extent. Dairy products were firm, higher prices for the better grades of butter and eggs more than offsetting a slight shading in the medium and ordinary qualities. Hogs touched a new high record and there was some advance in beef, while sheep were firm. Provisions tended upward in sympathy with the situation in the raw material. There was less talk of lower prices in iron and steel, and, with the exception of a moderate decline in aluminum, increased firmness was displayed by all minor metals. The strength of the cotton goods market was fully maintained, and the trend to-ward a higher level in hides and leather

ON CHICAGO MARKET

Hughes, Harcourt & Co., 307 Royal Bank building, received the following wire at the close of the Chicago mar ket yesterday: Conn was in good de-mand early, but heavy profit-taking and short selling broke prices rapidly later in the session. Rains, where eded in the southwest, are of great benefit to the crop, and reports from glowing terms of the conditions of the Dalts were sharply higher, but profittaking on a large scale caused a sharp reaction. Country offerings are increasing, and should continue so from Crop outlook continues unfavorable, and suggests a lower yield

MONTREAL PRODUCE MARKET.

Montreal, July 14—A strong feeling prevailed in the market for cash grain and prices for oats at the close of the day were marked up four to five gents per bushel with car lots of No. 3 Canadian western and extra No. 1 feed quoted at 97½c; No. 1 feed at 95½c; No. 2 feed at 91½c, and Ontario No. 3 white at 94½c per bushel extra. A feature of the flour trade today was the improved demand for spring wheat flour, and especially so from country buyers.

There was no change in the condition of the market for mill feed, prices being steady, with a steady trade passing for the season of the year in most lines.

Oats—Canadian western, No. 2, 92c; extra No. 1 feed, 97½c. Flour—Manitoba new standard grade, \$11 to \$11.10. Rolled oats—Bag, 90 lbs., \$6.80.

Shorts—\$44.

Hay—No. 2, per ton, car lots, \$30.

Cheese—Finest easterns, 29c.

Butter—Choicest creamery, 54c to 55c.

Eggs—Selected, 55c; No. 1 stock, 50c;

No. 2 stock, 43c to 45c.

Potatoes—Per bag, car lots, \$1.25.

Dressed hogs—Abattoir killed, \$33.50

c \$34. Shorts-\$44.

Lard-Pure wood pails, 20 lbs. net,

WALL STREET VIEWS

ket appears to be drifting into a new stage. The buying power is excellent and there is no abatement in under-lying confidence in the future; but there is a decided change of attitude toward stocks which seem to have been over-enthusiastic in discounting the future. In such quarters there has been more of less liquidated and consequent unsettlement of values. This process promises to continue, and will be accentuated by indisposition of the banks to encourage undu

J. S. Bache and Co. say: The market has settled into a position of such confirmed strength that it seems to have become free from the nervous-ness and liability to breaks which af-fect markets when high prices prevail, and which pertained particular-ly to the bull markets of war times in 1916, 1917, and 1918. This was natural then, when it is considered how upstable the elements were upon

which those markets were upon the domain the question of continuation of large profits depends, for one thing, upon the duration of peace, and that is so well settled that there seems no limit. Out of the stage of uncertainty which prevailed in the earlier period of the present bull market, the situation has grown into one of assured confidence in the continuation of a very great prosperity for at least a number of years.

U. S. WHEAT STATISTICS.

New York, July 14.—The weekly bulortation, issued tonight, showed that ceipts of wheat from farms for the week ending July 4 were 4,988,000 pushels as compared with 2,579,000 ushels the previous week. Stocks country elevators, mills and terinal elevators on July 4 amounted to 7,053,000 bushels as compared with 17.731,000 bushels on the same date a year ago, and a decrease of 842,000 from the previous week. Flour produced the week ending July 4 was 1,143,000 barrels, against 1,525,000 barrels the previous week.

TRADING IN SUGAR.

New York, July 14 .- The New York coffee and sugar exchange today asked the sugar equalization board to per-mit the resumption of trading in sugar futures on the exchange not later than September 1, for delivery after December 31. The request is based on the fact that the London sugar exchange is to resume such trading on October 1.

WINNIPEG GRAIN MARKE

Winnipeg, July 14.—The fixed price for wheat will cease to exist on Aug. 31, 1919, according to information from Ottawa, received by the Winnipeg Grain Exchange and government officials here. At a meeting of the council of the exchange this afternoon, it was decided to open the wheat market for trading on July 21, after having been closed for contract trading since Sept. 1, 1917.

Todav pats closed ½c lower for July, ½c lower for October, and ½c lower for December. Barley 1c lower for July, 2¼c lower for October, and 1c lower for December. Flax 20c lower for July, and 29c lower for October.

Grain inspections: Wheat 191 cars; oats, 52; barley, 49; flax, 9.

Trading in the issue was far below the fact, the only gold field in Ontario
volume of that in recent markets, the with an abnormally rapid growth since the north. day's total being less than 2200 shares.

The most active individual issue was Ames-Holden common, which was beyond peradventure what a great and growth have been destroyed, pros-

Ames-Holden common, which was dealt in to the extent of nearly 2600 shares, the demand for the stock sending the price up to 53½, a new high point, the closing sale being but a fraction under the day's best at 53¼. The preferred was less actively sought, but the securities, too, reached a high level at 100¾ in dealings of 500 shares. Spanish River assues were the leaders **ACTION IS DEFERRED** in the common aggregating 1856 shares. Both stocks finished the day BY LAKE SHORE Cobalt, Ont., July 14 .- Pending receipt of a letter from the Mine Man-agers' Association, the contents of which are not known, but which relate Kirkland Lake Off Two to the association's answer to the minister of labor's suggestion that op-

in General Narrow. Lake Shore's five-point rise stood out as the chief feature of the mining market yesterday on the resumption of trading following the double-holiday. Lake Shore, which broke below par several months ago as a result of the tie-up because of labor ed 611/4, the best yet recorded in the troubles, opened a point up at 96, and current year, but the stock sagged advanced to \$1.02, closing at the day's best. While there is no direct news from the strike-ridden area to indicate that the men are about to return to work, the action of Lake Shore

Points, However-Changes

IN SEAPLANE PLUNGE showed weakness with a two-point decline to 39. January, 1919 \$236,236 February 243,176 March 261,158 April 219,927 In a general way the gold stocks exhibited a tendency to stiffen up, altho net changes in the majority of instances were confined to fractions. From Cobalt came word that the miners, at a meeting on Sunday, had deferred action pending the receipt of a reply from the Mine Managers' Association to the suggestion of the minister of labor that a joint conference be held. In reference to the labor situation at Porcupine, a broker yesterday received the follow-

ing wire from Timmins:
"The Porcupine Miners' Union and Mine Managers' Association held a meeting here yesterday, and after an hour's session it was decided to meet again on Friday at which the mine managers request that 12 delegates representing the union, be present. "The meeting was entirely devoid of any friction and none is expected

at the forthcoming meeting this week. In the meantime plans for the establishment of a large store exclusively for trading uses of the miners in the Hollinger-McIntyre section of the camp are being made and likely will be completed within the next few days." Dome had an active day in New York where the stock sold as high as \$14.75, closing at \$14.62 1-2. altho trading in this issue on the Standard exchange was limited to a small lot which sold at \$14.50. Hollinger was firm between \$6.50 and \$6.60, an odd lot selling at the higher quotation. McIntyre opened two points down at called, and Dubeau was attended, but \$1.79, but ralled to \$1.80. Davidson displayed early strength, selling up two points to 62. but fell back in the into effect his threats against his afternoon to 60. Dome Extension at 32 was off a point. Wasapika held firmly at 80, and Teck-Hughes advanced half a point to 23. Porcupine Crown, the management of which company is negotiating with the Thompson-Krist Company with a view to a merger, was half a point lower at 28. while Thompson-Krist at 7 3-4

was up 1-4. The Cobalts showed somewhat mixed tendencies. The tide of liquidation in Adanac seems to have been stemmed and the price firmed up 1-4 yesterday to 14. La Rose rallied two points to 43, and Peterson Lake at 12 3-4 was a small fraction higher. On the other hand. Beaver sold off 1 1-2 to 40 1-2, and Timiskaming at 39 and Trewewey at 36 each showed the loss of a point. Nipissing came out at \$11 as against \$11.35 last Friday and Crown Reserve at 35 and Ophir at 4, displayed some
