

6 TUESDAY MORNING

THE T. EATON CO. LIMITED "CANADA'S GREATEST STORE."

ONE CENT MORNING PAPER.

No. 55 YONGE STREET, Toronto.

To-day and to-morrow this store will close at 5 o'clock.
After that store closes daily at 6 o'clock.

This is Our Formal Opening Day

When Millinery and Cloaks, Dress Goods and Gloves join hand and hand in making a magnificent display of the rich and beautiful, the stylish and the novel for Fall wear. Our Formal Opening is an event looked forward to with eager interest by thousands of tasteful dressers who visit this store to form correct ideas of the prevailing styles and fashions in Dress Needs of every description—an event of special interest to visiting Milliners and Modistes who come to catch glimpses and study models of exclusive novelties and original designs seen here at nowhere else. The master minds of the European Fashion Centres as well as the best and most skilful designers of this continent have contributed to the showing, while not a few chic novelties, the product of the adept artists in our own workrooms, help to make the attractions more inviting and interesting. Cold type and printers' ink fail to do justice to such a display, while prices convey but little idea of the excellence and elegance to be seen here. The goods and stocks must be seen to be appreciated, so we invite you and your friends to come and enjoy all there is to see to your heart's content. But remember, the earlier you come the greater your pleasure, for the best things will soon be picked up by eager buyers. Come to-day, or Wednesday, or any day this week. The sooner the better.

Ladies' Hosiery. It is only natural that we should feel enthusiastic about our splendid stock of Hosiery. But there is good reason for it. Not only are qualities above the average, but prices are down to the lowest point. For instance:—

Ladies' Fine Fancy Plaid and Striped Hosiery, large assortment of colors and patterns, special... **.50**
Ladies' Fine Black Cashmere Hosiery, double sole, heel and toe, high spliced ends, all sizes, special... **.25**

Butter Dishes at 20c a dozen.
Soup Dishes, with cover, at 25c.

THE TORONTO WORLD

ONE CENT MORNING PAPER.

No. 55 YONGE STREET, Toronto.

A THREE-DAY'S ATLANTIC SERVICE.

If the two turbine steamships that are now being built on the Tyne come up to the expectations of their designers, Canada will be called upon to make no contribution to the establishment of a fast Atlantic service. The service will come about of its own accord, and it will be a fast service to New York daily. A London despatch to the New York daily says that the establishment of a turbine service across the Atlantic is no visionary scheme, but a well-considered commercial venture with the goldstitch kind of financial backing. We are told that plans have already been drawn up for the formation of a giant transportation company, which, if the new boat proves a success, will at once order a fleet of the same kind. Simultaneously there will be begun the construction of a submarine tunnel between Ireland and England, so that trains may run through from London to Galway Bay, which is intended to be the point of departure of this surprising line. On the American side, the harbor will be at Hall's Bay, Newfoundland. The distance between this place and the west coast of Ireland is 1050 miles, or about 1000 miles. It is expected the new boats will make 40 miles an hour at least, so that the trip to Newfoundland will be made in 40 hours. Express trains will convey passengers across the island, and a few hours' run by steamer from the western coast of Newfoundland will make connection with the American railway system. By means of this astonishing service New York and Montreal will be brought within a little over three days of London.

We have little doubt that the recent advent of the turbine has acted as a disturbing element in the flotation of the proposed Canadian fast Atlantic service. Under that steady Canada conceded to the United States the free use of the Canadian canals, that is their free use upon the payment of the same dues as were paid by Canadian vessels. In return for this concession, the United States promised to use its best endeavors to induce the State of New York to allow Canadian vessels the same privilege on the New York State canals as American vessels enjoyed in the Canadian canals. Canada has been unable to obtain the freedom of the New York canals, because that state claims sovereignty in the matter of its canals, and refuses to extend their freedom to Canadian vessels.

Exactly analogous is Ontario's present position in the matter of saw logs. Ontario has full jurisdiction over her timber limits, and can insist on whatever disposal of the logs she may see fit. Premier Hardy is to represent the province at the conference, and if he finds it necessary he can cite the case of the New York State canals with good effect. The Dominion of Canada has really nothing whatever to do with Ontario's saw-log policy, and cannot bring it within the scope of the conference. We trust Premier Hardy will not be lured by Sir Wilfrid Laurier or the British Commissioner into sacrificing Ontario's rights. We warn him also that he must not find in the conference an excuse for extending their former privileges to the American sawmill men. It is generally believed that a strong public opinion is the only thing that restrains Mr. Hardy from repealing his recent saw log legislation. He must not use the conference as a subterfuge for furthering his own wishes in this matter and overriding the will of the people. The saw log legislation must remain.

MINTO SAILS NOV. 3
Conclusion of Negotiations Looked for in the Armstrong Railway and Steamship Project.
Montreal, Aug. 29.—(Star special cable London.)—Lord Minto and the Countess of Minto and their staff will sail on the Dominion liner Cosmopolitan from Liverpool for Canada on Nov. 3. The chief part of the Governor's establishment sails on the Allan liner Laurentian, on Oct. 27, and it depends on the arrangements at Ottawa whether they will disembark at Quebec or Montreal. The appointments to the staff of the Governor are not yet complete. The Minto family has just been issued, and says the directors have grounds for expecting the early conclusion of negotiations by which an important line of steamers for carrying passengers and general cargoes will be established to run between a Canadian port and Milford docks, with through booking between Canadian and American railways and the Great Western Railway of England. It is understood that this refers to Mr. C. N. Armstrong's railway and steamship project in connection with the Paspheac and Bale des Chaleurs Railway of Quebec, which has been in the hands of the company for some time. The project is a pure bluff, intended to hoodwink the friends in Picton, passed through the city yesterday morning on his way home. Mr. William Hendle and a party of Hamiltonians passed the station on their way home from Nipissing. The G. T. R. Labor Day excursion rates commence Sept. 3 and will continue until the 5th. Single first-class fares, good to return not later than Sept. 6, will be issued. Government Engineer McCallum went on a tour of inspection over the Montreal and Ottawa Railway yesterday. This new road is owned by the C. P. R. and will be ready for use in a short while. Mr. Proctor of the Grand Trunk passenger department went yesterday to the Fair to meet the members of the Old Kentucky Fishing Club. The Superintendent of the Pullman Palace Car Company, Mr. W. A. Ritchie, was in the city yesterday morning. Mr. H. R. Charlton of the G. T. R. brought a splendid exhibit of Muskoka photographs with him yesterday for the Exhibition.

To Encourage Soldiering.
A beautifully illustrated supplement to the militia lists will shortly be issued by the Department of Militia and Defence as a means of increasing the enthusiasm of the country districts in militia affairs and inducing young men to join the rural battalions. The undertaking has met with the approval of military men all over the Dominion. Dr. Borden, the Minister of Militia, who promulgated the idea, is to be complimented, as the first head of the department who has had the wit to evolve really good movements for the advancement of the volunteer service, and which, at the same time, are popular. The publication will be widely circulated through Great Britain and her colonies, as well as in the United States, and there is a strong feeling among local officers that the crack regiments of Toronto should have distinguished themselves in this way, both by illustration and reading matter.

Pointe Riots in Barbados.
Kingston, Jan. Aug. 29.—Advices received here to-day from the Island of Barbados of the Windward group, belonging to Great Britain, report widespread rioting. Riotous gangs of men have been looting the produce of the plantations during the night. Following the recent shooting of the Speaker of the House of Assembly, in mistake for an obnoxious landlord, these demonstrations are considered to be of a serious nature, and more troubles are anticipated.

Departure From Toronto.
Several of his companions in the Globe office presented Mr. John A. Copland with a beautifully illuminated address and a revolving office chair on his departure last week to take over The Harrison Tribune. Mr. Allan S. Thomson read the address and made the presentation, and Mr. Copland replied briefly and feelingly, saying that there was a certain amount of sadness felt in parting with companions, many of whom he has worked with for nearly fifteen years.

A Record Trip.
Yesterday the steamer Cambria made a gallant run up from the Thousand Islands in the teeth of a driving gale. There were other steamers that began the run, but gave up on account of the storm. Capt. P. McSherry and Purser P. J. Palmer managed the trip to the eminent satisfaction of the 250 passengers.

The World Leads.
By devoting considerable space to the news of British Columbia, and particularly the Kootenays, The Toronto World sets a good example to other Eastern newspapers.—Roseland Miner.

Farmer John Examined.
Yesterday Mr. Wallace Nesbitt examined Hon. John Dryden at the Parliament buildings in connection with the South Ontario election protest.

The Growth of Years

The "Slater Shoe" is not an invention—it's the result of a growth. Long experience in making just one particular kind of shoe—men's fine shoes—has brought the "Slater Shoe" step by step to the highest pinnacle of Canadian shoedom.

—Not in a day or a month, but years.

It takes years to develop that kind of shoe talent necessary to make shoes as good as the "Slater Shoe."

No other shoe in Canada, not one excepted, has concentrated in it the niceties of fit and appearance so requisite in a gentleman's shoe as the "Slater Shoe."

14 shapes, 11 sizes, 6 widths, 12 leathers.

Beginning on Wednesday, and during the Exhibition, there will be a complete set of Goodyear Welt Machines and Chase Lasting Machine in full working order on exhibition at the

Slater Shoe Store

89 King St. West.

THE CZAR A BLUFFER.
So Says a French Globe-Trotter, Who is Betting His Legs for a Day in Toronto.

M. Charles T. Brouard, a French artist-journalist, arrived in Toronto yesterday on his way to the Klondike. He is not travelling at the usual fashion, however, but on foot, for a wage of 25,000 francs, the conditions of the wager being that he must reach his destination inside of eight months and earn his way. He left Paris May 23 and has reached Toronto via New York and Montreal. As M. Brouard has already walked twice around the world, the experience is not a new one.

Naturally M. Brouard has many curious tales to tell of his wanderings. He is full of admiration for the energy of Russia in pushing the great Siberian railway forward, though he thinks the Russian engineers rather a bad lot. The Czar's note he regards as a pure bluff, intended to hoodwink the rest of Europe until his Eastern plans have been fulfilled. Mr. Brouard wears the ordinary garb of the walker. He has little or no baggage, except a briar pipe and a passport from the French Government. From Toronto he will walk to Seattle, via Duluth, and thence by the Twin route to the Yukon and Dawson City. During his stay here he may possibly deliver a lecture.

Band Concerts at the Point.
The following is the program to be played at Hanlan's Point by the Berlin Military Band to-day:—

March—Garden du Corps... Hall
Medley—Humors of Donnybrook... Voti
Waltz—Fair Tales... Morell
Dance—Ethiopia—Jolly Jaspers... Hall
Selection—On Southern Songs... Hall
March—Vocal—Evelyn... Hall
March—Plantation Songs... Puerer
March—Vocal, Vocal, Vocal... Hall
God Save the Queen.

Tomlinson to Re-appear.
Harry Tomlinson was tried yesterday by Magistrate Kingsford on a charge of stealing \$10 from C. J. Marshall, a waiter at the Hotel Hanlan. Marshall and Tomlinson roomed together over the Toronto World Club's Island house. One morning about three weeks ago Marshall went out to bathe with a party, leaving his clothes, money and Tomlinson in his room. The magistrate was about to enter a conviction when Barrister T. L. Church asked to be allowed to put in additional evidence for the defence, and a remand was taken into custody. A similar charge against the prisoner of taking \$25 from Frank McCord at the Arlington Hotel was dismissed.

2300 Deaths From the Plague.
Simla, Aug. 29.—It is officially announced that there were 2300 deaths from the plague last week in the Bombay presidency. The epidemic is spreading, and there has been a fresh outbreak in the State of Hyderabad.
