

Like the Weather Vane That Moves With the Wind

the public mind is apt to veer round a bit as the different sale bargains are sprung upon them from all quarters of the city. But when the wind blows strong and steady from one quarter the "Vane," like the public, settles down to a steady Point. Needless to say the "steady wind" is the solid business policy that means best values for you every day of the year. Puffs of wind are not good for steady sailing and only serve to send your boat spinning uncertainly. Just now there's a deal of puffs in the air. We have always believed in the strong steady breeze of good dependable values and our customers are legion who depend upon us to steer a straight value course through the troubled sea of mercantile values. So far (for 38 years) our "Vane" has remained with head thrown into the steady breeze of good values, and to-day we are forging ahead of all previous records.

We Clear Out Stock Every Day of the Year

We watch our stock carefully and almost every day sees some line marked with a "quick march" ticket on it, that saves money for you. During the next two weeks, previous to taking stock, all odd lines and left overs will have a special "out you go" price.

HOUSE OF WINDSOR NEW DESIGNATION

King George Announces Passing of Name of Saxe-Coburg.

London, July 17.—King George today at a meeting of the privy council at St. James' Palace announced the new name of the royal house and family to be "The House of Windsor."

The attendance of the council was the largest since the coronation. It included Premier Lloyd George, Foreign Secretary Balfour and other members of the cabinet, the Archbishop of Canterbury, former Premier Asquith and all members of the colonial governments who are now in London. The privy council unanimously endorsed King George's announcement, and the proclamation putting it into effect was published this afternoon.

King George is of the House of Saxe-Coburg and Gotha. It was recently decided to drop titles or names of German origin.

Royal Proclamation.

"We, out of our royal will and authority, do hereby declare and announce that as from the date of our royal proclamation our house and family shall be styled and known as the house and family of Windsor, and that all descendants in the male line of our grandmother, Queen Victoria, who are subjects of these realms, other than the female descendants who may marry or have married, shall bear the said name of Windsor."

"And we do hereby declare and announce that we for ourselves and for all other descendants of our grandmother, Queen Victoria, who are subjects of these realms, relinquish and enjoin the discontinuance of the use of degrees, styles, dignities, titles and honors of the Dukes and Duchesses of Saxony and the Princes and Princesses of Saxe-Coburg and Gotha, and all other German degrees, styles, dignities, titles and honors and the appellation to us or to them heretofore belonging or appertaining."

FOOD CONSERVATION NEXT TO FIGHTING

Western Canada Flour Mills Company Lead With Economy Cook-Book.

Food and how to cook it to the best possible advantage is, next to the war itself, the question which is agitating both the man who sees that the hinges of state are well oiled and the housewife who keeps the machinery of the home in order. While there is a call for conservation along all lines of food, there is also a demand for scientific suggestion and recipe in order that, while complying with a patriotic reduction in the matter of the table menu, a betterment in cooking may make up for sacrifice in regard to shortage of supply.

The Purify Flour Cook Book appears to have foreseen present conditions and needs, and though two years in preparation, it makes its advent just at the moment when the knowledge it has to impart is of immeasurable value to the housekeeper fortunate enough to have one in her possession. In the preparation of the book the "Purify" trade mark found on its cover is carried out in actual practice through its pages, the recipes being devoid of superfluous alloy and giving instructions in clear, well-defined language without unnecessary direction and in short, crisp, yet all sufficient sentences.

Free Cook's Book.

The Western Canada Flour Mills Company, Limited, giving the Purify Flour Cook Book to the public have shown a unique spirit of unselfishness, inasmuch as they have not confined their publication to recipes, made from their own special product, Purify Flour, but have included all kinds and varieties of cooking, any or all of which might come within the scope of the needs of the general housekeeper.

The recipes have been tested by the most authoritative Canadian experts in the noted Macdonald College, and the book has been prepared by Miss E. Warner, specialist in food preparation and domestic science, who now lays before the public a compendium of appetizing foods and drinks evolved by the simplest and most nutritious methods which modern science can suggest, a great deal of which even the most ardent advocate of war time thrift will approve.

The book is printed in clear readable type on fine quoted paper and may be recommended as containing more recipes than are often included in a cook book costing from \$1.50 to \$2.00. The Purify Cook Book will be mailed to any address, postpaid, on application to the Toronto office of the Western Canada Flour Mills Co., Limited, by mentioning The Toronto World and enclosing the small sum of 20 cents.

SERIOUS SPLIT IN RUSSIAN MINISTRY

Several Members Resign Because of Clash Over Ukraine Policy.

LVOFF AS MEDIATOR

Premier Hopes to Induce Recalcitrant Ones to Withdraw Resignations.

Petrograd, July 17.—Three members of the cabinet have resigned, and a special session of the council of ministers has been convoked in an effort to avert a crisis. Their names are: A. I. Shugartoff, minister of finance; Professor Manuiloff, minister of education, and Prince Shakhovskiy, head of the department of public aid.

The resignations of these cabinet ministers followed a sharp disagreement over questions involving the Ukraine, an extensive region in Russia embracing part of the territories of the old Kingdom of Poland.

Premier Lvoff has requested the ministers to meet at his private residence, when the cause of the dispute will be considered. It is known he will attempt to prevail on them to withdraw their resignations.

The split in the ministry occurred last night at a ministerial conference called to consider a report submitted by M. Tereshchenko, minister of foreign affairs, and M. Tseretelli, minister of posts and telegraphs, as a result of their negotiations concerning the Ukrainians.

Object to Declaration.

After the report was read the cabinet ministers promptly took exception to the form of a declaration drawn up by M. Tereshchenko and Tseretelli, who agreed that the form of these ministers without the authorization of the government took it on themselves to commit the government to a definite temporary agreement in the Ukraine; second, because it did not specify of what territories the Ukraine consists or make clear how it shall be governed.

M. Tereshchenko and Tseretelli, on the other hand, flatly insisted upon the immediate publication of the declaration, adding that the form must be altered if the sense were kept intact. When the vote was taken the two Lvoffs in the cabinet and the socialists declare themselves in favor of the declaration as already drawn, without correction or alteration. Opposed by the majority, the cabinet members then resigned.

Executive Body.

The provisional government decided today on the creation of an executive body to put into execution measures dealing with the administration of Ukraine.

The provisional government will adopt a sympathetic attitude in regard to the elaboration of necessary measures, as well as a bill dealing with the solution of the agrarian question. In order to maintain the complete unity of the army, the government does not object to the creation of army units composed exclusively of Ukrainians subject to the approval of the war minister.

M. Prokopovitch and Chernousky have been appointed ministers of commerce and education, respectively.

CLASHES IN PETROGRAD.

Petrograd, July 16.—Two demonstrations against the government resulting in the firing of shots in the Nevsky Prospect at midnight, as a result of which a number of persons were killed or wounded.

ANOTHER RESIGNATION.

London, July 17.—A Reuter despatch from Petrograd says M. Stepanoff, acting minister of commerce, also has resigned.

LATEST TEMPERANCE EVASION.

Special to The Toronto World.

Kingston, July 17.—In order to evade the Temperance Act the latest thing here is a tiny bottle which contains "one swallow" as the tippers refer to it, or one drink. These are carried in the pocket and as the carrier gets to be drunk the liquor and throws the bottle away and thus he is not caught with the goods.
