larly directed to the above.

St. John, May 31, 1833.

DEVINE'S Compound Pitch Lozenge.

An appeal to matter of fact, and common sense.

It is that which has so long been sought for, and is in full faith offered to the public as a CERTAIN CURE for:

Coughs, Colds, Whooping Cough, Croup, Costiveness, Asthma, and Consumption.

and will, in any case where lungs sufficient are left to sustain life, check the ulceration and raise the patient to health. This is not an ill base, but it is this remedy sent into the market without a thorough trial; but has proved beyond a doubt what has been asserted can be done.

We do not ask you, reader, to take our word, but we do, but a few weeks ago had given up despair and given up in the enjoyment of health and without wings have given us their certificates in favor of this great oil.

Let all then, who are afflicted, TRY IT; and if the assertions on each box are not proved after an impartial trial, the price will be returned; when the article is not perfectly satisfactory?

If the Lozenge on being exposed to the air in hot weather should become soft, it is no objection, rather prove to prove that they are in good condition.

8 D. FULLER & CO., Boston, Proprietors for the Publishers.
