Arrangements are now being made for the advanced party of the 29th Kiltie battalion to proceed to Valcartier camp. It is the intention of the authorities to have the battalion change quarters as smartly as possible. The horses which have been in the city since the beginning of winter for military purposes will be taken back to Halifax today.

MORE EVIDENCE IN LIQUOR CASE

Witness Reports Seeing Bottles in Webber House — Judgment Tomorrow

A liquor case involving Edward Webber, took an unexpected turn in the police court this morning when John A. Sinclair, acting in the interest of the new prohibition act, produced a witness to offset the evidence given on last Wednesday by the defendant and his wife to the effect that there was no liquor in any other part of their home other than that seized by Inspector Crawford, on the day following the seizure of a valise at the Union Station. The case was closed this morning and the magistrate adjourned it until tomorrow at twelve o'clock to deliver judgment.

Mr. Sinclair called Harold Upham, an electrician with the Knox Electric concern, Dock street, to prove that liquor had been seen by him on the premises of the defendant in Leinster street.

To this evidence Mr. Mullin took strenuous objection, saying that the case was adjourned on Wednesday with the understanding that any further testimony on the part of the prosecution would only be in rebuttal. Mr. Mullin said that the evidence about to be taken was not admissible.

Mr. Sinclair took the view that the evidence was in rebuttal of the testimony of the defendant and his wife that there was no other liquor in their home other than that produced in court.

There was a lively discussion on the part of the opposing lawyers and the court. The evidence was finally allowed on objection.

Mr. Upham said that he had been working in the house previous to May 24. He was wiring the flat for electric light. His attention was drawn to a clothes press off one of the up-stair bedrooms. He saw an open case and discovered it contained whiskey. He pulled out a bottle of Buchanan's Red Seal. This case was the only one he noticed open. He said that there were several other cases wrapped in bags. In his opinion there would be from six to eight.

A bottle was produced in court and the witness said it was similar to the one he had noticed in the house. He did not mention the finding of the liquor only in his home. He was asked by Inspector Crawford to go to court.

Mr. Mullin again argued that this evidence be disregarded as it was cumulative. It should have been submitted sooner, as the case was finally built up on Wednesday, he said, and there was no link between the liquor in the valise and that in the house. He said that the liquor spoken of by the last witness was not found in the house when searched by the inspector and police.

Mr. Sinclair said that the mere finding of the liquor in the porch would constitute a case under the new act. He reviewed the evidence at length and said that the liquor found in the valise was the last instance of the Webber house in Leinster street to Hofstin in Halifax. In closing he said that he would ask the court to impose the full penalty as this was the case of trade that the new act particularly intended to prevent. He also said that the new act not only gave the magistrate the power to strike the fine but also to impose costs and counsel fees.

This, the court said, was not the practice. But Mr. Sinclair said that he would like it to be the practice in future cases.

TWO MORE CITY LADS WOUNDED

Privates H. I. Boyer And P. F. Akerley Both at Vimereux

That their son, Pte. Harold Irvine Boyer, was admitted to No. 14 General Hospital, Vimereux, on May 31, with gunshot wound, was the authoritative word which came to Mr. and Mrs. Robert Boyer of 73 Stanley street this morning from Ottawa.

Pte. Boyer was a member of a New Brunswick regiment, and upon his arrival in England was transferred to a lerovic battalion from this province. He had been in the trenches since Christmas and had been through all the engagements since then, including the battle of Vimy Ridge. In recent letters home he reported himself well. He is twenty years of age and had been soldiering since the outbreak of the war, having signed on the day on which he reached the front.

Previous to enlistment, Private Boyer was on the mailing staff of the St. John Standard.

Pte. P. F. Akerley
Mrs. Gertrude Akerley of 86 Rockland road received a telegram this morning from Ottawa informing her that her son, Pte. Percy F. Akerley, was admitted to No. 14 general hospital in Vimereux on May 31, suffering from a gunshot wound in the back. Pte. Akerley is only eighteen years of age. He is now a member of the well known New Brunswick unit fighting in France. Prior to enlisting, he was employed for R. P. & W. F. Starr.

FOUR TRAFFIC CASES

Four owners of motor cars were in the police court this morning on reports of violation of the city traffic laws. Harry Jackson was reported for having no rear light on his car in Charlotte street. A fine of \$50 was imposed but allowed to stand pending enquiries as the defendant had very little recollection of the alleged violation.

John Taylor was reported for exceeding the speed limit in King street on May 31 and fined \$10.

E. D. Mitchell was fined a like sum for driving on the wrong side of Main street.

Mrs. Alice Bauer was reported for not stopping when ordered to do so by the traffic policeman at the corner of Waterloo and Union streets. She denied the statement of the policeman that there were baby carriages on the crossing at the time. She said her husband was with her and asked that the case be adjourned for a month as they were going away the country. A deposit of \$10 was left and the case will come up again in a month, when Mr. Bauer will give evidence.

COBURG STREET CHURCH

Four new members were received into the fellowship of the Coburg street Christian church on last Sunday at the 11 a. m. service.

SUBPOENA SERVED UPON WM. B. TENNANT

Required To Be At Next Session of Valley Railway Inquiry

Order Also Is That He Bring All Accounts And Documents Relating to Connection With The Matter Under Investigation

A formal invitation to attend the next session of the Valley Railway inquiry has been extended to W. B. Tennant, whose name figured prominently in the evidence given by Thomas Cozzolino at the last session.

A subpoena requiring his attendance at the next hearing has been served on Mr. Tennant with instructions to bring with him all accounts and documents relating to his connection with the Nova Scotia Construction Company and the Valley Railway.

In an interview, Mr. Tennant has defended his right to the \$100,000 which, Mr. Cozzolino has testified was paid to him. The hearing on June 19 will give him the opportunity to go into details more fully.

The revelations of frenzied finance in connection with the Valley Railway, as revealed by the session of the inquiry held here on Tuesday, continues to be the chief topic of conversation about the streets. The stories of the proceedings which appeared in The Times and The Telegraph aroused tremendous interest and the next session of the inquiry is being eagerly awaited.

Among those who had not heard rumors of what has been going on it had been hoped that the Dugal inquiry had put an end to such methods in connection with the Valley Railway and the fact that contractors were being treated so generously that they could afford to dispense with the privilege of taking a contract came as a great shock to such citizens.

The fact that this way of carrying on business was permitted by the late government, after the previous revelations was regarded as the more surprising in view of the warnings given at that time and the promise of internal reform made by the administration.

Adding such amounts to the already exorbitant cost of the road, and at a time when the war is laying heavy burdens on the people makes the conduct of the government appear even worse than it would be under ordinary conditions.

One of the chief matters of argument around the streets is the problem whether the government will be able to recover any of the funds so generously dispensed. As one citizen put it: "if that \$100,000 is not recovered we will be paying \$8,000 a year interest every year for eternally perhaps, with nothing to show for it."
