Effort Is Made to Eject Hartley on Several Charges

SEATTLE, Wash., Oct. 21.—A petition for the recall of Governor Roland H. Hartley of Washington has been filed with the Secretary of State. It charges him with violating his oath of office and commission of wrongful acts. The petition charges the executive with appointing members of the legislature to administrative positions for the purpose of preventing the free expression of the will of the people through their representatives in the legislature.  
Concerning appropriations and leaves for state institutions, including institutions of higher education, it was charged the Governor "failed, neglected and refused" to enforce them and since the legislature was in attendance during the evening and rendered several selections. This had also been in attendance tonight.
