Tongue Was Coated Bad Taste In Mouth Every Morning

Mrs. J. R. Adams, Assiniboia, Sask., writes:—"For months I was troubled with a coated tongue, and had a bad taste in my mouth every morning.

One day I saw where your

Sidelights of Congress

Thumb-Nail Pictures of Interesting Scenes at Chicago Meeting

THIS picture gives an idea of the way the throngs packed the streets about Holy Name cathedral when the Eucharistic Congress opened.

HERE is a closeup of Cardinal Bonzano bestowing his blessing on the crowds outside Holy Name cathedral.

PILGRIMS get thirsty, sometimes—and this enterprising chap has set up a refreshments stand near the cathedral. His sign tends to convey the impression the drink has a kick, but the chances are it's well within the Volstead law.

BISHOP GRIMONT of Alaska is shown here with two Catholic Eskimos at the Eucharistic Congress. The trio had to make a six-weeks journey to get to Chicago.

PARIS PAPER COMMENTS ON KING ATTITUDE

Quotidien Sees Breaking Away From Control of British Foreign Office

By HERBERT BAILEY
British United Press.

LONDON, June 25.—The debate in the Canadian parliament regarding the ratification treaties and the unanimous vote of approval by which Premier King's resolution was passed has attracted the keenest attention throughout Europe and is being closely studied for its possible significance, as illustration of the trend of Empire affairs.

Quotidien, the leading Republican newspaper of Paris says: "Hitherto, great Anglo-Saxon communities have held themselves bound by negotiations carried on by the British foreign office. Henceforth, if the Canadian decision prevails, this will no longer be the case. Canada's decision has every prospect of establishing a precedent throughout the Empire, for Australia is clearly separatist in matters of international politics and South Africa shows a similar mentality in discussing the problem of a flag for the union of South Africa. At the Imperial Conference in October, the Dominion governments must make clear their policies with regard to Locarno and other questions."

SPOTTED FEVER IS NOT SO DANGEROUS

Methods of Treating Disease Have Improved, Asserts Dr. F. J. Desmond

Special to The Times-Star

MONCTON, June 25 — Moncton City and the rest of Westmorland County have enjoyed a year of particularly good health, Dr. F. J. Desmond, chairman of the sub-district Board of Health, says. There have been no epidemics of smallpox and no serious outbreaks of typhoid fever. In fact there have been very few cases of the latter he added. This, he remarked, reflected credit on the sanitary conditions in general.

Referring to the outbreak of spotted fever or cerebro spinal meningitis which had occurred here following the visit of two men to Montreal, he said that it was not so serious as had been thought by the public. He had experience with the disease in 1915, when there had been five cases in the northern part of the province. Three of the men died and two recoved when treated. One of the latter, however, has been deaf since that time and the other's eyes were affected. The methods of treating the disease since then had been improved remarkably, however, and there was not so much danger of death as there had been. once the disease was recognized, nor was it so difficult to halt it when it was detected. So far, he added, no further developments following these two cases have taken place here.

FOUR TEACHERS IN MONCTON HONORED

Retiring Members of School Staff Receive Gifts—Two to be Married

Special to The Times-Star

MONCTON, June 25—Four members of the Edith Carvel school teaching staff who retired at the end of the term today were honored by their fellow teachers in the assembly hall of the school. Those retiring are, Miss Lottie Nichol, Miss Jessie MacDougall of Shediac, Miss Edna Body and Miss Clara Fillmore. Principal Arthur S. Robinson presided and expressed the regret of the staff at the departure from the school of these ladies. He then presented Miss Nichol with a leather writing case. Miss MacDougall, who was absent through illness, will receive a gift of a gold brooch accompanied by an address, while the Misses Fillmore and Boyd who are soon to be married were the recipients of a silver water pitcher and entree dish respectively. To them Mr. Robinson extended congratulations and best wishes for their future happiness.

NEW MINISTRY TO TACKLE DEBT PACT

Caillaux-Briand Cabinet Due to Hold First Session Today

Canadian Press

PARIS, June 25 — The Caillaux-Briand cabinet, as France's new ministry has now come to be generally called, is due to hold its first session late today, with the question of ratification of the French debt agreement as one of the first hurdles it will have to take.

There is a surprisingly general agreement among the editorial writers of all shades of political opinion that the new ministry must be given a breathing spell and permitted to condition itself without interference from partizan politics. But there is a distinct divergence between the followers of the Right, who are rather inclined to favor ratification of the debt accord, and the Left, who are regarded as backing and filling on the question.

Le Journal throws out the suggestion that France's debts could be settled "in kind" through deliveries of Alsatian potash and iron and other minerals from Northern Africa.

When the new ministry faces the Chamber next Tuesday five interpellations are awaiting it, two of them from the Socialists.

So great was Japan's purchase of wheat in Melbourne this year that at one time fifteen Japanese vessels were loading the grain at the Melbourne docks.

H. O. Bell-Irving Urges Closer Relations Between Canada and Antipodes

United Press

VICTORIA, B. C., June 25—"It is most desirable that Canada, Australia and New Zealand be as closely united as possible, and we, in our end, should do all that lies in our power to cultivate intimate relations," said H. O. Bell-Irving, of Vancouver, pioneer cannery man of British Columbia, who arrived in Victoria aboard the motorship Aorangi from the Antipodes.

"The present reciprocal treaty between Canada and Australia, which went into effect recently," said Mr. Bell-Irving, "is something that should be cultivated and kept, for it will mean much for both these great dominions. The treaty pact with New Zealand has been in effect for 20 years and has been a boon to manufacturers of these countries.

ANGLO-ITALIAN PACT

Agreement Reported Reached Over Relations With Abyssinia

United Press

LONDON, June 25 — An Anglo-Italian agreement affecting the attitude of Great Britain and Italy in Abyssinia is understood to have been reached.

Great Britain is said to have agreed to recognize the exclusive Italian economic influence in Western Abyssinia and along the route of the proposed Italian railway there, while Italy has agreed to co-operate with Great Britain in securing Abyssinian permission for arrangements to store water to be used in a new British irrigation scheme along the river Nile.

GIFTS PRESENTED

Mr. and Mrs. Samuel Taylor, 69 Water street, West Saint John, entertained about 40 friends at their home last evening, in honor of Mr. and Mrs. Roy Galbraith, whose marriage took place recently. The bride was formerly Miss Beatrice Stinson of Fairville. During the evening Masters Lloyd Totten, Raymond Morrow, Donald and Eric Taylor drew into the room a gaily decorated cart containing many lovely gifts, which were presented by Miss Kathleen Stinson. Dancing was enjoyed, for which Fred Morrow and R. Galbraith provided music. The hostess was assisted in serving dainty refreshments by Mrs. Oscar Taylor, Mrs. R. B. Anderson, Miss Margaret Hennessey, Miss Helen Hall, Miss Marion Stinson and Miss Mildred Morrow.

BOMBS THROWN IN PETRITCH

PARIS, June 25—A despatch from Safia, says that four bombs were thrown in the town of Petritch last night, five persons being wounded. The bombs were hurled by two unknown persons, who succeeded in escaping toward the frontier.

Thirty-seven countries were represented in the 3,000 exhibits at the recent Spring Fair at Lyons, France, and so great was the demand for goods that many exhibitors closed their order books ahead of time with their production capacity booked for months ahead.

EMPIRE AND INDEPENDENCE

Vancouver Province.

We should like to know what General Hertzog is after. Is he for the Empire or is he against it? If he is against it, we can respect him. If he is for it, he will not take about the international independence of the dominions. Because that is the very negation of Empire. And what, applies to General Hertzog applies to all those, whether in the dominions or the Old Country, who come to this discussion with their first words of bonds of union, and their last words of independence. The Empire is a co-operative concern or it is nothing.

Poland is holding a series of national exhibitions called "City Apartments," which include displays of everything pertaining to apartments, from building material to furnishings.
