

IS RE-ELECTED HEAD OF C.W.L.

Miss M. H. McCloskey Again
Diocesan Branch
President

Reports Submitted at Annual
Meeting Held Here—Dele-
gates Are Entertained.

Miss M. H. McCloskey was re-elected president of the Saint John diocesan branch of the Catholic Women's League at the annual meeting held yesterday afternoon in St. Peter's church rooms, when reports were presented and much time was devoted to the discussion of the constitution. The delegates from Moncton presented Mrs. Weldon Belyea, Mrs. McGulgan, Mrs. F. W. Munro, Mrs. McAllister and Mrs. O'Rourke, president of the Moncton branch, and two visiting members from the railway city.

With the city officers the visiting delegates were guests at luncheon at the Admiral Beatty Hotel before the annual session opened.

At the afternoon session reports were received from the delegate to the national convention and from the conveners of committees as follows: Immigration, Miss Elizabeth McInerney; social service, Mrs. F. J. Power; magazine, Mrs. Louis Comeau; and from the secretary, Miss Alice Dever, and the treasurer, Miss Ethel Inch. The reports of the committees on education and organization were given by Miss McCloskey.

ELECTION OF OFFICERS.

The election of officers resulted as follows: President, Miss M. H. McCloskey; vice-presidents, first, Miss Katherine Lawlor, second, Mrs. J. O'Rourke, of Moncton; third, Mrs. Louis Comeau; recording secretary, Miss Katherine Kane; corresponding secretary, Mrs. Weldon Belyea, Moncton, and treasurer, Miss Eva Kelgan.

The members of the Saint John north sub-division under the chairmanship of Mrs. Clement Murphy, assisted by Mrs. Mullin, Mrs. Rush, Mrs. Harold Clarke and others, served a bountiful banquet. The decorations in the hall were very attractive. A group of young ladies waited at the tables most efficiently.

REPORT HEARD.

At the public meeting in the evening Miss Alice Dever gave the report of the national convention. Mrs. Margaret Corkery, president of the Saint John north sub-division, gave an address of welcome and Mrs. McCloskey delivered her address as president.

Delightful vocal solos were sung by Mrs. Edward Cronin. Mrs. M. Quinlan was the accompanist for the evening. The secretary's reports were heard with much interest.

CANADIAN PACIFIC MOUNT COMPARTMENT SLEEPERS

The greatest of satisfaction has been expressed by those who have traveled between Saint John and Montreal in the compartment sleepers, which have been in operation since August last on Canadian Pacific train 15, leaving Saint John at four o'clock in the afternoon, and train 16, leaving Montreal at seven o'clock in the evening.

This class of sleeper has always been operated on the more important lines of the Canadian Pacific, and its adoption lately on the Montreal route has proved very successful, and growing more popular all the time.

The style of compartment sleepers in service here has three compartments, one drawing-room, while the balance of the car is given to observation purposes. Of course the car is fitted up in Canadian Pacific style and standard, and all the arrangements tend to the complete comfort of the occupant. The accommodations offer every opportunity for rest and relaxation, and at the same time give ample chance to view the scenery en route. Each compartment contains one lower and one upper berth, and all toilet facilities, etc., much the same as the regular drawing-rooms; they are what might be termed Private State-rooms, and are considerably less in price than the ordinary drawing-rooms. Patrons desiring strict privacy with all the comforts and accommodations offered in drawing-rooms, or those who heretofore have been unable to secure drawing-room, will find the compartment of the greatest benefit.

TRAIN SERVICE TO P. E. ISLAND EFFECTIVE NOV. 2.

Effective Nov. 2, the Canadian National Railways announce changes in service to Prince Edward Island. Passengers from Saint John and points east to Moncton will leave on No. 44 train leaving Saint John at 7:05 a. m. and leaving Sackville for Moncton at 1:10 p. m. This train will run through to Charlottetown, arriving at 6:30 p. m. Connecting train at Charlottetown will leave Charlottetown at 6:45 a. m. and leaving Summerside at 7 a. m. A morning train will leave Sackville at 7:15 a. m. every week day, arriving at Moncton at 9:30 a. m., and connecting with the train for Charlottetown and Summerside.

Hair Beauty

Thick, Gleamy Hair
—Full of Life

The constant curling and waving demanded by modern style in hair dress, slowly burns the color, lustre and very life from the hair, leaving it dry, faded, brittle, streaked with gray; then the hair roots shrink and the hair falls out fast.

A 98-cent bottle of refreshing, fragrant "Dandine" will do wonders for any girl's hair. This vitalizing beauty- tonic acts on the hair like fresh showers of rain and sunshine act on vegetation. It goes right to the roots, invigorates, nourishes and strengthens them, helping the hair to grow thick, healthy and luxuriant.

Try this for one week! While combing and dressing your hair, moisten your hair brush with a little "Dandine" and brush it through your hair—the effect is startling! Your hair immediately takes on new life and that healthy, youthful lustre, becomes incomparably soft, wavy and appears twice as thick and abundant.

BUSINESS LOCALS

48¢ card social in St. John the Baptist Hall, Broad street, Wednesday night, 8.15. Tickets 85c. 10-29

MASS MEETING, TONIGHT, STAR THEATRE, NORTH END.

WILL HOLD THE NOON SUBUR- BAN.

On Thursday, Oct. 29th, the noon C. N. R. Suburban Train scheduled to leave for Hampton at 12.30 p. m., will be held until 1.20 p. m.

Probe Into Shanghai Disorders Adjourns

Canadian Press.

SHANGHAI, Oct. 28.—The international commission which has been holding an inquiry into the Shanghai disorders of May 30, last, has adjourned sine die. It reserves the right to call for further evidence. The commission began its inquiry several weeks ago, in an endeavor to fix the responsibility for the disorders which, beginning with a strike demonstration, culminated in the killing of a number of Chinese. Judge E. Finley Johnson, of the Supreme Court, of the Philippine Islands, presided.

Equinoctial Storms Are Myth Says Weather Bureau Expert

WASHINGTON, Oct. 28.—"Equinoctial storms" are a myth and have no standing in meteorology. They are "line squalls."

"There is no maximum of storm frequency, according to statistics, either in this country or in Europe, close to the date of either equinox," according to the American Nature Association which publishes an extended statement on the point in Nature Magazine.

C. F. Talman, of the United States Weather Bureau.

"Of course in the long run many storms do occur about these dates, just as they occur at all other times," the writer points out, "but there is no logical reason for supposing their occurrence can be connected in any way with the sun's passage over what the schoolboy described as a 'managerial lion running around the earth.'"

"An 'equinoctial' is looked for in the United States particularly in the autumn. The autumnal equinox occurs during the season of West India hurricanes, and it occasionally happens that the date of this character sweep up our eastern seaboard within a week or two of the date in question, extending their influence far inland. These events have probably helped to foster the widespread belief in autumnal equinoctial storms."

"Violent upward and downward movements of the air prevail in all seasons and thunderstorms. This fact has been known for many years, but it has only recently assumed practical importance. Formerly only the birds and occasional balloons were whirled aloft or dashed downward by vertical gales, but today such gales threaten the lives of an army of aeronauts."

"Squalls, like tornadoes, are of such brief duration and generally of such limited area that they defy prediction by means of the ordinary machinery of weather forecasting."

"As to storms, the 'Big Wind in Ireland' January 6-7, 1839, according to contemporary newspaper accounts, was one of the great weather disasters of modern times."

"The 'Great Storm' of 1703 is supposed to have been the most severe tempest that ever visited the British Isles. It cost the lives of many, and 8,000 lambs, including some 1,500 men of the Royal Navy."

"The Barbados Hurricane of 1780 was

probably the most destructive hurricane that has occurred in the West Indies."

"Saxby's Gale swept over eastern Canada with terrific force October 4, 1869. It owes its name to the fact that it was predicted by a Lieutenant Saxby, of the British Navy."

"In the Backus Cycle, October, 1876, more than 100,000 people were drowned by the storm waves over the Ganges Delta."

"The Blizzard of March 11-14, 1888, also known as the Great March Blizzard, 'the New York Blizzard,' and, in New Hampshire, as the 'Townmeeting Storm,' is historic."

"The Samoa hurricane of March 16, 1889, wrecked American and German warships in the harbor of Apia, with heavy loss of life."

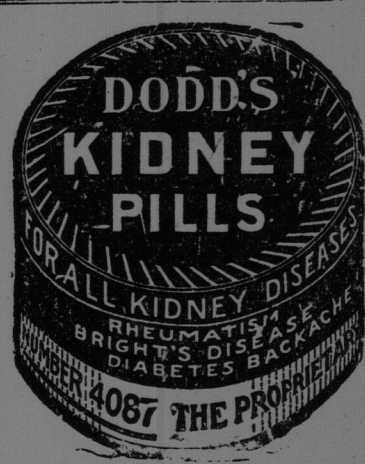

"The St. Louis Tornado of May 27, 1896, was the most destructive of the tornadoes that have occurred in large American cities, the others being the Louisville Tornado of 1890 and the Omaha Tornado of 1918."

Bringing in the Sheaves.
(Chicago Journal of Commerce.)

Amy Lowell was a strange character among poets. She accumulated \$800,000 in stocks, bonds, mortgages, notes, insurance and cash. If there were any cats and dogs in her list of stocks worth over half a million, they were not disclosed. She was no garret poet.

York-Sunbury—W. Osborne, Lib., 6,911; R. B. Hanson, Con., 7,777.

New Brunswick, with 11 seats, returned in the general elections of 1921 five Liberals, five Conservatives and one Progressive. Owing to a by-election in Kent, Dec. 20, 1923, the representation at dissolution on Sept. 5, 1925, was: Liberals four; Conservatives five; Progressives, one; one seat (in Saint John-Albert), last held by a Conservative, being vacant.

New Brunswick will return 11 members in 1925, representation being unchanged by the Redistribution Act of 1924.

Only Arctic Caboose Is Erie R.R. Exhibit

SUSQUEHANNA, Pa., Oct. 23.—(United Press).—An old time Erie Railroad caboose that has been in Arctic regions for four years sits on a siding alongside the Erie station here. On it is the following inscription:

"This caboose was loaned Lieutenant Peary by the Erie Railroad and went on his expedition in 1899; was used as a deckhouse on the ship, Windward, and it is the only railroad car ever sent to the Arctic regions."

While Peary's ship was being fitted out alongside the Erie dock in New York harbor, Lieutenant Peary caught sight of the caboose and asked for the loan of it for his trip. It was in the polar regions for four years and recently the railroad had it returned to be used as an exhibit.

SERIOUS DAMAGE DONE By Palermo Storm

CANADIAN PRESS.

PALERMO, Oct. 28.—A violent storm which whipped up huge seas and drove the water into the lower part of the city yesterday, caused serious damage. Several persons were slightly injured by falling bricks and stones from the buildings. All telegraph and telephone lines were broken down.
