BELVEA TO ROW IN SECOND HEAT

J. Durman, Huestis and Dibble His Opponents

Fine Weather for Opening of Henley Regatta at Saint Catherine's—Lightweight Crown Nearly Knocked off Leonard's Head Last Night

(Special to The Times)

St. Catharines, Ont., July 28.—Hilton Belyea will not have to wait until tomorrow to test supremacy with Bob Dibble of Toronto, who claims to be in better condition than last year, when the St. John oarsman wrested the Canadian championship away from him, for both have been drawn together in the second heat of the senior singles to be rowed tonight at 7.30.

The association has decreed that all senior events shall be rowed straightaway the full Henley distance of one mile, 550 yards. Only the junior events are a mile and a half with a turn.

Around Dibble's quarters one hears a lot of talk about the Don man's excellent condition and chances, but this is accounted for by the fact that the course is so near Toronto. Belyea has plenty of supporters among the visitors from other points who know an oarsman and when he is fit. Wesley Durman of Toronto, Gilmore of Philadelphia, McGuire of Buffalo and Hartman of Detroit will meet in the first heat at seven o'clock.

The second heat, half an hour later, will find John Durman of Toronto, Huestis of Toronto, Belyea and Dibble fighting it out.

The first two in each heat will row in the final tomorrow afternoon.

St. Catharines, Ont., July 28.—Weather conditions were auspicious this morning for the opening of the Canadian Henley regatta and the senior events were arranged for this morning, commencing at 10.30, the senior events this afternoon. There was a cloudless sky this morning and a steady wind.

Most of the oarsmen were practicing over the course yesterday afternoon and, judging from the trials, some good rowing should be seen during the regatta.

The draw for today's senior singles is as follows:—

First heat—Argonauts, W. Durman; Bachelor, Berge Club, Buffalo, E. McGuire; Detroit Club, S. Hartman.

Second heat—Argonauts, J. Durman; University of Toronto, H. Huestis; St. John Club, Hilton Belyea; Don Club, R. G. Dibble.

Some Results. Later.

St. Catharines, Ont., July 28.—Junior fours:

First heat—Brockville R. C. C., Washburn, A. Finlay, R. Phillips, J. Grimshaw, stroke; 2—Dons R. C.; Argonauts R. C., Hamilton R. C. did not finish. Time 9.15.

Brockville got away to a good start and led at the turn with Dons A. C. a close second. The Brockville crew rowing a great race, crossed the finish line three lengths in front of Dons. Argos were a rather bad third while Hamilton R. C. was outclassed and did not finish.

Junior fours: Second heat—Dons R. C., Toronto, D. Holden, J. H. Hat, W. C. Airth, C. R. Norris; 2—Argos R. C., Toronto, R. J. Lane, R. Moffitt, C. Hurst, D. Abbott. Time 9.38.

Ottawa, R. C. won their entry in the second heat so that both the Dons and Argos qualified for the finals. The Dons were easy winners by fifteen of twenty lengths.

Leonard's Crown Wobbed

New York, July 28.—Benny Leonard still holds the world's lightweight boxing championship, but he realizes that Lew Tendler, Philadelphia left-hander, is no "second rate" champion since 1917, when he defeated Freddie Welsh and gained a spell. Leonard walked out of the ring last night with the crown perched far back on his head. Tendler put it there. Had the challenger been a right-hander, he would have knocked it off. Leonard won by the palest of shades.

The bout went the full 12 rounds and under the law of New Jersey there was no official decision. The verdict is that of a majority of newspaper writers at the ringside.

Silent throughout the days of training to the belittling statements that Leonard made about him, Tendler gave his answer last night. It came hard and straight from his left shoulder. Leonard had predicted that he would finish Tendler within seven rounds. In that period Leonard brushed aside blood that trickled from his brow, turned his head to one side, spat out a tooth and grunted dissatisfaction.

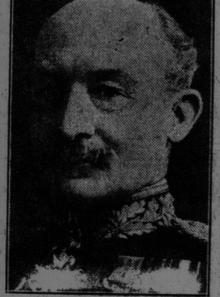

The champion of yesterday is the champion of today because he had the reserve strength to take the lead when Tendler faltered after basting him all over the ring for four rounds. Leonard was visibly dazed until this juncture—dazed and amazed. He said afterwards that he was stunned by a "but" in the first round from the challenger's head. Tendler said it was from a cuff from his left hand. After the fourth Benny swept the cobwebs from his head with both hands.

His Rally

The rally of the titleholder in the fifth, sixth and seventh rounds nettled and rattled the Philadelphia, but in the eighth Lew came back for a spell. Leonard brought him back with two right belts to the jaw. Tendler blinked. They clinched. Tendler then shot a left, another and then another, all to the champion's jaw. Leonard's knees sagged and he clutched Tendler's shoulders, resting there.

There was almost as much conversation, bitter colloquy, as there was fighting in the ninth. They were even on both scores. Tendler was annoyed in the tenth by the champion's pestering the two hands. So Leonard let up and then finished. Tendler was fooled. He

COUNTESS FOUND DEAD IN BATH

LONDON, July 28.—The Countess of Essex widow of the seventh Earl of Essex and daughter of the late Bessie Grant of New York, was found dead in her bath in her London residence today. Her marriage took place in 1893.

stepped back away, turning from his antagonist, Leonard sprang like a hair-trigger and straight rights and lefts to head and body sent Tendler hurtling to the ropes. Tendler fought back, but the song stopped that.

They both missed often in the last two rounds, but Leonard's sharp-shooting right was the more accurate. He shifted it from jaw to body and back and back. Both tried for finishing blows, and though short uppercuts from each hit their marks, they lacked power.

They danced quite a bit and were sparing when the chapter was closed. Tendler, always a body crusher, employed a style unexpected of him. Perhaps it was strategy. Anyway his attack was diversified, especially after he had been warned repeatedly for striking dangerously near the foul line. Yet Leonard's defence had much to do with this. Tendler found that he could not pump both hands indiscriminately into the champion's torso. Leonard's big failure was in his legs. Not until near the finish did he prance about as is his wont, striking and darting away.

Big Pot for Rickard

After Tex Rickard announced today that the receipts from the Leonard-Tendler fight were about \$450,000, fight fans figuring Leonard's share, which was 42 1/2 per cent of the gross, estimated that the lightweight champion would get about \$191,250, while Tendler would receive about \$80,000 on a basis of 20 per cent. Rickard's expenses for the battle were reckoned at \$15,000 aside from the fighters' shares, and his profit was declared to be \$163,750.

MORE HOPEFUL OF RAILWAY PEACE

Railway Labor Board May Deal With Trouble.

Plan for Settlement to be Submitted on Tuesday in New York—Disorders Spread—Varying Reports to Canadian Situation.

(Canadian Press)

Chicago, July 28.—Plans for peace in the railway strike again today seemed to be assuming a more tangible form, and the hope was expressed that the 400,000 shopmen would soon resume work and submit their grievances, including the question of seniority rights to the U. S. railway labor board.

An announcement that a plan for settlement of the walkout would be put before a meeting in New York Tuesday, of executives of 140 of the largest railways, was made by T. D. Cuyler, chairman of the Association of Railway Executives, after a conference with President Harding. A statement by the president indicated that he would ask the labor board to grant the shopmen a hearing. This was taken in rail circles here to mean that the rail chiefs would be asked to leave settlement of the issue involved to the board.

While the conference at Baltimore of B. and O. officials with their striking workmen reported to have progressed smoothly toward an agreement, B. M. Jewell, head of the shopcraft workers, was withholding approval of the preference and common stocks of the national settlement had been thoroughly discussed.

There was a noticeable increase in the number of reports of violence reaching here from as far as San Bernardino, Cal., and as far east as Concord, N. H.

Twenty-six disputes involving wages were working conditions on various roads were filed with the railway board by E. F. Grable, chief of the maintenance of way men's union, in accord with the peace plan adopted by him.

GRAND TRUNK APPEAL LOST

Judicial Committee of Privy Council in London Dismissed it Today.

London, July 28.—(Canadian Press Cable)—The Grand Trunk Railway shareholders' appeal to the privy council today by the judicial committee of the privy council.

The appeal was from a decision of a majority of the members of the board of arbitration created to ascertain the value of the preference and common stocks of the applicants upon the acquisition thereof by the Canadian government. The main question involved in the appeal was the correctness of the decision of the majority of the arbitrators in excluding as inadmissible the evidence of the value of the physical assets of the Grand Trunk Railway Company and their subsidiary companies, which was tendered by the appellants.

The majority of the arbitrators, Sir Walter Cassels, chairman, and Sir Thomas White, decided that the preference and common stocks had no value. Hon. W. H. Taft, former president of the N. S., the other member of the board of arbitration dissented from the award, and made an appropriation of the whole of the preference and ordinary stocks at the sum of \$48,000,000.

EXTRA WINNINGS ORDER OF THE DAY

Schang's Homer Wins in the Eleventh for Yankees.

Seven Pitchers Used in Contest—Third Straight for Giants from Cardinals—Cobb's Men Get Only One Run in Washington.

(Canadian Press)

New York, July 28.—Wallie Schang decided an eleven inning thriller put by the Yankees in St. Louis with the Browns by knocking out a homer and clinching the game, 6 to 5. Three pitchers climbed the mound for the Yankees while the Browns used four in their efforts to sustain their hold on first place.

Wallie Ripp started the fireworks in the fourth inning with a circuit clout. It was responsible for bringing in three runs and scored two himself.

The Giants at the Polo Grounds won their third straight from the Cardinals, 12 to 7, in an old fashioned slugfest. Barney pitched the whole distance for New York, while the Cardinals tried four moundmen in an attempt to hold down the battling averages of the McGrawites. St. Louis collected four runs in the first inning to New York's two. They tied in the third and the Giants from then on could not be stopped.

The Sox, white and red, played a tight ball for ten innings before the Chicago outfit was able to take two runs, 4 to 3, by piling up two tallies with one out in the last half of the tenth.

It also took the Braves on their home field ten innings to beat the Cubs, 8 to 7. Powell's triple and Nixon's single turned the trick, with two out.

The Cleveland and Athletics put up a war dance that left the Indians bemounged with a defeat of 11 to 2. Coveleskie, who had won six straight games for the Indians, was replaced by Bagby and Mails, but the team from the Quaker City always found the ball.

A seventh inning rally by the Phillies was broken by Williams' slugger, who gave the home team a victory of 6 to 5, over the Reds. It was Williams' 15th home run of the season.

Washington knocked Cobb's Tigers at home to the tune of 9 to 1. Detroit got its score off Zachery in the fifth inning. Rain prevented the game between the Dodgers and the Pirates.

COAL SITUATION

Washington, July 28.—Three coal carrying railroads, the Norfolk and Western, Chesapeake and Ohio, and Louisville and Nashville have declared embargoes over their lines against the acceptance of any freight except foodstuffs, live stock and fuel.

In Toronto.

Toronto, July 28.—Prominent coal dealers, who assembled at the city hall yesterday at the request of Mayor Maguire to discuss the local situation, could say only that they would like the city to wait until the U. S. strike is settled, and then they were sure that the needs of the citizens could be met.

The Canadian Manufacturers' Association, through J. M. McIntosh, and the board of trade, through D. A. Cameron, joined to discuss the coal men in the one thing about which they were all unanimous—that they did not want the city council to import coal from Wales.

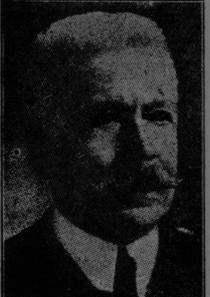

Mayor Maguire said that hopes which dealers expressed about the early settlement of the strike would not heat Toronto. Action was necessary, and his worship was clear in expressing the opinion that, in view of the little assurance which the coal dealers were able to give, there was every ground for the city finding a supply of coal from wherever it was possible to obtain it.
