Used in Millions of Tea-Pots Daily

INTERESTING PAPERS HEARD BY TEACHERS

Fredericton, N. B., June 30.—When parental influence is on the side of the teachers there seldom is any trouble in the schools, said Prof. Sinclair Laird, dean of the school for teachers, McDonald College, Montreal, addressing the Teachers' Institute of New Brunswick here last evening. He urged closer co-operation between parent and school children and more regard for the development of the individual lives of the pupils than for mere passing of examinations.

Hon. Dr. W. F. Roberts, provincial minister of public health, spoke on the relationship between public schools and public health.

In the afternoon L. W. Simms of St. John urged greater attention to vocational training and a paper by Mrs. R. A. Jamieson of St. John on the parent's view of the proper relation between school and home was read by Dr. H. S. Bridges in the absence of Mrs. Jamieson.

Fletcher Peacock director of vocational training for New Brunswick expressed his great appreciation for Mr. Simms' address.

Dr. George B. Oulton, of Moncton, asked what the connection is between vocational training and the schools.

A. J. Brooks, school inspector for the county of Kings, thought that the need of vocational training should first be pointed out before it was carried on.

The next number was a paper by Mrs. R. A. Jamieson, of St. John, on the subject of "The proper relation between the school and the home, from the parent's point of view." In the absence of Mrs. Jamieson the paper was read by Dr. H. S. Bridges, of St. John. This paper was read at the St. John county institute at its last meeting.

The officers elected were as follows: President, Dr. B. C. Foster, Fredericton; first vice-president, Miss Ella Thorne, Fredericton; second vice-president, Miss

Sarah Fullerton, St. John; secretary-treasurer, A. S. McEldon, Fredericton. The chairman of committees for the counties are: Acadia, Kathleen K. Kirk; Gloucester, Inspector Doucet; Northumberland, G. H. Harrison; Kent, Norman McEwen; Westmorland, William L. Barker; Albert, Inspector O'Brien; Kings, C. T. Wilmot; St. John, W. J. S. Miles; Charlotte, Grace Connelley; Queens, Anna Jackson; Sunbury, Mrs. E. Burt; York, W. M. Burns; Carleton, C. D. Dixon; Victoria, Miss Besse M. Fraser; Madawaska, Anna Kelly; city of St. John, Joseph Harrington; city of Moncton, Dr. F. J. Oulton; city of Fredericton, Dr. B. C. Foster.

SAID TO BE KING OF DRUG GANG

In the police court yesterday afternoon a case against Laurent Delgise, charged with having in his possession morphine and cocaine for other than medicinal purposes, was resumed. Dr. F. R. Taylor, K.C., who is acting for the department of justice, said that the authorities at Ottawa suspected the accused to be king of a gang which is carrying on an illegal sale of drugs. William E. Haslam, customs appraiser, said that in December 1919 the accused arrived on the S. S. Empress of France and he had several pieces of baggage with him but he told the officials it had not all been taken aboard. On examination it was found that the bag contained white crystals which the accused said was sulphate of quinine but said later there was morphine among the goods. J. H. Hamilton, customs appraiser, said he saw invoices which showed the value of goods at 2900 sterling. The case was postponed until this morning. J. A. Barry, counsel for the accused asked for bail but it was refused.

PRIZES AWAIT OWNERS

The holders of tickets Nos. 6,850, 11,668, 2,246 and 3,823, which won prizes at the street railway men's picnic have not been located. They may secure their prizes by applying to H. J. Barton, 250 Waterloo street.

WARDS ORGANIZE FOR PROHIBITION

Representatives of Landdowne, Lorne and Dufferin wards held a largely attended organization meeting in the Main Street Baptist church last night, under the direction of Rev. J. C. B. Appel, where the first plans for a ward prohibition campaign were discussed. Officials for the various wards were elected, with the following results: Lorne, chairman,

H. R. Roberts; vice-chairman, W. J. McDonald; secretary, A. Hartley Case. Landdowne, chairman, Charles R. Wason; vice-chairman, S. Walter McMacdonald; secretary, Mrs. Harriett Deane; Dufferin, chairman, L. H. Thorne; vice-chairman, Charles McConnell; secretary, T. A. Armour. Arrangements were made for further meetings and it was decided to hold a mass meeting, probably outdoors, following the church services next Sunday night. Representatives

were present from all the North ward churches, the I. O. G. T. L. O. F. A. and the Temple of Honor.

A joint meeting of all prohibition works from Brooks and Guys wards, West End, was held last night in the Carleton Methodist church. After a general discussion of plans separate ward meetings were held under the chairmanship of Major Norman McLeod of Brooks ward and Walter D. Thompson of Guys ward.

Now Keep Cool! It Isn't Costly

We aren't really admonishing you what to do but we are most desirous of telling Dad, Mother, all the family, to thoroughly enjoy July 1st and all the other days to come by being properly attired. It costs little if you shop here.

Wednesday, Friday, Saturday

MEN'S SUMMER CAPS

85c. each

We've assembled a new lot as good as the last.

MEN'S PANAMA HATS

\$4.85

For any hat

They're worth up to \$10.00 each

For the Sake of Whiter, Safer Teeth

All Statements Approved by High Dental Authorities

It Is Film that causes men's teeth to discolor, and that holds tobacco stains.

It Is Film that clouds women's teeth, spoils their glistening beauty and is the basis of tartar.

It Is Film which is responsible for decay in children's teeth. It is the source of most tooth troubles.

There is on your teeth a slimy film. You can feel it with your tongue. It clings to the teeth, gets between the teeth and stays.

The tooth brush doesn't end it. The ordinary dentifrice does not dissolve it. So it clings and, night and day, it may do ceaseless damage.

The Tooth Wrecker

That film is the great tooth wrecker. Most tooth troubles are now traced to it.

The film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of many other troubles, local and internal.

That is why well-brushed teeth so often discolor and decay, why tartar forms and pyorrhea starts. You leave much of that film.

Tooth troubles are constantly increasing, as statistics show, despite the wide use of the tooth brush. And the reason lies in that film.

Now We Combat It

Dental science, after years of searching, has now found a way to combat film. Able authorities have proved it by convincing clinical and laboratory tests. Thousands of dentists have proved it, and at least a million people.

The results are seen everywhere in cleaner, whiter teeth. Some of your own friends have them.

For home use, this method is embodied in a dentifrice called Pepsodent. And this week you can test it at our cost.

Based on Pepsin

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

Pepsin long seemed impossible. It must be activated, and the usual method is an acid harmful to the teeth. But dental science has discovered a harmless activating method. And that method, used in Pepsodent, enables all to daily use this efficient film combatant.

Watch the Results

We urge you to present the coupon. Get the 10-Day Tube and use like any tooth paste. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how the teeth whiten—how they glisten—as the fixed film disappears.

Compare the results with your old methods. Then let your own teeth decide the method best for you and yours.

This is of lifetime importance. Don't neglect it. Cut out this coupon so you won't forget.

Pepsodent

REG. IN

THE NEW-DAY DENTIFRICE

An efficient film combatant, proved by years of clinical and laboratory tests. Now advised for daily home use by leading dentists everywhere.

The Store Named Below Will Supply the Free Tube on This Coupon

ROSS DRUG CO., LTD.,
