ANXIOUS TO SEE US IN THE LEAGUE

Boston Sporting Writer Publishes Bit About St. John and the New England Project.

Paul H. Shannon, in his baseball column in the Boston Post on Dec. 30, had the following of interest here:
"Down in St. John, N. B., they are banking very strongly upon securing a franchise in the New England League. The city government as well as the board of trade are right behind the men promoting the scheme, and it has been suggested that \$20,000 be subscribed toward the erection of suitable stands and fences. In short, they are baseball-mad down that way, and as Hughie Duffy has written a very strong letter recommending Jack Flynn, the old Holy Cross and Pittsburg players, as prospective manager, the chances are that Jack will hear from the St. John people very shortly. St. John is wild to get into the sport, and many of the New England League heads are anxious to see the provincial sportsmen gratified."

Recovering.
Toronto, Jan. 2—All indications are that Sir Adam Beck is on the way to recovery from the attack of pneumonia which he contracted while going to England shortly before Christmas.

"Is it my money he is after? a woman used to murmur when a man came around whispering fine things."
"Well?"
"Now she says, 'Is he after my vote?'"
—Louisville Courier-Journal.

It's a pretty strong claim to say a cigar is the best on the Continent.

But we claim this distinction in the 7c field for the Pippin.

7c will entitle you to one — a quarter will secure you 4.
