There Is No Mystery About Our Premium Plan

We manufacture about 400 lines of our own and they are the goods that we are forcing the sale of.

To sell these goods by the usual plan is to send out travelers and carry expensive advertising, etc., which will cost over 40 per cent. We have discontinued all advertising except what applies to our store, and are taking our travelers off the road and are instead giving the purchaser of goods from us 25 per cent and making the other 20 per cent ourselves. Is this not a good business proposition?

On lines that we sell that are not of our own manufacture, we give the customer a discount on all the goods through our coupons, but we do this in order to
