

F. 30162-2

Ottawa. May 12th. 1939.

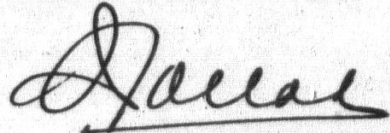

Gentlemen:-

The Department is in receipt of a statutory declaration, through our agent at Bella Coola, regarding timber license No. 224 (Katit Reserve), but it is noted that you have failed to give any reason why no cutting was undertaken on the reserve last season.

Sec. 13 of the Timber Regulations stipulates that no renewal of any license shall be granted unless the limit covered thereby has been properly worked during the preceding season, or sufficient reason be given under oath, and the same be satisfactory to the Minister, for the non-working of the limit.

Such declaration is therefore herewith returned with the request that you will be good enough to have it amended in conformity with the regulations.

Yours very truly,

D.J. Allan
Superintendent
Reserves & Trusts.

Pacific Mills Ltd.
Ocean Falls. B.C.
